Getting Started
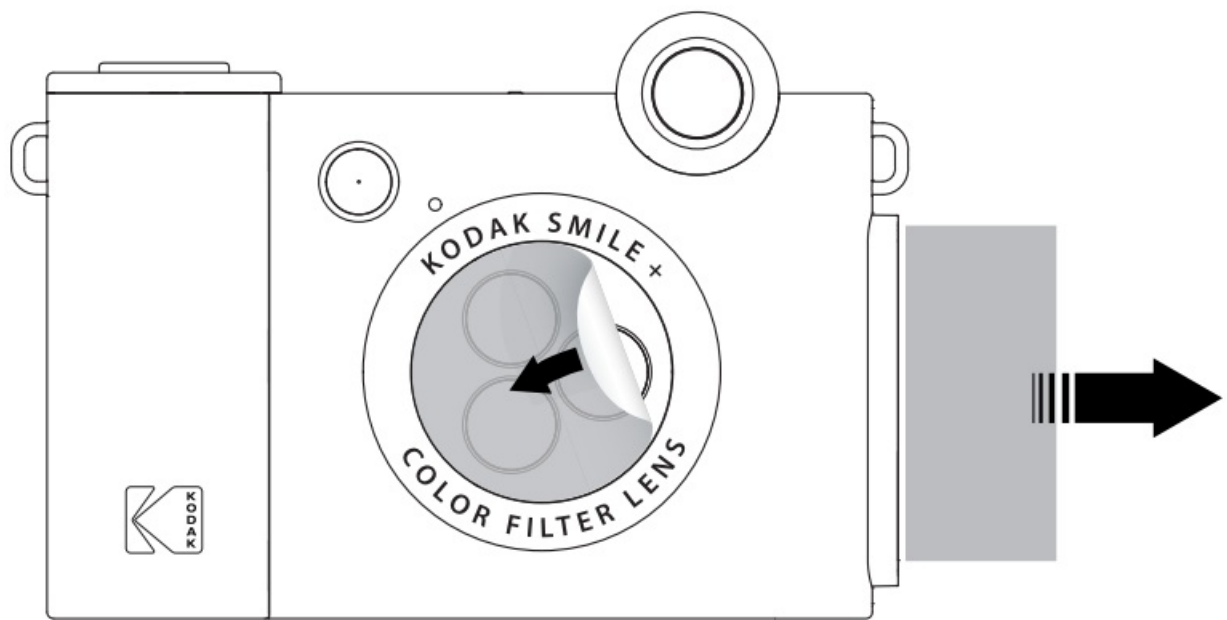

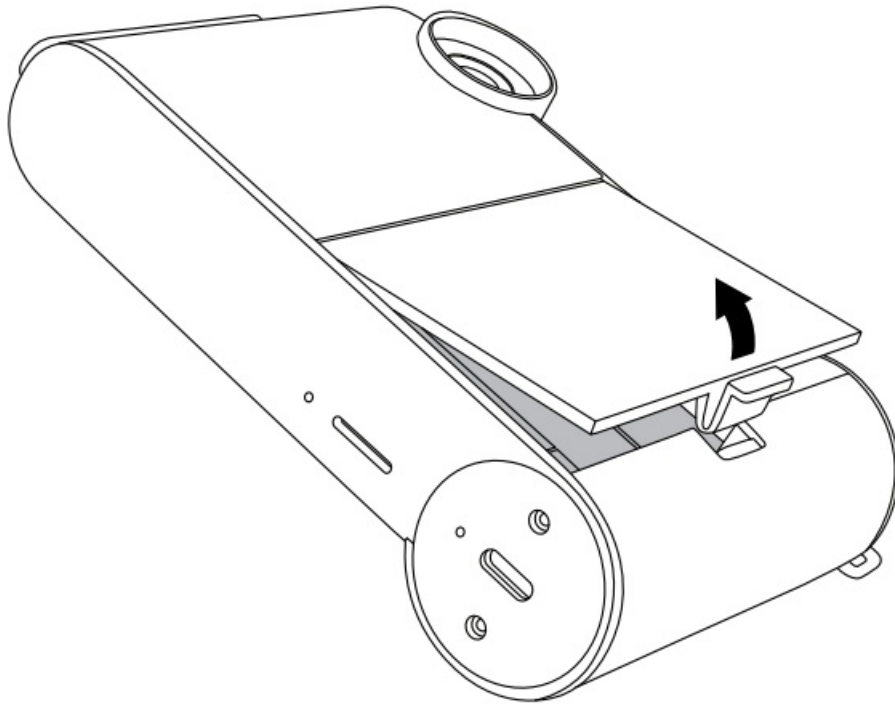

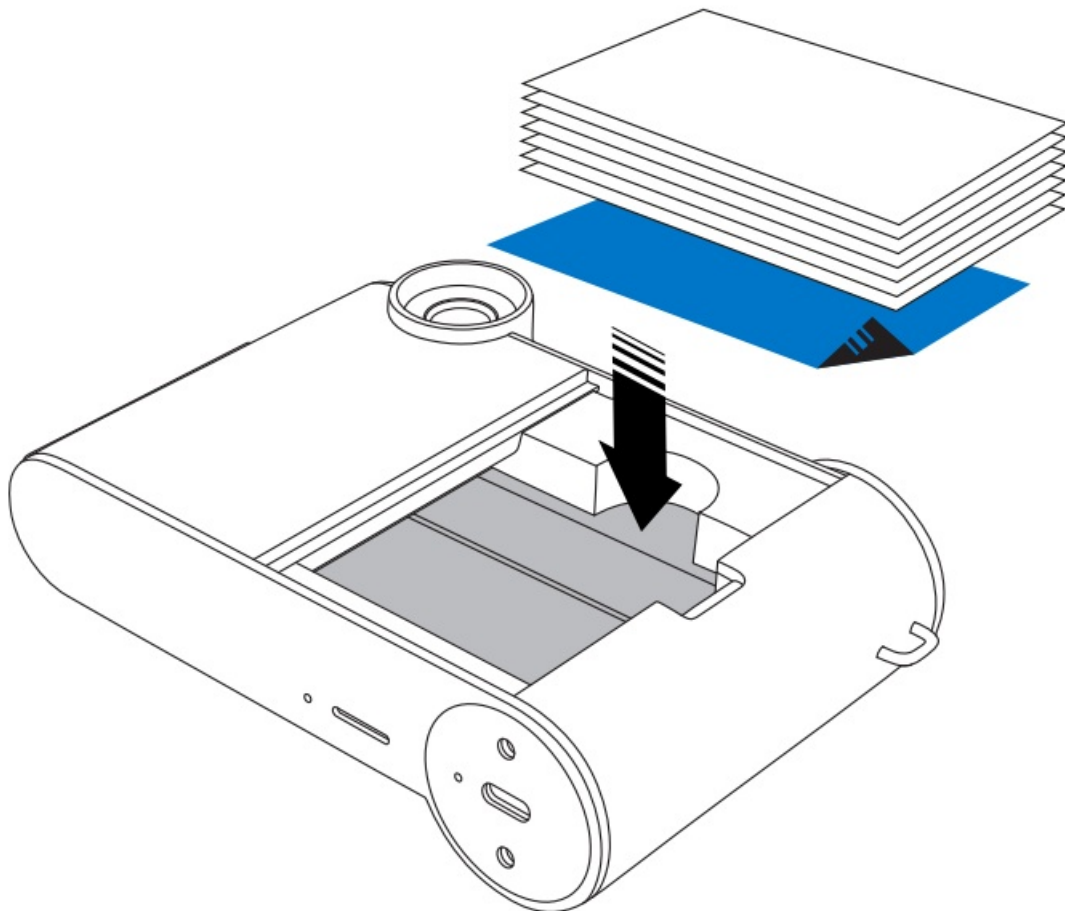

