5. MINI USB TYPE-C

   Used for downloading firmware, and for after-sales use only .
6. **DCIN**

   Connect DC adapter to power on the device.

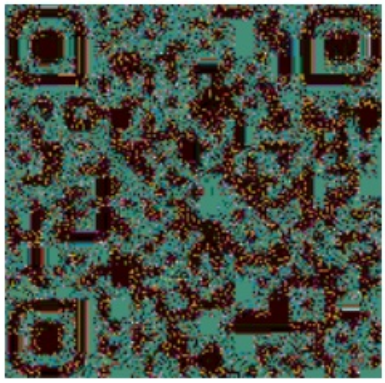
GETTING STARTED

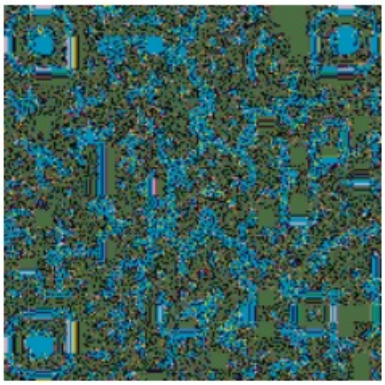
Thank you for purchasing your very own frame.
First, to set up your frame follow the ‘Quick star guide’ inclused in the package. If you are new to using Frameo then start by following the Frameo quick setup on page or follow the on screen guide when powering it on for the first time.
Once you have set up your Frameo frame. start connecting it to your friends and family.

FRAMEO APP

To send photos to your frame, use the Frameo app for iOS or Android.

Find the frameo app on:
Google play by searching for “frameo” or scan this QR code
App Store by searching for “frarneo” or scan this QR code





FRAMEO QUICK SETUP

When starting your frame for the first time, you will need to set up the frame.

- First you start by selecting a language. This will be the language used throughout Frameo.
- Connect your frame to the internet by connecting it to Wi-Fi.

  If a newer version of the frameo software is available, then you will be prompted with an update dialog. It is recommended to update your frame immediately if prompted.
- Enter your name and the location where you have placed your frame e.g. “John Doe” and “Living room’. “Kitchen” or “Office” and finally set the timezone if not already correct.

START USING FRAMEO

Start by connecting with your friends and family by providing them with a unique code from your frame.
If you want to be able to send photos to the frame yourself, start by downloading the app for iOS or Android on App Store or Google Play. Then use the code to connect your frame and app as described below.

CONNECTING A NEW FRIEND

- Make sure that your friend has downloaded and installed the Frameo app.
- Click the add friend icon on your frame .A dialog will appear showing a connection code, whicn ts valid for 12 hours.
- Now share this code in whatever fashion you prefer e.g. SMS, E-Mail, IM, phone call, to your friend.
- Once your friends have added the code in their Frameo app, they will automatically appear on your frame and be able to send you photos.

NAVIGATING YOUR FRAMEO

You interact with your frame through its touchscreen.
Swipe left or right to go through your photos.
To access the menu, simply tap once on the screen,this will Sh@umlilase MENU.
In the menu ycummpanaiida find quick access to the add friends dialog and the settings menu From the menu it is also possible to hide tic Vurently shown photos”anerte adjust the positioning of the photo.

SETTINGS

Through settings, you can personalize your frame to your needs.

MY FRAME

FRAME NAME
Changes the name of your frame. This is also the name that connected friends and family will see in their list of connected frames in the smartphone app.

FRAME LOCATION
Changes the location of your frame. This is the location displayed on your friends’ and family’s list of connected frames which can help to distinguish frames from each other.

SET LANGUAGE
Sets the language throughout your frame.

SET TIME ZONE
Sets the timezone that should be used on your frame.

SLEEP MODE
Frameo offers a sleep mode which turns off the screen to reduce power consumption while you e.g. are sleeping. Its default setting is to turn off the screen at 23:00 and turn on the screen again at 07:00. To change this just set the sleep mode start/ end time.

Your frame is not powered down orin standby, so you will still be able to receive photos during sleep mode.

MANAGE PHOTOS

SHOW/HIDE PHOTOS
Select which photos to hide by tapping the particular photos you wish to hide.
Hidden photos will NOT be deleted from your frame and you can always select them to be shown again.

Use to hide or show all photos.
