Interface Diagram

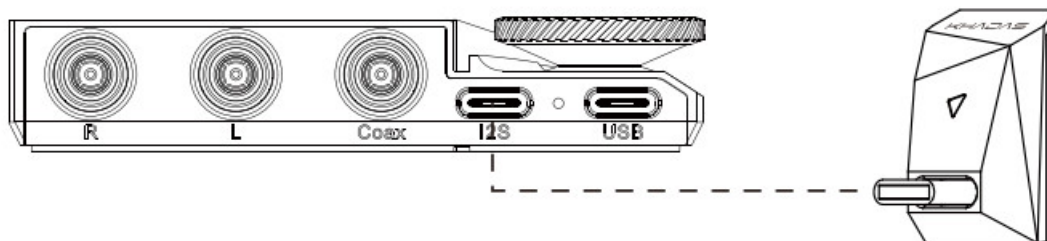

RGB LED Indicator Illustrate

Status	Motion	Color
Bluetooth Disconnected	Blue (Flashing)	
Bluetooth Connected	Blue (Breathing)	
SBC	Yellow (Breathing)	
AAC	Green (Breathing)	
aptX / aptX LL	Turquoise (Breathing)	
aptX HD	Purple (Breathing)	
LDAC	White (Breathing)	
Erase Paring Record	White (Triple Flash)	

Setup Guide

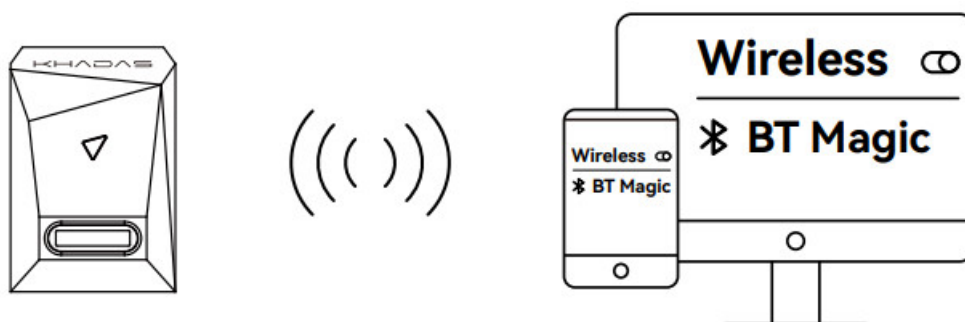

Power On

Plug BT Magic into the USB-C (I2S) port, then turn on the Tone2/Tone2 Pro. BT Magic will automatically turn on.

Bluetooth Pairing

1. Set Tone2/Tone2 Pro's input mode to 'I2S'.
2. Look for 'BT Magic' in your smartphone or tablet's Bluetooth pairing list. Tap on it to pair.

Music Playback

After pairing with your device, the RGB indicator will show a blue breathing light. BT Magic is now ready for music playback.

Power Off

When Tone2/Tone2 Pro is turned off, BT Magic will turn off too. In this case, the RGB indicator light will turn off.
