KNOW MORE ABOUT APP SETTING

- Please click devices connected, you will see the following page

APP PAGE
(photos 4)

Your country time, it shows automatically

Current work time - You can set up work time on "Working Mode"

Running Status - 1. Diffuser no work when turn off
2. Diffuser will work according to work time when turn on

Fan Switch- 1. When turn on, diffuser fan will work together with diffuser.
2. When turn off, fan inside will not work

Device Lock -
When turn on, display button locked. when turn off, button unlocked

Working Mode -
You can set up accurate working mode here.

Work time (from 0:01 to 23:59)

Switch button: Turn on / turn off

Continue work/pause time (300s run/ 20s stop)
- means: work 300 seconds, then pause 20 seconds, then work 300s, pause 20s...

Work Days (Mon.....Sun)
-Means: work from monday to sunday

5 work time Available

Important:

1. Each mode, Time should be within 0:01-23:59, Can not pass it.

Example:

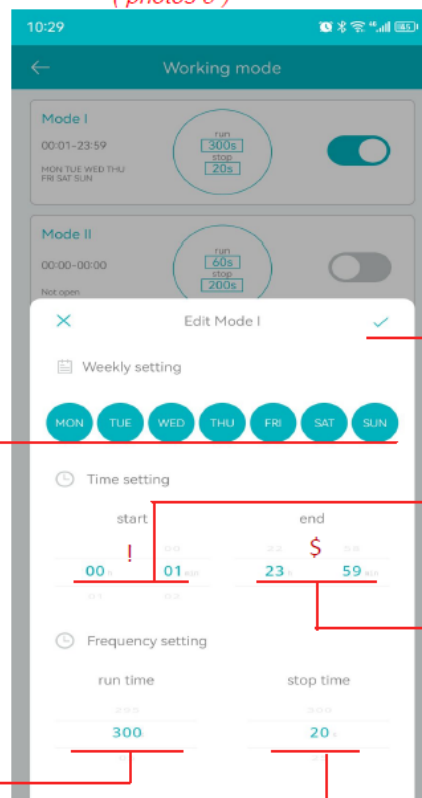

mode 1: 8:00-22:00 - Right
mode 1: 8:00-5:00 - Wrong

2. It can not have same work time for all mode, or diffuser no work

mode 1: 8:00-20:00
mode 2: 10:00-18:00

because mode 1,2 have same work time, so diffuser will not work

Most Important

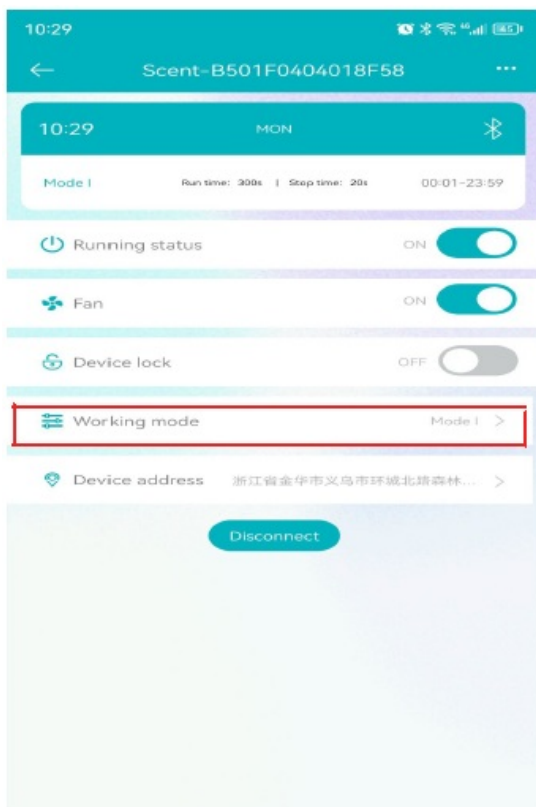

- Diffuser only works when your country time(Remark * in photos 4) is within your work time (remark # in photos 4), or no work

- The number of start working time (Remark ! in photos 6) is less than the number of stopping working time (Remark & in photos 6)

