KALOGL GJB01 Multi-tool Pen Set

Launch Date: 2022

Price: \$12.49

Introduction

The KALOGI GJB01 Multi-tool Pen Set is a flexible, all-in-one tool that can be used as a pen or with a number of other useful tools. There is an LED flashlight, a bottle opener, screwdrivers, a ruler, and even a bubble level on the tip of this one-of-a-kind pen. If you're doing small DIY projects, need a tool on the go, or just like having useful things in your pocket, the KALOGI GJB01 is the best choice. The metal it's made of makes it strong enough to handle daily use, and its small size makes it easy to take with you anywhere. This multi-tool pen also makes a great gift for workers, people who like to do their own projects, and people who like useful gadgets.

Features

1. **Many-tool Functions:** The KALOG L GJB01 is a flexible multi-tool pen that packs nine useful tools into a small body. It comes with a ruler, a Phillips and flathead screwdriver, a stylus for touchscreen devices, a ballpoint pen, and an LED flashlight. This makes it perfect for a wide range of chores, from writing to minor repairs and measurements.
2. An LED flashlight is built into this pen and is small but strong. It runs on two LR41 batteries that are included. The LED light is bright enough to see in the dark, which makes it useful in emergencies, when working in poorly lit areas, or when getting around in the dark.
3. **Stylus Tip:** This stylus tip works great with sensitive touchscreen gadgets like tablets and smartphones. It gives you accuracy and makes sure that you can use your devices without leaving behind smudges or fingerprints, so the touch experience is cleaner and easier.
4. **Screwdrivers:** The KALOG L GJB01 has both Phillips and flathead screwdrivers, which makes it very useful for making small repairs and changes. Because these screwdrivers are built into the pen, you can fix things while you're on the go without having to carry around big tools.

SCREWDRIVER

Easy to carry out eletrical use

5. **Portable Bottle Opener:** The pen has a built-in bottle opener that makes opening bottles easy, whether you're at a party, a walk, or a campsite. This feature makes the pen more helpful in everyday situations and is great for getting together with other people.
6. **Ruler:** There is a ruler etched into the body of the pen that measures both inches and centimeters. This is especially helpful for measuring small things or distances, but it can also be used in other scenarios where accurate measurements are needed.
7. The KALOGGL GJB01 is made to last because it is made of high-quality metal. The pen is built to last, even with daily use. Its strong design keeps it looking good while still being light and easy to carry.
8. **Small and easy to carry:** This multi-tool pen is small enough to fit in your pocket, bag, or toolbox. It's only 6.5 inches long and weighs 3 ounces. People who are always on the go and need an all-in-one tool on hand will love how portable it is.
9. **This is a great idea for a gift for men:** the KALOGGL GJB01 is great for Father's Day, Valentine's Day, Christmas, or a birthday. This one-of-a-kind and useful gadget comes in a stylish gift box and is great for DIY fans, pros, and anyone else who likes tools that can do more than one thing. It's especially liked by people who like gadgets that can be used in different ways.
10. **Ultra Smooth Writing:** The pen makes writing very smooth, so you can use it for both personal and professional chores without any problems. It's a great writing instrument for people who want something precise and safe.
11. **Bubble Level:** The bubble level tool is great for do-it-yourself jobs, home repairs, carpentry, and putting things in place like shelves. For woodworking, metal parts, hanging decorations, and other jobs that need precise alignment, it helps make sure that the level is set correctly.

12. **Bright LED Light:** The bright LED light adds light to dark, tight areas, making it easier to work in low light, whether you're fixing something or just getting around. This feature is necessary for people who work in dimly lit places and need to do detailed work.

13. **High-quality and long-lasting construction:** Unlike many other options that aren't very strong, the KALOG L GJB01 has an extra-strong metal body that makes it last a long time. This tool is better for everyday use because it doesn't have any moving parts that could break.
14. **Extra Batteries and Ink:** The KALOG L GJB01 comes with 3 extra LR41 batteries and 6 extra ink refills so that it can be used for a long time. With these extras, you won't have to worry about running out of ink or juice for as long, so you can use the pen for longer.
15. You don't have to worry about anything when you buy the KALOG L GJB01. It comes with a 12-month replacement guarantee. This makes it a great tool for professional makers, people who like to do their own projects, and anyone else who likes useful, reliable, and simple-to-use gadgets.

Usage

- **Office Work:** Use the pen for writing while having the added benefit of an LED flashlight, stylus, and screwdrivers.
- **Emergency Situations:** In case of emergencies, the flashlight, bottle opener, and screwdrivers are essential tools that can be used in a variety of scenarios.
- **Outdoor Activities:** Great for camping, hiking, or any other outdoor activities, thanks to its multi-functionality and compact design.
- **Repairs & Maintenance:** Whether you're at home or on the go, the screwdrivers and ruler allow for quick fixes

and measurements without needing to carry multiple tools.

- **Touchscreen Devices:** Use the stylus to interact with smartphones, tablets, and other touch devices with precision.

Care and Maintenance

- **Battery Replacement:** When the flashlight dims, replace the LR41 batteries by unscrewing the top of the pen.
- **Cleaning:** Use a soft cloth to wipe the pen clean. Avoid using harsh chemicals that could damage the pen's surface or affect the functionality of its tools.
- **Pen Refills:** Replace the ballpoint pen refill when ink runs out. Ensure you are using a compatible refill size for smooth writing.
- **Tool Maintenance:** The screwdriver heads are made of durable metal, but it's recommended to avoid excessive force during use to prevent any damage or wear.
- **Store Properly:** Keep the pen in a dry, cool place when not in use to avoid any corrosion or damage, especially to the flashlight components.

Troubleshooting

Flashlight Not Working:

- **Cause:** The batteries may be drained.
- **Solution:** Replace the two LR41 batteries with fresh ones (included with the pen).

Pen Not Writing Smoothly:

- **Cause:** The pen refill may be out of ink or clogged.
- **Solution:** Replace the ballpoint pen refill with a compatible refill to restore smooth writing.

Screwdrivers Not Working Well:

- **Cause:** The screwdrivers may be worn out from overuse.
- **Solution:** Check for damage and replace the tool if needed, or avoid using excessive force.

Stylus Not Working Properly:

- **Cause:** Dirt or oils may have built up on the stylus tip.
- **Solution:** Clean the stylus tip gently with a cloth to restore its functionality.

Bottle Opener Not Functioning:

- **Cause:** The bottle opener may be blocked by debris or dirt.
- **Solution:** Clean the opener with a cloth and check that there are no obstructions.

Pros and Cons

Pros	Cons
Versatile multi-tool functionality	May be too bulky for some users
Affordable price range	Limited color options
Durable construction	Some users may prefer traditional pens
Compact and portable	LED light may not be bright enough

Warranty

The KALOG L GJB01 Multi-tool Pen Set comes with a one-year warranty covering manufacturing defects. For warranty claims, retain your purchase receipt and contact customer service for assistance.
