Knightsbridge

Knightsbridge 10AX 2 Way Pull Cord Switch

Product Usage Instructions

Installation

1. Ensure the product is placed securely in the desired location.
2. Refer to the installation manual for specific mounting instructions.
3. If unsure, seek professional assistance for installation.

Maintenance

It is important to maintain the product regularly to ensure its longevity. Follow these steps:

1. Use a soft dry cloth to clean the product.
2. Avoid using aggressive cleaning products or solvents that may damage the product.

FAQ

- **Q:** How should I dispose of the product when it reaches the end of its life?
- **A:** This product should be recycled correctly. Please check with local authorities for available recycling facilities.

INSTALLATION AND MAINTENANCE MANUAL

- These instructions should be read carefully and retained after installation by the end user for future reference and maintenance.
- These instructions should be used to aid installation of the following products: 8300XX

SAFETY

- This product must be installed under the latest edition of the IEE Wiring Regulations (BS7671) and current Building Regulations. If in any doubt, consult a qualified electrician
- Please isolate mains before installation or maintenance
- Please note the IP (Ingress Protection) rating of this product when deciding the location for installation

- Do not overload this accessory or subject it to conditions outside its rating
- This product is Class II double insulated
- This product is IP20 rated

INSTALLATION

- Provide power to the required point of installation. If replacing an existing switch, make a note of the connections before removing the existing switch
- Unscrew the terminal cover
- This accessory can be mounted onto a round dry lining box or pattress. Alternatively, to surface mount, using the base plate as a template, mark the location for, and drill the fixing holes ensuring not to infringe with any gas/water pipes or electrical cables.
- Fix to a solid surface using suitable fixings
- To ensure the correct polarity is observed, carefully wire as shown in Fig. 1. The earth terminal is non-functional and only provided for convenience. Check all connections are tight with no loose strands outside the terminals
- Refit the cover
- Switch on and check for the correct operation

GENERAL

- This product should be recycled perfectly when it reaches the end of its life. Check local authorities for where facilities exist.
- Clean with a soft dry cloth only, do not use aggressive cleaning products or solvents that may damage the product.

WARRANTY

- This product has a warranty of 1 year from date of purchase.
- Failure to install this product under the current edition of the IEE Wiring Regulations (BS7671), improper use, or removal of the batch code will invalidate the warranty.
- If this product should fail within its warranty period it should be returned to the place of purchase for a free-of-charge replacement.
- ML Accessories does not accept responsibility for any installation costs associated with the replacement product.
- Your statutory rights are not affected. ML Accessories reserves the right to alter product specifications without prior notice.
