Keychron V2 Non-Knob Version Keyboard

Switch To The Right System

Please make sure the system toggle on the top left corner has been switched to the same system as your computer's operating system.

The VIA Key Remapping Software

Please visit caniusevia.com to download the latest VIA software to remap the keys.
If the VIA software cannot recognize your keyboard, please reach out to our support to get the instruction.

The Layers

- There are five layers of key settings on the keyboard.
- The layer O is for the Mac system.
- The layer 1 is for the Windows system.
- The layer 2 is for the Mac Multimedia keys.
- The layer 3 is for the Windows Multimedia keys.
- The layer 4 is for the Function keys.

- If your system toggle is switched to Mac, then the layer O will be activated.

- If your system toggle is switched to Windows, then the layer 1 will be activated.
