## KOLO Technic GT Smart Fresh Rack Instruction Manual

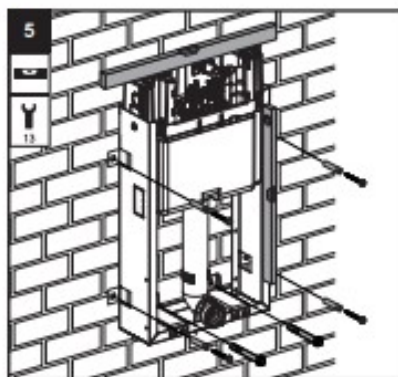

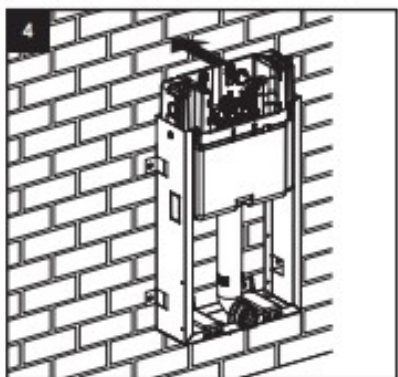

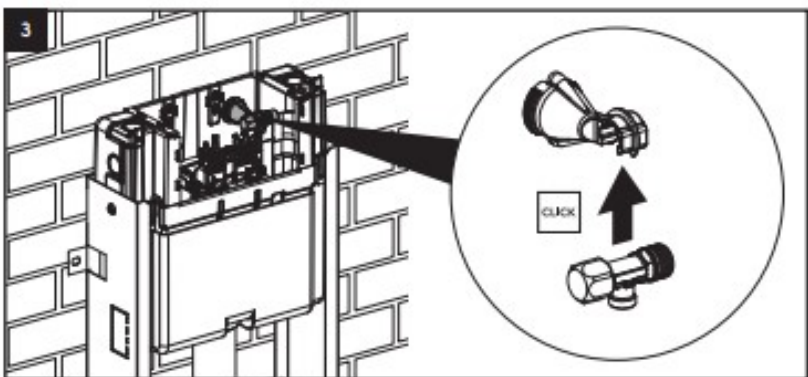

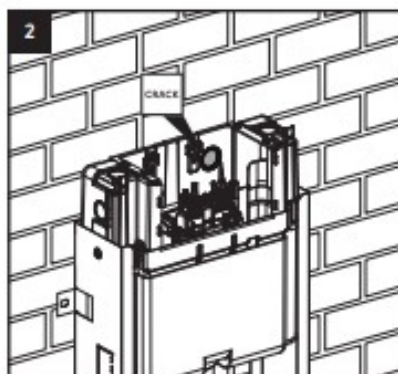

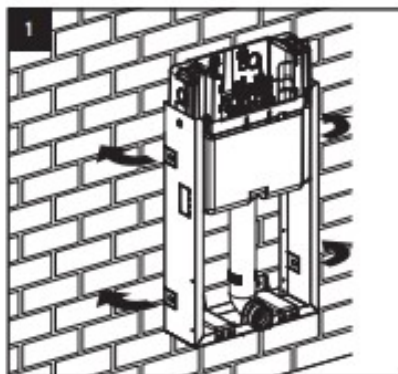

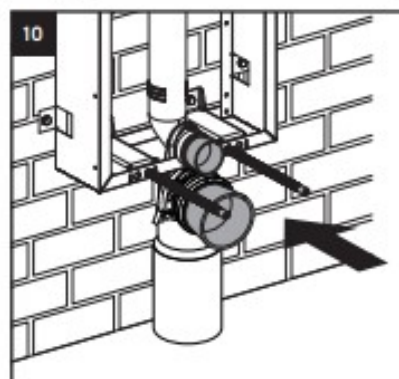

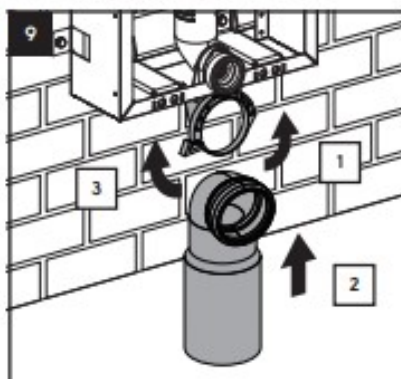

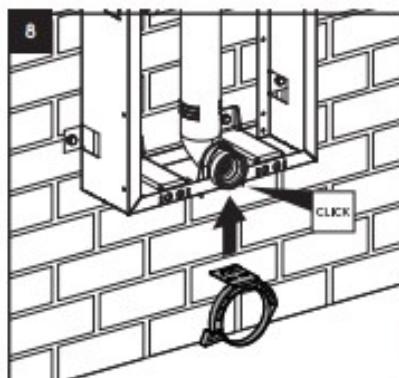

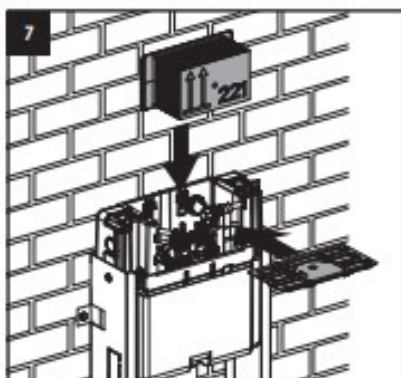

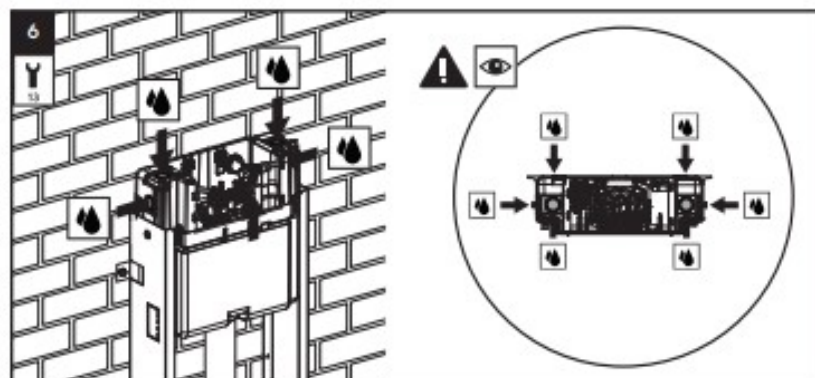