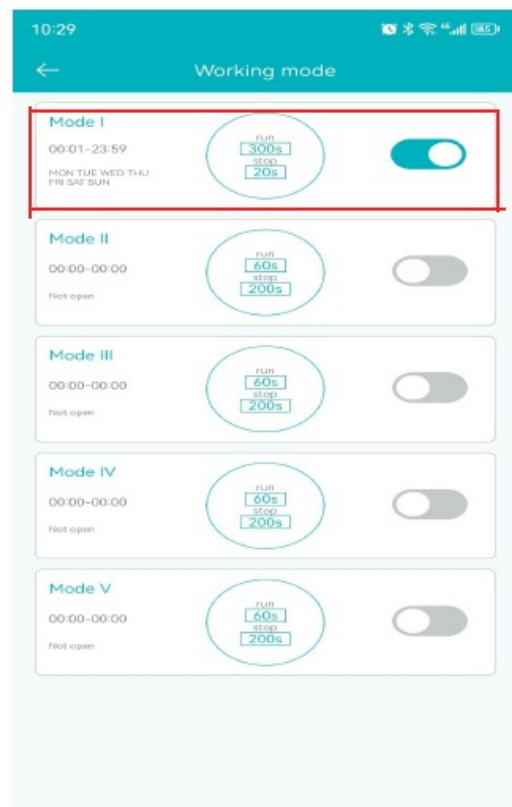

LET'S DO EXAMPLE

Example 1

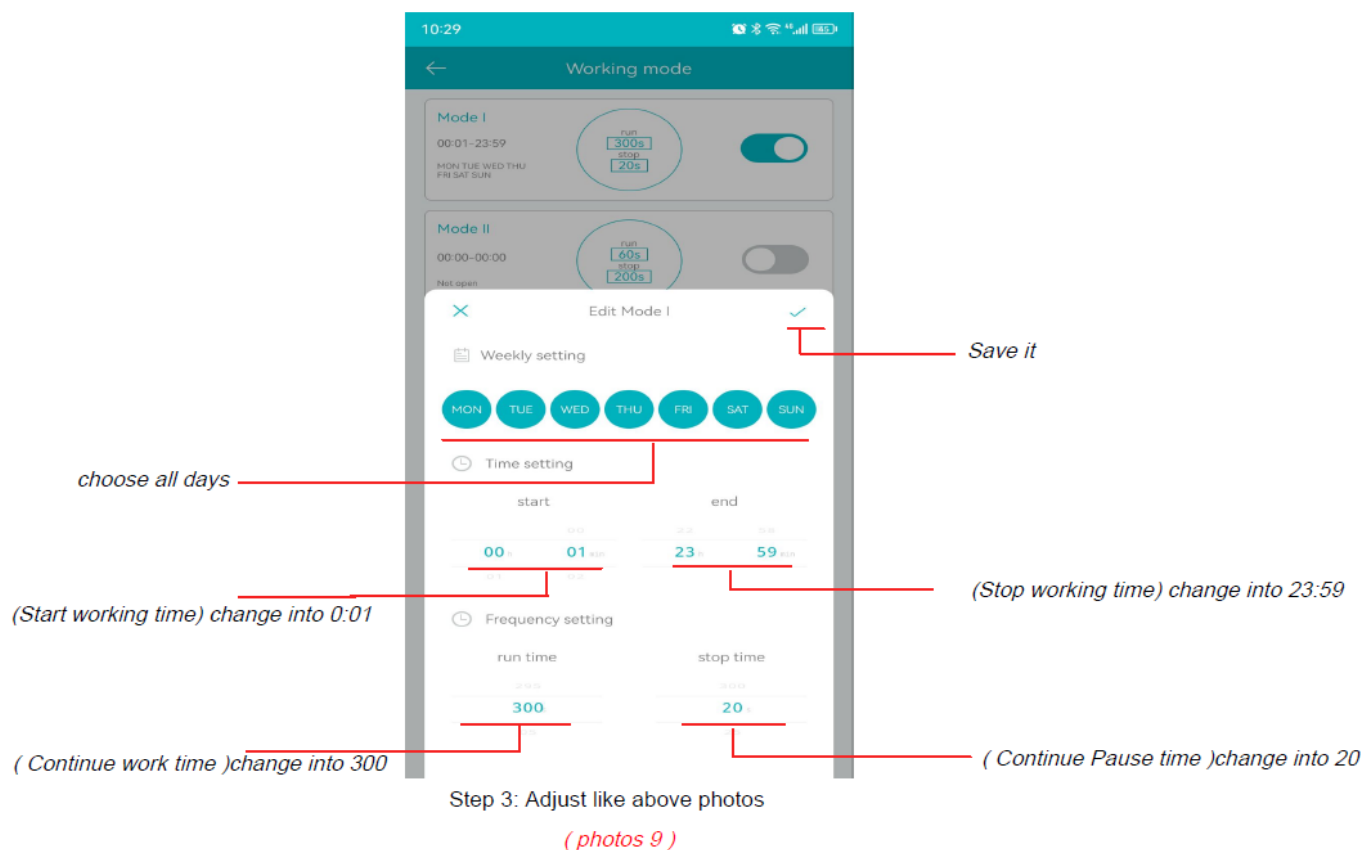

- If you want the diffuser to work from 0:01 am to 23:59pm. all days of the week. want to continue work for 300 seconds, then pause for 20 seconds.

