Camera Security

Warning:

If you fail to take the following precautions, you may be seriously injured or killed by the electric shock or fire disaster, or your Intelligent 360 degree panoramic camera may be damaged: Please check before using the camera and accessories to make sure they are intact. For security, only Kandao accessories that are provided with the device or genuine ones purchased can be used. Using any other parts, accessories, or chargers not recommended by Kandao may result in fire, electric shock, or casualties. Damage caused by the use of unauthorized accessories or parts is not covered by the warranty.

1. Do not place or fix the product on an unstable surface. Failure to follow this precaution may cause the product to loosen or fall off, causing an accident or damage to the camera.
2. When using external power supply connection, please observe all safety rules of third-party power supply equipment.
3. The lens of Intelligent 360 degree panoramic camera is made of glass. If the lens is damaged, be sure to handle it carefully to avoid being scratched by the broken glass and keep out of the reach of children.

4. The temperature of the camera may rise during operation, which is a normal phenomenon during use. In this case, turn off the camera and leave it to cool before trying to use it.
5. This product is not a toy and you are solely responsible for complying with all local laws, regulations and restrictions.
6. Please do not use the Intelligent 360 degree panoramic camera for unauthorized monitoring, candid shooting or in anyway that violates personal privacy regulations. Normally, the use of cameras for such purposes is strictly prohibited and can result in significant liability and criminal proceedings against the operator.
7. Precautions: do not put the camera in extremely cold or hot environment. Extremely cold or hot conditions may cause the camera to temporarily not work properly.
8. Warning: there is no protection for the two lenses of the Intelligent 360 degree panoramic camera. If you do not pay attention, it is easy to form scratches. Avoid placing the lens on any surface. Lens scratches are not covered by the warranty.

This symbol indicates that your product should be handled separately from household waste according to local laws and regulations. When the _ product life ends, please take it to the collection site designated by the local authority. The separate collection and recycling of discarded products are helpful to the protection of natural resources. Besides, please make sure that they are recycled in ways that are beneficial to the human health and environmental protection.

FC Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
