Product Usage Instructions

Installation

The Kitle Flex AirFrame is designed for easy installation into a medium-sized van.

Follow these steps to install the kit:

1. Ensure your van has a minimum of 1200mm between internal wheel arches.
2. Position the Flex AirFrame in the desired location inside the van.
3. Secure the kit according to the provided instructions to ensure stability during transportation.

Features Overview

The Kitle Flex AirFrame kit includes:

- Full-length bed that folds into a dual-sided seater.
- Kitchen unit with a collapsible sink, stove storage, and internal storage.
- Powered water system.
- Extensive storage compartments for various items.
- Dometic 30L drawer fridge.
- Included folding mattress for added comfort.

- Dual slide-out kitchen unit with a total drawer extension of 1400mm.
- Weight capacity of up to 40kgs.
- 8L collapsible sink with cover.
- Stove storage capacity and front storage cubby.

Drawer Storage Details

The storage drawer of the Flex AirFrame is designed to fit either 4x Euro Box 43 series or 2x Euro Box 64 series with a weight capacity of up to 170kg.

FAQ

1. **Q: Can the Flex AirFrame kit be installed in any van?**

A: The kit is compatible with medium-sized vans. Please contact us if your vehicle is not listed to confirm compatibility.

2. **Q: Is the Flex AirFrame easy to remove from the van?**

A: Yes, the Flex AirFrame allows for quick installation and removal, making it adaptable for other uses when needed.

3. **Q: What is the weight capacity of the kitchen unit?**

A: The kitchen unit has a weight capacity of up to 40kgs.

The Kitle Flex AirFrame is a camping kit designed for easy installation into a medium sized van. It's perfect for explorers who want a fully equipped campervan.

Hand built with birch plywood and aluminium, Flex features a full length bed that folds to dual-sided seater, creating activity zones inside and out of the van. The kit includes a kitchen, powered water system, extensive storage, a Dometic 30L drawer fridge and an included folding mattress.

The Flex allows for a quick installation, offering all the features of a fully equipped camper without the hassle of a custom build. Plus, the ability to remove the kit ensures your van remains adaptable for other uses. Experience the innovation and craft of a Kitle campervan kit with the Kitle Flex AirFrame.