Step 1: Click Working mode (photos 7)

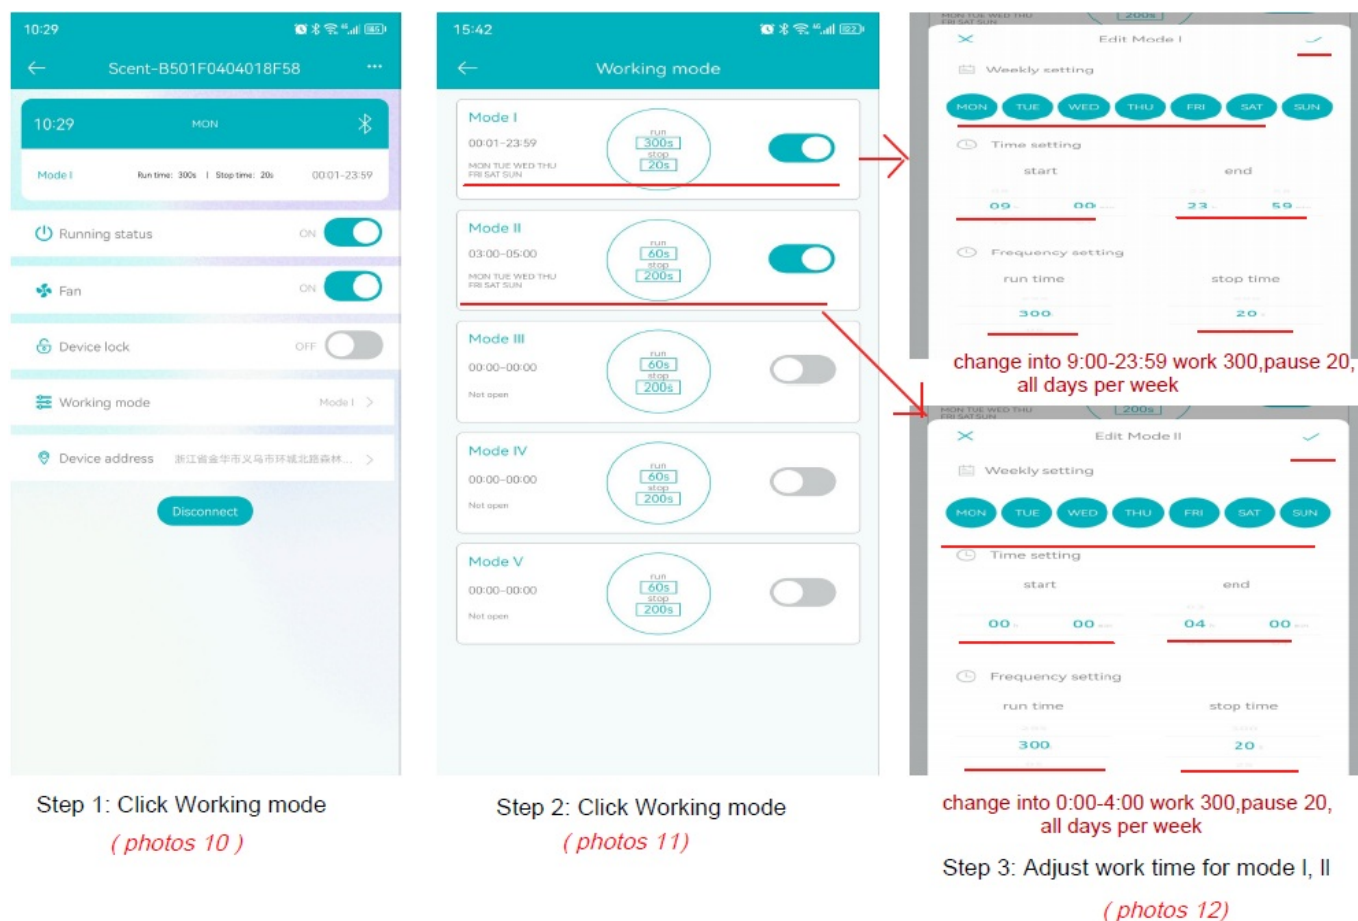

Step 2: Click mode 1 (photos 8)

Example 2

- If you want a diffuser to work from 9:00 am to 4:00 pm the next day, every day, per week. want to continue work for 300 seconds, then pause 20 seconds.

Because 9:00-4:00 am the Next day, it has passed 23:59, so we need to change to 2 different work times:

1. mode 1: 9:00 – 23:59
2. mode 2: 0:00 – 4:00
