kakoya Flickering Flameless LED Candles

INTRODUCTION

Your home will look nicer and feel warmer with the Kakoya Flickering Flameless LED Candles. They do this without the danger of an open flame. These LED candles are made to look like real candles. They use flickering light technology to make the glow and movement of a real flame look like an LED candle. This makes them great for bedrooms, living rooms, or any other room where mood is important. These candles are easy to use and come with a remote control that lets you change the brightness to suit your mood. They are powered by two AA batteries. They are cordless and movable, so you can put them anywhere in your home. The first ones came out in 2023 and cost \$27.99 each. These flameless candles are safe and use little energy. They are made by Kakoya and are a great addition for people who want a calm, candlelit space without the mess or stress.

WHAT'S IN THE BOX

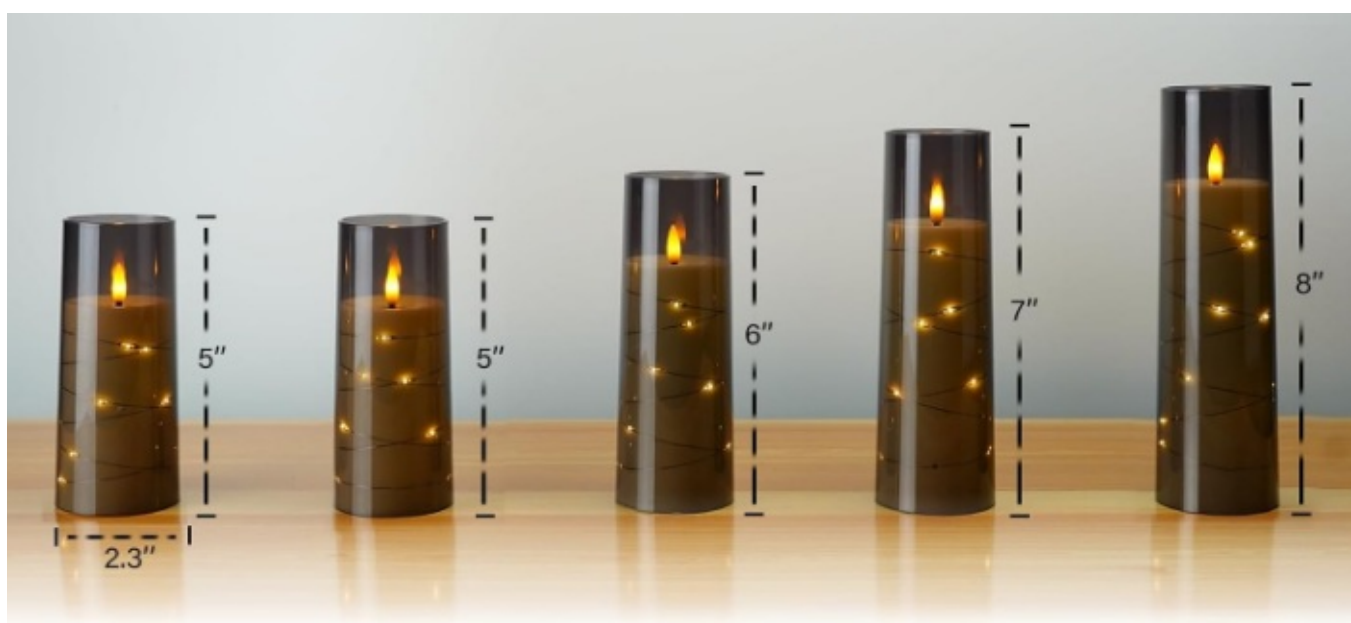

- LED Candles
- Battery
- Manual

PRODUCT REMOTE

FEATURES

- **String Lights Built In:** Each candle has string lights built in that flicker like real flames, making the room feel warm and welcoming.
- **Safe and Easy:** These flameless candles have a plastic shell that makes them look like regular candles but without the dangers that come with open flames.
- Each flickering candle needs two AA batteries, which are not included. This makes it easy to power them without having to worry about wires.
- **Size Options:** The set comes with five candles that range in height from 5 inches to 8 inches and have a diameter of 2.3 inches. This means that they can be used in a variety of ways to decorate.

- **timed Function:** If the candles have a timed function, you can set them to automatically turn on and off at the same time every day. This makes them easier to use.

- **Perfect for Important Events:** It creates a calm and romantic mood that is perfect for weddings, anniversaries, and other important events.
- **Cordless Design:** Because it's cordless, you can put it anywhere in your home without worrying about where the electrical sources are.
- **Adjustable Lighting:** The flashing effect can be changed to make the light brighter or softer, depending on the situation.
- **Remote Control Operation:** It's easy to use the remote to control the lights and make changes to the settings while you're away.
- **Durable Construction:** These candles are made with stable plastic so they can stand up to regular use and give you years of pleasure.
- **Light:** These lights are easy to move around and handle because they only weigh 1.43 pounds.
- **Realistic Flicker:** The flickering flame effect looks a lot like a real candle, which makes your place look better overall.
- **Simple To Use:** These candles are easy for people of all ages to use, even those with pets or children.
- They add a bit of class and charm to any room, which makes them a great addition to your home decor.
- Affordably priced at \$27.99, this item is a cheap way to add style to your home without sacrificing quality.

