Kobodon

kobodon Sunflower Essential Oils Diffuser

INTRODUCTION

The lovely Kobodon Sunflower Essential Oils Diffuser, the perfect fusion of art and aromatherapy, will enhance your atmosphere. This diffuser, which was released by Kobodon and is reasonably priced at **\$18.99**, adds elegance, functionality, and tranquility to your living area. The sunflower-themed design, which is made with a sturdy metal shell, brings a touch of floral beauty to any space, making it a thoughtful present for mothers, grandmothers, or anyone who values self-care. For up to six hours, the device's quiet, continuous cold mist of your preferred essential oils permeates the air thanks to ultrasonic technology. When the water runs out, the auto shut-off mechanism guarantees safety, and its seven-color LED illumination creates a calm glow that complements any decor or mood. The Kobodon Sunflower diffuser adds calming moisture and scented happiness to your surroundings, whether you're working, meditating, or unwinding before bed. It is both functional and aesthetically pleasing, and it is made in China.

WHAT'S IN THE BOX

- Oils Diffuser
- User Manual

FEATURES

- **Multipurpose Design:** Offers a variety of aromatherapy and air humidification options by combining an essential oil diffuser, cool mist humidifier, and night light.
- **Appealing Sunflower Motif:** A chic metal design with a sunflower motif that elevates interior design.
- **LED Lights:** LED lights with seven different colors that can be adjusted in brightness and have the possibility to be turned off entirely.

- **Continuous Mist Operation:** Consistent aroma diffusion is achieved with up to six hours of cool mist operation.

- **Whisper-Quiet Ultrasonic Technology:** This device uses cutting-edge ultrasonic technology to operate silently, making it perfect for work or sleep.
- **Waterless Auto Shut-Off:** To avoid damage and guarantee safety, it turns off automatically when the water level drops.

- **Aromatherapy Benefits:** Deep relaxation and stress relief are facilitated by the use of calming fragrances.
- **Air Humidification:** By adding moisture, air humidification enhances air quality and lessens dryness.
- **Compact Size:** It is lightweight and compact, weighing only about 10.7 ounces, which makes it simple to carry and position.
- **Easy to Use:** Refilling water and essential oils is made simple by an easily removable lid.
- **Certified Safety:** Durability and safety are guaranteed by ETL and FCC certification.
- **Perfect for a Variety of Spaces:** Fits well in offices, yoga studios, spas, bedrooms, and more.
- **Adaptable Lighting:** To fit the atmosphere and mood, select bright, dim, or no light.
- **Both Decorative and Practical:** Improves the aesthetics of the space while offering

the advantages of aromatherapy.

- **Ideal Present:** A considerate present for mothers, grandmothers, women, and sunflower enthusiasts.

SETUP GUIDE

- **Unpack and Examine:** Take the diffuser out of the box and look for any damage.
- **Position on Level Surface:** Position the diffuser close to a power outlet on a level, sturdy surface.
- **Remove Cover:** To reach the water tank, remove the diffuser's cover.
- **Fill Water Tank:** Fill the designated fill line with distilled water or clean tap water.
- **Add Essential Oils:** To the water, add four to six drops of your favorite essential oil.
- **Replace Cover:** Reinstall the diffuser cover securely.
- **Plug In:** Attach the power line to an appropriate outlet.
- **Power On:** To begin misting and turning on the LED lights, press the power button.
- **Choose Light Mode:** Choose to either turn off the lights or cycle among the seven LED colors and brightness settings.
- **Set Timer:** To regulate the operation's duration (up to six hours), use the timer settings, if any are available.
- **Modify Mist Output:** For a consistent scent delivery, choose continuous mist mode.
- **Use in a Ventilated Room:** For the best smell diffusion and safety, make sure there is adequate ventilation.
- **Keep Away from Pets and Children:** To avoid spillage or damage, keep the diffuser out of reach.
- **Keep an Eye on Water Level:** Replenish as necessary to ensure uninterrupted operation.
- **Turn Off After Use:** When not in use or prior to replenishing, turn off and unplug the device.

CARE & MAINTENANCE

- **Unplug Before Cleaning:** Before performing any repair or cleaning, always turn off the electricity.
- **Empty Water Tank:** To stop the formation of bacteria or mold, drain any leftover water after each usage.

