COMPONENTS

- Wireless Keyboard

- USB Receiver

- User Guide

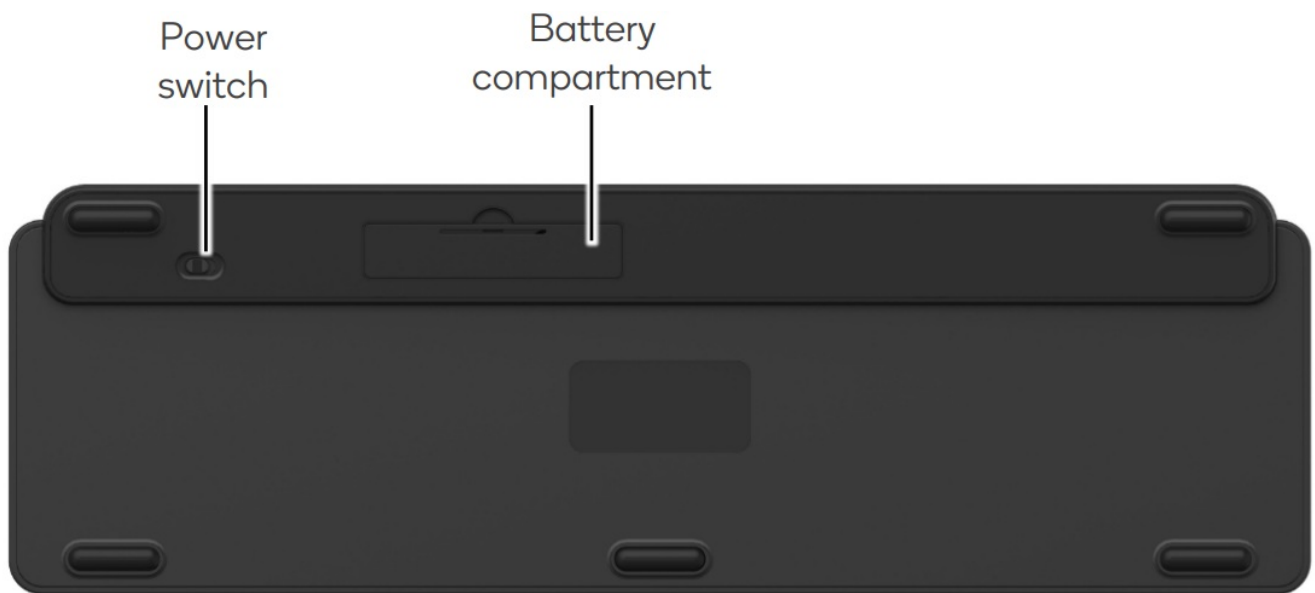

INSTALLATION

Battery:

- Open the battery compartment on the keyboard.
- Insert a AAA battery paying attention to the orientation of the polarity symbols.
- Place the power switch to the ON position.

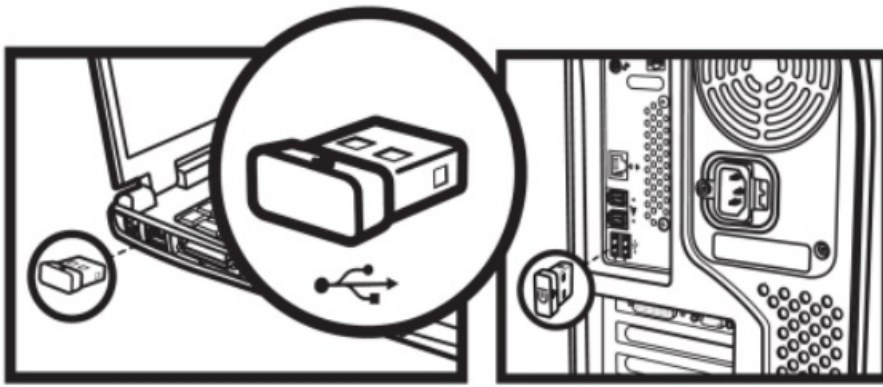

Note: Remove the battery if you do not intend to use the keyboard for an extended period of time.

Wireless Connection:

- Remove the USB receiver from the battery compartment.
- Plug the USB receiver into a USB port on your computer.

Note: Ensure there are no large metal objects between the keyboard and receiver, otherwise the connection will be affected.

OPERATION

Compatibility

The following systems are supported: Windows 10, Windows 8, Windows 7, Windows Vista, Windows XP, MAC.
