Features

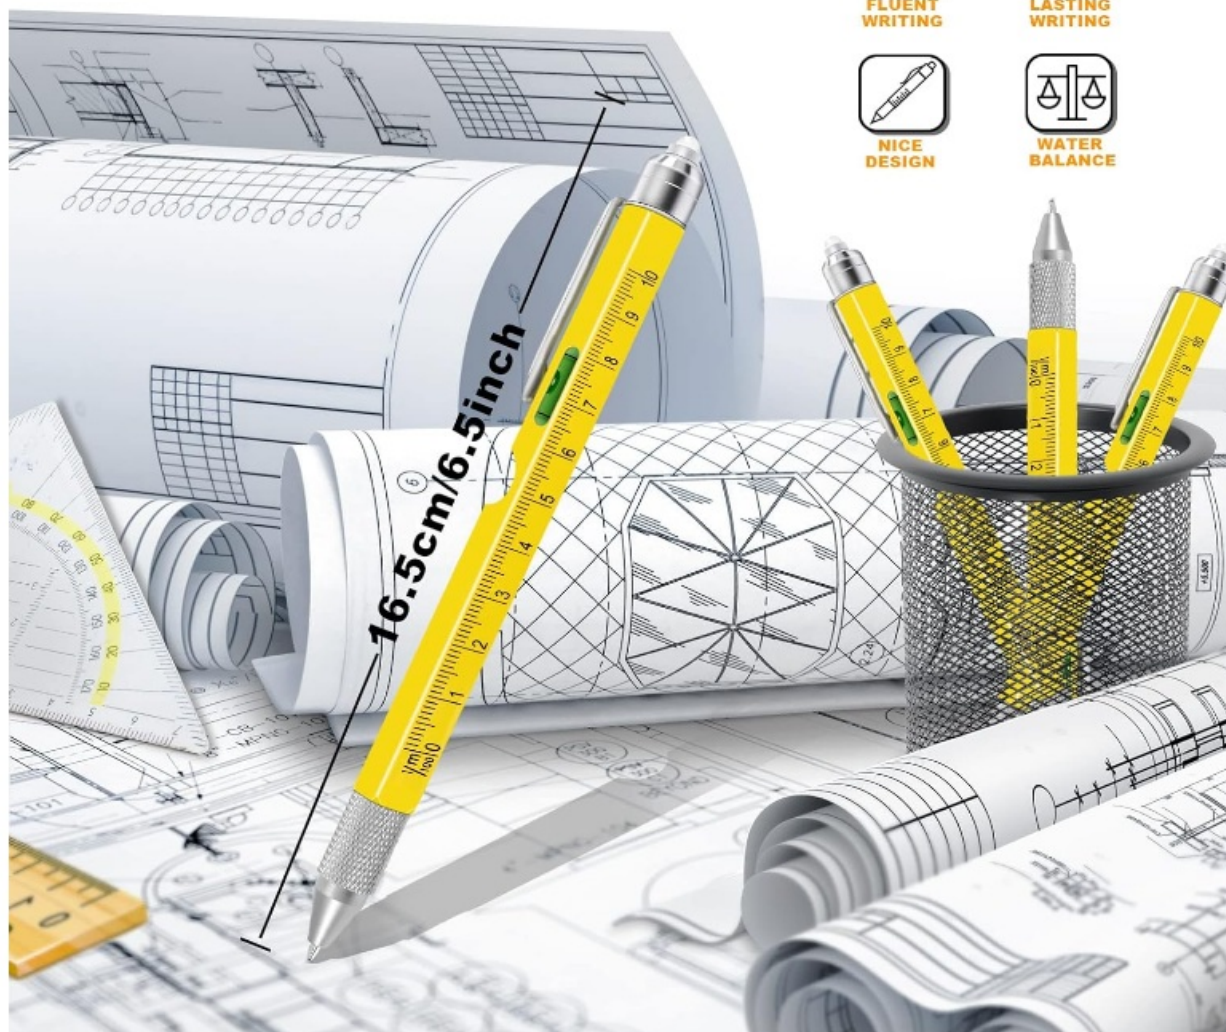

1. **9-in-1 Functionality:** The KEZKALS HMP-P260 multitool pen has nine useful tools in a small package. It comes with a ruler, bottle opener, LED flashlight, bubble level, ballpoint pen, stylus, Phillips and flathead screwdrivers, and a phone holder. It's great for a lot of everyday jobs and small repairs.
2. **Build Quality:** This multitool pen is made from a strong metal alloy so it can handle daily use. Its solid design means that it will work well for a long time and won't break easily, so you can use it for work or for fun.
3. **Refillable Pen:** The KEZKALS HMP-P260 ballpoint pen has a black ink cartridge that can be used again and

again. This means that when the ink goes out, you don't have to buy a new pen. This trait helps with sustainability and use over time.

