kobodon 825 Hummingbird Aromatherapy Diffuser

INTRODUCTION

A small but effective essential oil diffuser that skillfully blends style and use is the KOBODON 825 Hummingbird Aromatherapy Diffuser. An ideal addition to any home or business, this ultrasonic diffuser doubles as a cool mist humidifier and was introduced in early 2024 by KOBODON, a reputable brand in health products. It provides continuous aromatherapy for up to six hours and has a 150 ml capacity. This model, which has a metal housing and a lovely hummingbird design, is elegant and will add your favorite essential oils to your environment. It is perfect for bedrooms, offices, or leisure spaces because it has seven colour-changing LED lights, whisper-quiet operation, and automatic shut-off for safety. At a reasonable **\$16.99**, this diffuser is a nice present for ladies, mothers, and wellness enthusiasts. With each mist, the KOBODON 825 adds peace to your area, whether you're trying to relax after a long day or create a calming atmosphere.

WHAT'S IN THE BOX

- Aromatherapy Diffuser
- User Manual

FEATURES

- **Multipurpose Design:** Serves as a cold mist humidifier, aromatherapy essential oil diffuser, and night light with color change.
- **150ml Water Capacity:** It can be used continuously without the need for regular refills.
- **Seven Color LED Lights:** Allows you to customize the mood with seven distinct colors and the choice of bright, dim, or no light.

- **Constant Cool Mist:** Offers a consistent mist to spread essential oils and humidify the air.
- **Whisper-Quiet Ultrasonic Technology:** This technology works quietly, making it perfect for use while working or sleeping.

- **Automatic Turn-Off Safety Feature:** To avoid harm, it automatically shuts off when the water runs out.

- **Metal Construction:** Long-lasting use and an appealing look are ensured by the sturdy and fashionable metal body.
- **Compact and Lightweight:** It is easy to carry and put anywhere because it only weighs 14.4 ounces.
- **Adaptable to a Variety of Environments:** Ideal for yoga studios, spas, offices, bedrooms, and homes.
- **Reduces Stress and Enhances Sleep:** Promotes better breathing and helps create a calm atmosphere, particularly when air conditioning is present.
- **Removes Odors:** Assists in getting rid of lingering scents like smoke and pet odor.
- **Easy to Use:** Even kids can handle this straightforward operation.
- **Certified Safety and Quality:** Adherence to safety regulations is guaranteed by ETL and FCC certification.
- **Corded Electric Power Source:** A dependable power source that doesn't require

batteries.

- **Decorative Design:** The metal finish and hummingbird motif provide any space a pleasing appearance.

SETUP GUIDE

- **Unpack the Diffuser:** Take the diffuser and its attachments out of the box.
- **Place on a Level Surface:** Put the diffuser close to a power outlet on a level, solid surface.
- **Remove the Top Cover:** To gain access to the water tank, carefully peel off the metal cover.
- **Add Water:** Pour clean, room-temperature water into the tank until it reaches the 150 ml level.
- **Add Essential Oils:** Fill the water with three to five drops of your favorite essential oil.
- **Replace the Cover:** Reattach the diffuser's top cover.
- **Plug in the Power Cord:** Use the included cord to connect the diffuser to a power outlet.
- **Power On:** Press the power button to activate the diffuser and begin misting.
- **Choose Mist Mode:** For up to six hours of operation, select continuous mist mode.
- **Select LED Light Color:** Choose from seven available hues or turn off the lights.
- **Modify Light Brightness:** For every color, select between bright and dim light modes.
- **Use in the Desired Room:** Put it in your office, bedroom, or any other space of your choosing.
- **Water Level Monitoring:** Throughout use, occasionally check the water level.
- **Auto Shut-Off Activation:** When the water supply runs out, the diffuser will shut off on its own.
- **Turn Off and Unplug:** For safety, turn off and unplug after using the device by pressing the power button.

CARE & MAINTENANCE

- **Empty Water After Use:** To stop the formation of mold or germs, always drain any leftover water after each use.
- **Clean per Week:** At least once per week, clean the ultrasonic plate and water tank.
- **Use a Gentle Detergent:** Wipe with a gentle cloth and a solution of vinegar or light

soap.