- **Clean Frequently:** Use a cotton swab or soft cloth to gently wipe the water tank and ultrasonic plate.
- **Use Vinegar for Deep Cleaning:** To get rid of buildup, clean occasionally using a mix of water and white vinegar.
- **Steer Clear of Harsh Chemicals:** Avoid using solvents or harsh cleansers that could harm the diffuser.
- **Dry Fully:** Before storing or refilling, let the diffuser dry fully.
- **Use Distilled Water:** To minimize mineral buildup and extend diffuser life, use distilled water.
- **Use Suggested Oils:** Use only pure essential oils that are safe for dogs and diffusers.
- **Avoid Overfilling:** To avoid leaks or malfunctions, do not fill the water line above the maximum.
- **Store the Diffuser Correctly:** Keep it out of direct sunlight and in a cool, dry location.
- **Examine for Damage:** Check for wear or damage on a regular basis on the diffuser and power cord.
- **Replace Parts If Necessary:** Any damaged or broken parts should be replaced right away.
- **Avoid Direct Sunlight:** To avoid discoloration or damage, keep the diffuser out of direct sunlight.
- **Use in Pet-Safe Areas:** Make sure the oils are pet-safe and the diffuser is placed in a well-ventilated location.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Diffuser won't turn on	Power cord is unplugged or faulty outlet	Plug into a different outlet and check the power source
Mist not emitting	Low water level or no oil added	Refill tank with water and add essential oils
Weak mist	Dirty ultrasonic plate	Clean with cotton swab and vinegar solution

Issue	Possible Cause	Solution
Lights not functioning	Light mode not selected	Press light button to switch between modes
Unit shuts off too soon	Water tank empty triggering auto shut-off	Refill water tank and restart the unit
Leaking water	Tank overfilled or diffuser tilted	Ensure proper water level and place on a level surface
No aroma detected	Not enough oil or poor-quality oil used	Add more oil or switch to a lighter essential oil
Buttons unresponsive	Internal moisture or electrical glitch	Unplug and allow to dry, then try again
Noisy operation	Uneven placement or surface vibration	Place on stable, flat surface and check base alignment
Persistent smell from tank	Residual oil buildup or stagnant water	Clean the tank thoroughly and air dry before reuse

PROS & CONS

Pros

- Elegant sunflower metal design perfect for gifts
- 7 LED color options with bright/dim modes
- Quiet ultrasonic operation ideal for night use
- Auto shut-off prevents overheating or dry running
- Suitable for home, office, spa, and yoga studios

Cons

- Small tank size means frequent refilling
- No timer function included

- Lights must be toggled manually
- Not compatible with thick essential oils
- Limited to 6-hour continuous use only

WARRANTY

The kobodon Sunflower Essential Oils Diffuser includes a limited manufacturer warranty, covering defects in materials or workmanship under normal household use. This warranty typically offers repair, replacement, or refund options within the valid coverage period. To ensure a smooth warranty claim process, users should retain the original purchase receipt and packaging. Always check with the seller or kobodon's official customer service for exact warranty durations and claim procedures.

FREQUENTLY ASKED QUESTIONS

How many LED light color options does the kobodon Sunflower diffuser have?

The kobodon Sunflower diffuser offers 7 color LED lights, each with bright and dim modes. You can also turn off the lights for total darkness.

How long does the kobodon Sunflower diffuser operate on a single fill?

This model runs up to 6 hours continuously, making it ideal for extended aromatherapy or humidity sessions in medium-sized rooms.

Why is my kobodon Sunflower Essential Oils Diffuser leaking?

Make sure the tank is not overfilled and that the top cover is securely in place. Leaks often result from improper lid placement or using the diffuser on an uneven surface.

What should I do if the LED lights on my kobodon Sunflower diffuser stop working?

Try cycling the power and changing light modes. If the lights still dont work, unplug the unit for a few minutes. If issues persist, contact kobodon support for a possible LED failure.

How should I clean the kobodon Sunflower Essential Oils Diffuser?

Unplug the unit, empty the tank, and wipe it with a soft cloth. Clean the ultrasonic plate with a cotton swab and vinegar weekly to prevent buildup.

How often should I clean my kobodon Sunflower diffuser?

Clean the diffuser after every 3,5 uses, or weekly if used daily. Regular cleaning helps maintain mist output and extends the units lifespan.

Is the kobodon Sunflower diffuser loud while running?

The kobodon Sunflower Essential Oils Diffuser uses advanced ultrasonic technology to operate quietly ideal for bedrooms, offices, or yoga spaces.
