- New sounds and rhythms in 800 tones and 235 rhythms
- 4 phrase pads
- 2 x pedal connectors including 1 x expression pedal connector
- Audio In, Line Out, Mic In, USB to Host & to Device

### X-Keyboard Stand – robust, lightweight & height adjustable

The ideal stand for home or on stage! It offers a non-slip grip, whether for keyboards, light-stage pianos, or synthesizers. This X-keyboard stand can be conveniently and easily adjusted to 5 different heights using the quick-release fastener. This means that everyone can achieve an ergonomic and comfortable playing position. The robust rubber sleeves ensure a completely non-slip and scratch-proof stand! All metal parts are coated with a durable powder coating to ensure a long service life. The X-keyboard stand can be easily dismantled to save space when transporting and storing it. The required Allen key is included.

### Excellent seating comfort with the smallest dimensions!

Despite its compact dimensions, the Classic Cantabile keyboard bench offers excellent seating comfort. The padded surface is covered with elegant, black artificial leather and can be easily cleaned if necessary. The bench can be adjusted to three different heights using a screw on the X of the legs. When setting it up, one of the legs is simply hooked under the seat and secured using two screws. Rubber feet also ensure that it stand non-slip. The Classic Cantabile keyboard bench is ideal for use at home or on the go.

### Multifunctional headphones

The Pronomic KH-10BK is a multifunctional headphone that is suitable for many applications. Whether it is used for MP3 players, TV, e-piano, e-drum, field recorder as travel headphones on an airplane, etc. – the KH-10BK cuts a fine figure everywhere! The special features of the KH-10BK are its lightweight and optimal wearing comfort. Weighing just 50 g, with breathable ear pads and adjustable headbands, it sits comfortably in all situations and

even for several hours.

### **Sturdy bag for keyboards up to 98 cm!**

The new Classic Cantabile keyboard bags are made from particularly durable, double-spun fabric. This special processing technique guarantees particular tear and water resistance. The bags guarantee the best protection for your instrument thanks to their generous padding. The bag can be easily transported using the Velcro handle or the practical backpack straps. Four outside pockets also offer space for plenty of sheet music and accessories. The new sound experience from Casio with everything your heart desires!