- **Steer Clear of Harsh Chemicals:** Steer clear of abrasive solvents and cleaners.
- **Dry Before Storing:** Before storing, make sure the diffuser is totally dry.
- **Use Distilled Water:** Use distilled or filtered water to avoid mineral accumulation.
- **Check Ultrasonic Plate:** To ensure there is no residue left on the ultrasonic plate, gently clean it.
- **Avoid Overfilling:** To avoid malfunction, do not overload the 150ml water capacity.
- **Use Suggested Oils:** Only use premium essential oils that work well with diffusers.
- **Unplug Before Cleaning:** Before performing any repair or cleaning, always turn off the electricity.
- **Store Properly:** When not in use, store the diffuser in a cool, dry location away from moisture and direct sunlight.
- **Inspect Power Cord:** Examine the power cord frequently for damage and refrain from pulling it too hard.
- **Prevent Dropping:** Take caution when handling the metal diffuser to prevent dents or other damage.
- **Replace Parts if Necessary:** Any worn-out or broken parts should be replaced right away.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Diffuser not turning on	Power cord not connected	Ensure cord is firmly plugged into outlet
No mist coming out	Water level too low or tank is empty	Refill water tank with clean water
Weak mist output	Dirty ultrasonic plate	Clean the plate with cotton swab and vinegar
Lights not working	LED malfunction or settings issue	Reset diffuser and check light settings

Issue	Possible Cause	Solution
Unusual noise	Mineral buildup or improper placement	Clean and reposition the diffuser
Unit shuts off quickly	Auto shut-off triggered by low water	Refill water tank and restart
Aroma not strong enough	Insufficient essential oil used	Add 3–5 drops of high-quality essential oil
Water leaking	Diffuser tilted or overfilled	Place on flat surface and avoid overfilling
Buttons unresponsive	Electrical glitch	Unplug for 10 minutes, then retry
Strange smell	Old water or low-quality oils	Use fresh water and premium essential oils

PROS & CONS

Pros

- 1. Stylish metal design with vibrant hummingbird artwork
- 2. 7 LED color options for mood lighting
- 3. Quiet ultrasonic technology for peaceful use
- 4. Auto shut-off ensures safety when water runs out
- 5. Affordable price point with reliable performance

Cons

- 1. Limited 150 ML water capacity
- 2. Corded power source limits portability
- 3. No remote control feature
- 4. Not suitable for large rooms
- 5. No timer customisation options

WARRANTY

The KOBODON 825 Hummingbird Aromatherapy Diffuser comes with a **1-year limited warranty** covering manufacturing defects and electrical malfunctions under normal usage. Warranty claims require proof of purchase and are subject to inspection. Misuse, physical damage, or unauthorised modifications may void the warranty. For service, contact the manufacturer's customer support within the warranty period.

FREQUENTLY ASKED QUESTIONS

How do I operate the kobodon 825 Hummingbird Aromatherapy Diffuser for the first time?

To use the kobodon 825 Hummingbird Diffuser, remove the top cover, add up to 150ml of water and a few drops of essential oil, close the lid, then plug it in and press the power button to start diffusing.

What should I do if the kobodon 825 Hummingbird Diffuser doesn't turn on?

Ensure the power cord is properly plugged in and the outlet is functioning. Also, check that the water tank has sufficient water; the unit won't operate if it's empty.

How long does the kobodon 825 Hummingbird Aromatherapy Diffuser run continuously?

This model can run for up to 6 hours in continuous mode before shutting off automatically when water runs out.

What does it mean when the kobodon 825 Hummingbird Diffuser stops working mid-use?

The unit likely shut off due to low water levels. It has an auto shut-off feature for

safety when the tank is empty.

Why is there no mist coming out of my kobodon 825 Hummingbird Diffuser?

Ensure theres enough water in the tank and the ultrasonic plate at the bottom is clean. A clogged plate can block mist output.

How much water does the kobodon 825 Hummingbird Diffuser hold?

This model has a 150ml capacity, perfect for small to medium-sized rooms such as bedrooms, offices, or yoga studios.

What type of essential oils are safe for use in the kobodon 825 Hummingbird Aromatherapy Diffuser?

Use only pure, water-soluble essential oils. Avoid carrier oils or thick blends as they may clog the diffuser.