SETUP GUIDE

- Carefully take the flameless candles out of the box and look for any parts that are missing or broken.
- **Check the Requirements for Batteries:** Each candle needs two AA batteries, which are not included.
- **Putting Batteries in:** Open the battery box on the bottom of each candle and put the batteries in, making sure they are lined up with the polarity markings.
- **Choose Candle Heights:** From the five choices (5", 5", 6", 7", 8"), pick the candle height you want for your arrangement.
- **Place the Candles:** Choose where to put your candles, whether it's on a table, the mantel, or some other surface that will work.
- **Use the Timer Function:** To set the timer, follow the directions that come with it. Then, set it to turn on and off at the same time every day.
- **Arrange for Aesthetic Appeal:** Arrange the lights in a way that looks good, using a variety of heights to keep things interesting.
- **Pair with Other Decor:** You could pair the candles with flower arrangements, table sets, or other things that are meant to look nice.
- **How to Use the Remote Control:** To use the remote control to turn the lights on or off or change the settings, point it at the candles.
- If you want to see how the flashing effect looks, light the candles and move them around as needed.
- **Safe Outside:** If you use the lights outside, make sure they are on stable surfaces that are out of the way of strong winds.
- **Plan for Events:** If you're using the lights for a special event, set them up ahead of time so that everything is ready when your guests arrive.
- **Rotate Your Decor:** To keep your decor fresh and interesting, switch up the way the candles are arranged every so often.
- **Placement:** Once everything is set up, make sure the candles are stable and won't fall over.
- **Enjoy the Mood:** Once everything is set up, relax and enjoy the soft glow of the flameless lamps.

CARE & MAINTENANCE

- **Dusting:** To keep the candles looking clean and new, dust them often with a soft, dry cloth.
- **Check the Battery box:** Check the battery box for corrosion or damage every so often, and replace the batteries if they get damaged.
- **Avoid Too Much Moisture:** To keep the electrical parts from breaking, keep the candles away from water or too much moisture.
- **How to Store:** Keep the candles in a cool, dry place when not in use to keep their quality and stop dust from building up.
- **Check for Damage:** The plastic shell and internal parts should be checked regularly for signs of wear or damage.
- **Carefully Move:** Be careful not to break or damage the candles by chance when you move them.
- **Keep Pets Away:** To avoid mistakes, make sure pets can't get to the candles.
- **Avoid Direct Sunlight:** Put the candles somewhere out of direct sunlight to keep the colors and materials from fading.
- **Clean Up Spills Right Away:** If there are any spills, clean them up right away with a wet cloth to keep them from staining.
- **Rotate the Decor:** To keep your display looking new, move or rearrange the candles every so often.
- **Fix any damage:** If the candles get damaged, fix it right away to keep their look and usefulness.
- **Test Functionality:** Make sure the lights are working right by testing their flickering effect and timer function on a regular basis.
- **Use the remote sensibly:** Make sure the batteries in the remote control are new and working so it's easy to use.
- **Let the Candles Air Out:** If the candles smell bad when you first open the box, let them air out in a well-ventilated area.

TROUBLESHOOTING

Issue	Possible Solution
Lights do not turn on	Check battery installation or replace it with new batteries.
Remote not responding	Ensure the batteries in both the remote and candles are fresh.
The flickering effect not working	Reset the candle or replace the batteries.
Dim lighting	Replace batteries with new ones for full brightness.
Lights turning off unexpectedly	Check battery life or replace weak batteries.
Remote control has a limited range	Ensure there is a clear line of sight between the remote and the candles.
The battery compartment not closing	Ensure batteries are properly aligned in the compartment.
Lights flickering too fast	Adjust the settings via the remote.
Candles not flickering	Reset the candle or switch to flickering mode on the remote.
Short battery life	Use high-quality batteries for extended use.
Candlelight too bright	Adjust the brightness using the remote control.
Inconsistent flickering effect	Check battery levels or reset the candles.
Remote control buttons not working	Check for obstructions or replace the remote's battery.
Candles overheating	Turn off and allow the candles to cool before reuse.
Candles not standing upright	Place on a flat, stable surface to ensure balance.

PROS & CONS

PROS:

1. Safe, flickering light without an open flame.
2. Cordless and portable, perfect for any room.
3. Remote control for easy operation and adjustment.
4. Adjustable lighting to create the perfect ambiance.
5. Affordable price at \$27.99.

CONS:

1. Requires 2 AA batteries (not included).
2. Battery life depends on usage.
3. Limited to LED light, no scent like traditional candles.
4. Remote control may have a limited range.
5. Best suited for indoor use only.