Remove plastic from camera lens and photo cardboard.
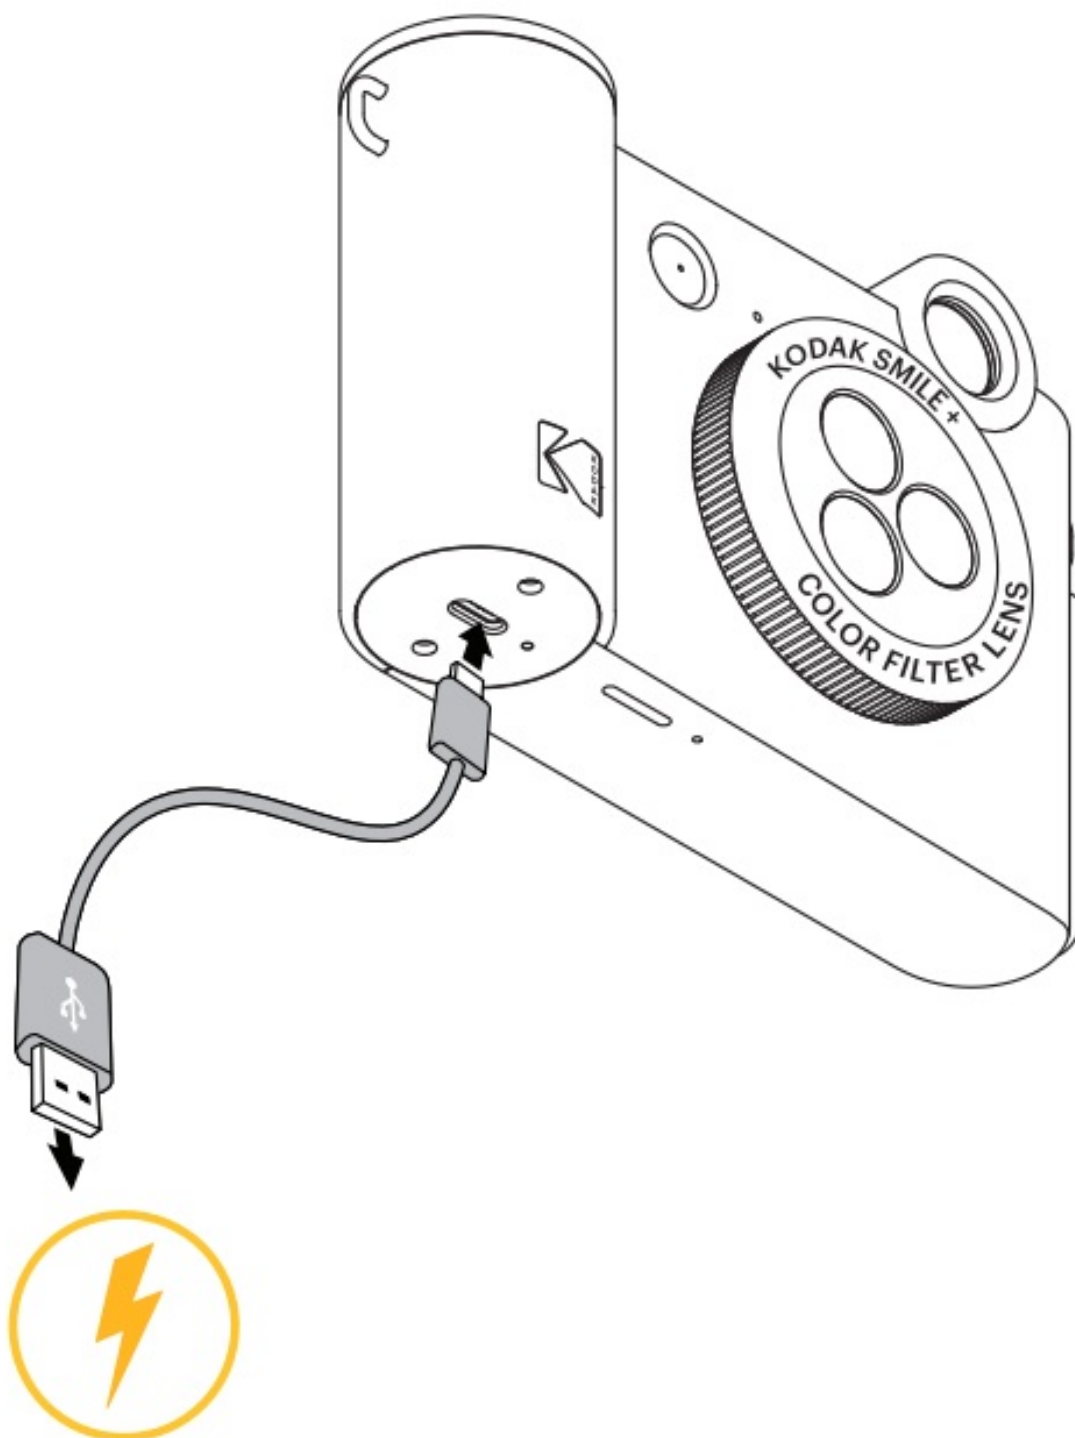

Charge the camera with a USB cable before use.

Lift tab to remove the camera door.

Insert paper into the paper compartment.
NOTE: Blue sheet should be at the bottom of the paper stack facing down.

Place the camera door back onto the camera.

