Kakanuo Beige Touch table lamp

INTRODUCTION

A sophisticated and adaptable lighting option, the Kakanuo Beige Touch Table Lamp is made to improve the atmosphere of any office, living area, or bedroom. These two nightstand lights, which have a futuristic spiral cage base design, give any decor a modern feel. Its 3-way dimmable touch control, which lets users change brightness levels with a single tap, is one of its best features. Furthermore, it has USB-C and USB-A charge connections, which guarantee easy device charging without the need for additional adapters. This lamp set costs **\$64.99** and is made by Kakanuo, a company renowned for its creative lighting solutions. It blends design and functionality with its corded electric power supply, energy-efficient lighting, and matte finish. This Kakanuo model is a great option if you're searching for a bedside lamp that is both fashionable and useful.

WHAT’S IN THE BOX

- lamp
- Power Cable
- Bulb
- User Manual

PRODUCT OVERVIEW

FEATURES

- Two matching lamps for a unified living room or bedroom arrangement
- Three-Way Interaction Dimmable to allow for different brightness levels
- Convenient device charging via USB-C and USB-A charging ports

- Stylish lampshade made of beige fabric for warm, gentle illumination
- A sophisticated touch is added by the modern spiral cage base design.
- Matte metal finishing for a modern, streamlined appearance
- With dimensions of 7.6"D x 7.9"W x 18"H, it is small and saves space.

- Consistent operation is ensured by the corded electric power source.
- An energy-efficient light source that contributes to electricity conservation
- Perfect for offices, living rooms, and bedrooms for a variety of uses
- For hassle-free functioning, no batteries are needed.
- It is easy to maneuver thanks to its lightweight design (4.24 lbs total).
- Warm white temperature of 2700K for a comfortable atmosphere
- Long-lasting use because to the sturdy metal and porcelain construction
- For optimal light diffusion, the shade height should be 18 inches.

SETUP GUIDE

- Carefully unpack the lamps and take off all of the protective packing.
- Before assembling, make sure all the parts are present.
- For safety, place the lamps on a stable surface.
- To stop the lampshades from wobbling, firmly attach them.
- Put compatible light bulbs into each lamp (they are not included).
- Using the corded electric connector, plug the lamps into a power outlet.
- Tap the base to test the Touch Control feature.

- Utilize the three-way dimmable feature to change the brightness.
- To charge devices, connect them to USB-C and USB-A ports.
- For the finest lighting effect, place the lamps in the area of your choice.
- To avoid overheating, make sure there is adequate air circulation around the lamps.
- Avoid moisture and water to prevent electrical risks.
- To avoid damage, stay away from using high-wattage bulbs.
- Fasten loose cords to prevent trip risks.
- To prolong the longevity, turn off when not in use.

CARE & MAINTENANCE

- Dust the lamp shade. Frequently using a gentle, dry cloth
- To preserve the matte look, wipe the metal base down with a moist cloth.
- Examine USB ports for any dust buildup and clean them as necessary.
- For reliable lighting, make sure the bulbs are installed correctly.
- For safety, unplug before cleaning.
- Steer clear of harsh cleaners that could harm the finish.
- To avoid moisture damage, store in a dry location.
- Avoid overloading USB ports in order to preserve charging effectiveness.
- For safety, periodically check for loose wiring.
- To prolong the life of your lightbulbs, use energy-saving LED bulbs.
- Avoid direct sunlight to avoid discolouration.
- Make sure there is enough ventilation to dissipate heat.
- To avoid damage, do not pull the power cord.

- To guarantee correct operation, test the touch sensor on a regular basis.
- Switch off when not in use to save electricity.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lamp not turning on	Power cord not plugged in	Ensure the lamp is properly connected to a working outlet
Touch control not responding	Touch area not tapped properly	Tap the metal base gently to activate dimming levels
USB ports not charging	Device not compatible or using a faulty cable	Use a different charging cable or test with another device
Flickering light	Loose bulb or power fluctuations	Secure the bulb properly and check the power supply
Lamp too dim	Incorrect brightness setting	Adjust the brightness using the 3-way touch control
Overheating	Prolonged use or poor ventilation	Turn off the lamp for a few minutes to cool down
USB charging is slow	High-power device connected	Use an alternative power source for fast charging
Shade appears tilted	Improper assembly	Adjust and tighten the lamp shade properly
Touch feature not working consistently	Moisture or dirt on the base	Clean the metal base with a dry cloth
Bulb not working	Faulty or incompatible bulb	Replace with a compatible energy-efficient bulb

PROS & CONS

Pros:

- 3-way dimmable touch control for easy brightness adjustments.
- Built-in USB-C and USB-A ports for convenient device charging.
- Modern spiral cage base design adds an elegant touch to any room.
- Energy-efficient light source with warm 2700K illumination.
- Durable metal and porcelain construction ensures longevity.

Cons:

- Corded electric design may not be suitable for all setups.
- Not battery-operated, limiting portability.
- Limited to warm white lighting without color-changing options.
- Shade height of 18 inches may not fit all nightstands.
- USB charging speed may be slower compared to dedicated chargers.

WARRANTY

The Kakanuo Beige Touch Table Lamp comes with a standard manufacturer's warranty, covering defects in materials and workmanship. It is recommended to check the official warranty details upon purchase or contact the manufacturer for specific terms.
