## KLIM Wireless Gaming Keyboard And Mouse Set

## Special function keys

## THANK YOU!

On behalf of the entire KLIM Team, we thank you for purchasing our KLIM Thunder keyboard and mouse bundle. We hope it meets your expectations and that you enjoy using this device.

## FIRST USE

Take the USB receiver from underneath the mouse and connect it to your computer. Slide the switch under the keyboard to the ON position. Slide the switch under the mouse to the ON or RGB position.

## THE FUNCTION KEY

The keyboard features a Function key (FN) which can be combined with certain keys to change lighting effects or activate different functions on your computer.

FN + F1: Media player	FN + F7: Play/Pause
FN + F2: Volume –	FN + F8: Next track
FN + F3: Volume +	FN + F9: E-mail client
FN + F4: Mute sound	FN + F10: Home (browser)
FN + F5: Stop	FN + F11: File explorer
FN + F6: Previous track	FN + F12: Calculator

**NOTE:** some function shortcuts are not available on MacOS.

## AUTO POWER-SAVING MODE

After 2 minutes of inactivity, the keyboard enters power saving mode and the backlight will automatically turn off. Press any key to wake it up.

## BACKLIGHTING CONTROLS

- Use FN plus the keys indicated below to select your preferred lighting options.

FN +  : Windows key lock

FN +   : Swap WASD-Arrow keys

FN +  : Lighting mode switch

FN +  : Increase the brightness

FN +  : Reduce the brightness

FN +  : Turn the lighting effect ON/OFF

FN +  /  : Adjust the speed of the lighting effect

## CHARGING THE KEYBOARD AND MOUSE

- **Keyboard:** the charging indicator is located near the USB-C port, it's red during the charge and will turn off when the keyboard is fully charged. When the indicator light is flashing, it indicates that the battery is low. Use the provided cable to connect the keyboard to your computer or a USB charger.
- **Mouse:** The lights will start to flash slowly in red when the battery is low (RGB mode only). Connect the mouse to your computer or a USB charger using the supplied charging cable.

**NOTE:** You may use the keyboard and mouse while they charge, but the USB receiver must also be connected to your computer for them to work.

## TROUBLESHOOTING & CONTACT

If you ever encounter any problems with this product, remember that we remain at your disposal to help you with any issues. Do not hesitate to contact us at [support@klimtechnologies.com](mailto:support@klimtechnologies.com) for additional support.
