Keep KVMS1000 Vehicle Monitoring System

Product Specifications

- Connectivity:
 - Cellular (4G/LTE)
 - Bluetooth Low Energy (BLE)
 - GPS
- Audio:
 - Microphone
 - Built-in 120b siren
- Security and Storage:
 - AES 256-bit data protection
 - Encrypted cloud storage

Product Usage Instructions

Application Download

To begin using your new Vehicle Monitoring System, you need to download the Keep mobile application. Follow one of the methods below:

- Search for “Keep Vehicle Monitoring” in the Apple App Store or Google Play Store.
- Visit the website keep.tech/app.
- Scan the QR code provided.

Preparation

Power Connection

The OBD connection is typically located underneath your steering wheel on the left or right side. Refer to the user manual for visual guidance.

Access Account

Open the Keep mobile application and enter your phone number to receive a one-time passcode that will log you into your account.

Cable Management

You can route the cable of your Keep Device underneath your dashboard using the provided cable clips. Alternatively, if you have floor mats, the cable can be easily routed underneath them.

Installation

Mobile Device

Open the Keep App and follow the on-screen instructions to install your Keep Device. Tap the “Start Install” button to begin.

Keep Device

Expand or contract the legs of the Keep Device by holding the bottom and twisting the upper portion. This will allow the device to securely lock into most cupholders.

What's in the Box

- Keep Device
- Keep Fob
- OBD Power Cable
- Cable Clips

Product Specs

- **Keep Device**

Electrical Rating: 12V 3.0A

Operating Temperature: -4°F to 140°F (-20°C to 60°C) Storage Temperature: -40°F to 185°F (-40°C to 85°C)

- **In-Car OBD Power Adapter**

Electrical Rating: 12V 4.0A

Operating Temperature: -4°F to 122°F (-20°C to 50°C)

Storage Temperature: -40°F to 185°F (-40°C to 85°C)

- **Key Fob**

Electrical Rating: 1V 1.0A

Operating Temperature: -4°F to 122°F (-20°C to 50°C) Storage Temperature: -40°F to 185°F (-40°C to 85°C)

- **Camera**

1080p HD video camera 180° wide-angle lens Motion Detection

- **Connectivity**

Cellular (4G/LTE) Bluetooth Low Energy (BLE) GPS

- **Audio**

Microphone

Built-in 120b siren

- **Security and Storage**

AES 256-bit data protection Encrypted cloud storage

Additional Information

Additional safety, compliance, recycling and other important information regarding your Keep Device can be found on the Keep website at keep.tech/legal.

Keep Terms & Policies

Before using the Keep Device, please read all applicable terms, rules, policies and usage provisions found at keep.tech/legal (collectively, the “Agreements”). By using your Keep Device, you agree to be bound by the Agreements.

Limited Warranty

Your new or Certified Refurbished Keep Device is covered by a 1-year Limited Warranty, detailed at keep.tech/legal.

FCC Compliance

15.105(b) This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

15.21 You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

The party responsible for FCC compliance is Keep Technologies, Inc. 130 Boulevard NE, Suite 6, Atlanta, GA 30312. If you wish to contact Keep, please go to keep.tech/support, and send us your message.