4. **pencil Tip:** The built-in pencil works with all touchscreen devices, so you can use it to take notes or navigate the screen easily. It works great with computers, smartphones, and other touch-screen gadgets.
5. **LED Flashlight:** The built-in LED flashlight is a reliable and bright source of light that makes it great for use in low-light situations or when doing small fixes in dark places. It's useful for job and in case of an emergency.

6. **Compact Design:** Even though it can do many things, the KEZKALS HMP-P260 multitool pen is still small and light. Because it's small, you can put it in your pocket, bag, or toolbox and take it with you anywhere.
7. **Ergonomic Grip:** The ergonomic grip is designed to be comfortable. It keeps your hand steady and stops hand tiredness even when you use the pen for a long time. It's great for long-term use for many things, like writing or fixing things.
8. **Easy Access:** All the tools are stored inside the pen body, which makes it simple and quick to get to any one of them. The small size makes sure that everything is in order and ready to use, so you don't need any extra storage.

9. **Ready to give:** The KEZKALS HMP-P260 multitool pen comes in a beautiful gift box, which makes it a great present for workers, do-it-yourselfers, and anyone else who likes useful tools. This is a great gift for birthdays, Father's Day, Christmas, or any other holiday.

The KEZKALS Multitool Pen Set is more than just a tool.

The KEZKALS HMP-P260 9-in-1 Multitool Pen Set is made to meet all of your practical needs thanks to its many useful features. Great Gift for People Who Like to Do It Themselves and Are Handy

The KEZKALS HMP-P260 multitool pen is a great choice for people who want to get their work done quickly and accurately. This multitool pen is useful and easy to use, making it perfect for handymen, do-it-yourselfers, office workers, and anyone else who likes to do small jobs on the go. It's a useful tool that you can always have with you and use for fixes at home, at work, or while traveling.

Usage

- **DIY and Home Repairs:** Perfect for small projects, including assembly and disassembly of items around the house.
- **Outdoor Activities:** Useful for camping, hiking, or emergencies where you need quick access to tools.
- **Tech and Office Use:** The stylus is great for tablets and smartphones, while the pen serves its standard writing

function.

- **On-the-Go Fixes:** Ideal for carrying in your pocket or bag, ensuring that you always have the necessary tools available for quick fixes or adjustments.

Care and Maintenance

- **Cleaning:** Keep the **KEZKALS HMP-P260** multitool pen clean by wiping it with a dry or slightly damp cloth. Avoid using harsh chemicals that may damage the pen's surface.
- **Tool Care:** Regularly check the screwdriver tips, flashlight, and other components for any wear or damage. Replace parts as needed.
- **Battery Replacement:** When the LED light dims or the battery dies, replace the LR44 batteries by unscrewing the compartment at the end of the pen.
- **Refill the Pen:** When the ink runs out, simply replace the refillable ink cartridge with a new one that matches the pen's size.

Troubleshooting

- **LED Flashlight Not Working:** Ensure that the batteries are installed correctly and are not dead. If the batteries are old, replace them with fresh LR44 batteries.
- **Ink Not Flowing:** If the ballpoint pen is not writing smoothly, check if the ink cartridge is clogged or running dry. Replace the ink refill if necessary.
- **Tools Not Opening Properly:** Make sure you are twisting the pen sections correctly. The multitool's compartments are designed to open by twisting, not pulling.
- **Loose Parts:** If any of the tools inside the pen feel loose, check to see if they need to be tightened or reassembled.
- **Scratches on the Surface:** The aluminum alloy construction is durable, but surface scratches can occur with excessive force. Be gentle when using the pen, and store it in a safe location when not in use.