Press the power button for 3 seconds to turn on the camera.
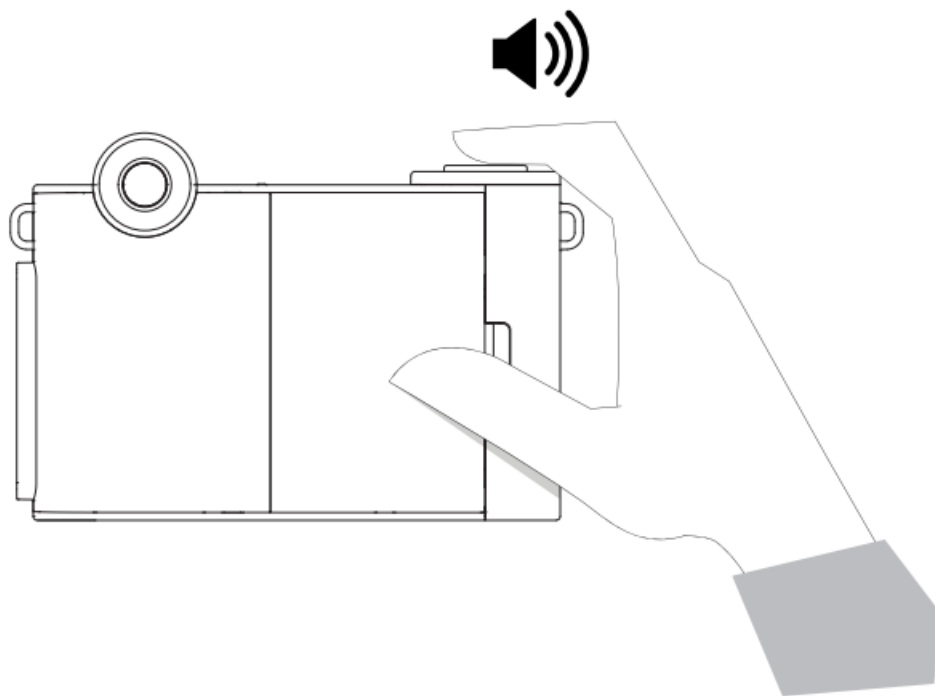

When you're ready to take a photo, press down on the shutter button and hold the camera still until you hear an alert.

Natural

Magenta

KODAK SMILE +
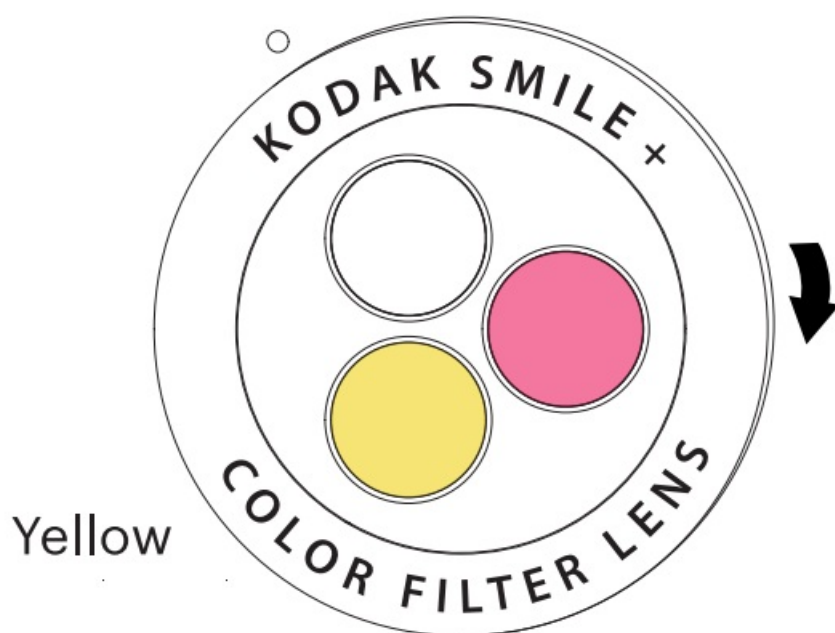

COLOR FILTER LENS

Yellow

Turn the lens on the front of the camera to select a different color filter: Natural, Yellow, or Magenta.

When you're done, press and hold the power button to turn off the camera.

Connect your smartphone to the camera via Bluetooth® to print photos from your smartphone.

Photo Tips

Be aware that the blue sheet will print out first.
To reset camera, press and hold the reset button for 2 seconds using a pin.
When using a SD card, photos can only be saved to the SD card. You can't print photos from the SD card.
The flash will automatically turn on when the camera senses the environment is dark.
Make sure not to cover printing slot with hand when photo is printing.
