KarliK Deco Series Illuminating Module LED for Switches

Product Information

The Illuminating Module LED for Switches of Deco Series is an accessory that can be added to switches in the Deco Series. It provides a visual indicator of the switch's status by emitting light in different colors.

Colours available for the illuminating module LED:

- White
- Blue
- Green
- Red

Product Usage Instructions

1. Choose the desired color of the illuminating module LED from the available options: white, blue, green, or red.
2. Ensure that the switch you want to attach the illuminating module to is from the Deco Series.
3. Locate the dedicated slot on the switch for attaching the module.
4. Align the module with the slot and gently insert it until it fits securely.
5. If necessary, repeat steps 3 and 4 for additional switches.
6. Once all switches have the illuminating modules attached, connect the switches to the power source.
7. The illuminating module LED will now emit light in the chosen color, providing a visual indication of the switch's status.

Characteristics of the module

Illuminating module LED is intended for installation by the customer himself in switches of DECO series of the following types: DWP-1, DWP-2, DWP-3, DWP-3.1, DWP-4, DWP-5, DWP-6, DWP-6.1, DWP-9, DWP-10.1, DWP-10.11, DWP-4.1, DWP-44.1, DWPUS-1, DWPUS-2, DWPUS-3, DWPUS-3.1, DWPUS-4, DWPUS-5, DWPUS-6, DWPUS-6.1, DWPUS-9, DWPUS-10.1, DWPUS-10.11, DWPUS-4.1, DWPUS-44.1 and their colour variants.

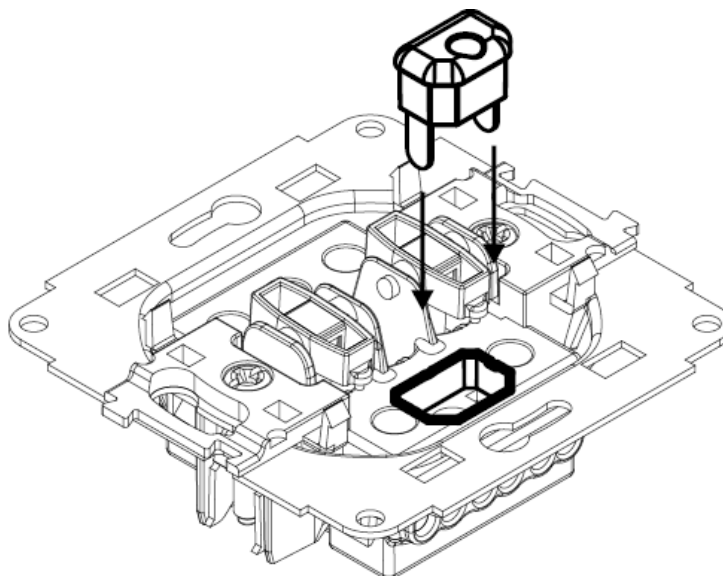

Note: Do not use with switches of the following types: DWP-7, DWP-8, DWP-8.1, DWP-44.2, DWP-66, DWP-66.1, DWP-88, DWP-88.1, DWP-33, DWP-33.1, DWP-10.2, DWP-10.21, DWPUS-8, DWPUS-44.2, DWPUS-33, DWPUS-33.1, DWPUS-10.2, DWPUS-10.21.

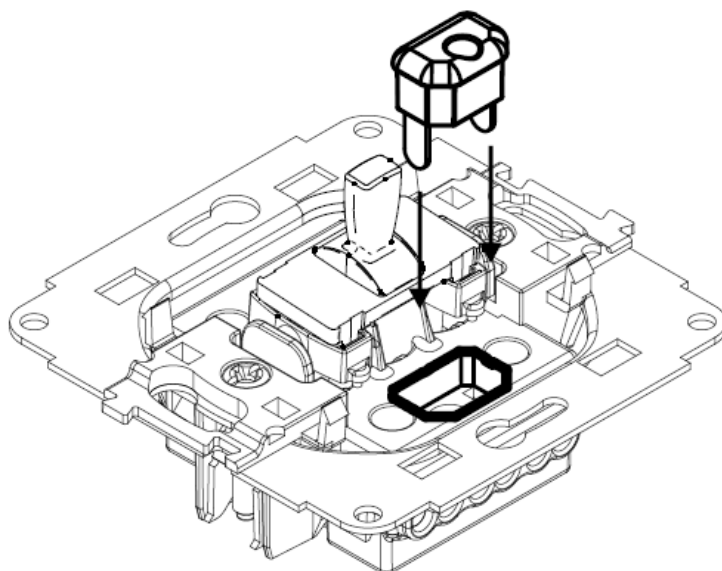

Way of connection

Illuminating module LED shall be set parallelly in a slot in the switch box (according to the picture). Next, prior to installation of button/buttons, the external frame shall be installed or the American-style connector part.

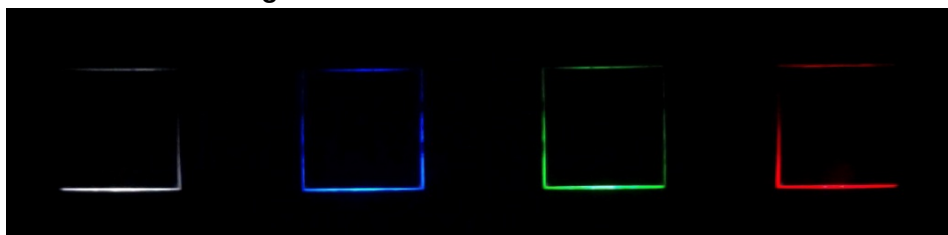

Note: Assembly shall be held by a suitably qualified person with deactivated voltage and shall meet the national safety standards.

The way of setting is presented on the schema below