### NOTE!

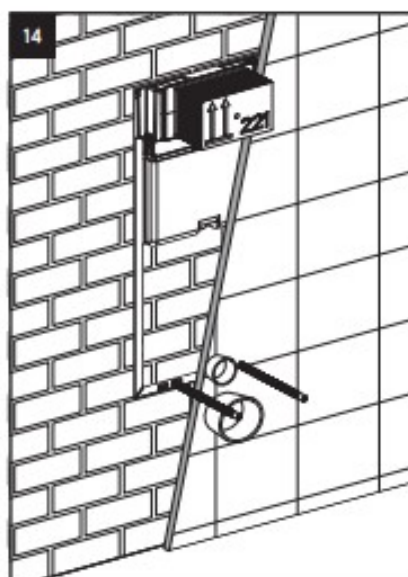

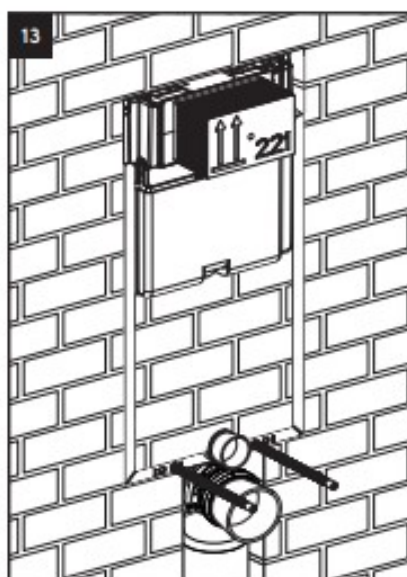

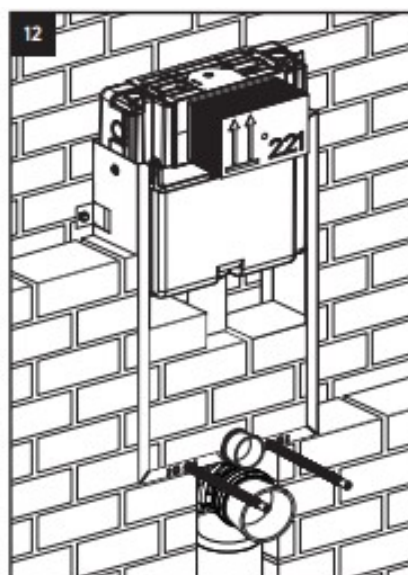

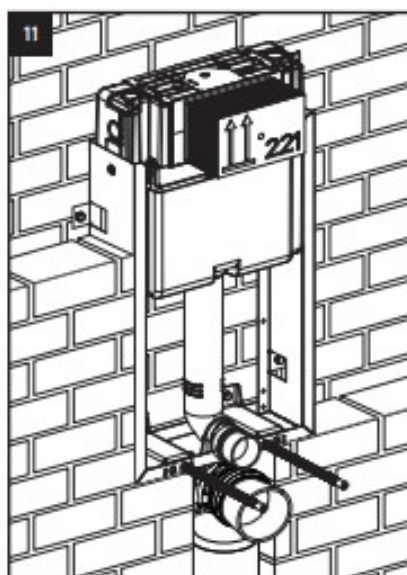

If damage to the product or other property occurs due to a failure to follow these recommendations, the guarantee shall cease to be valid and therefore Sanitec Kolo shall not be liable for any damage.

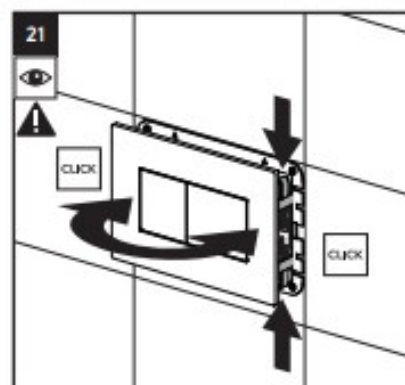

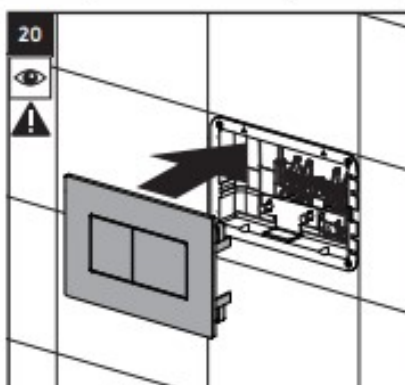

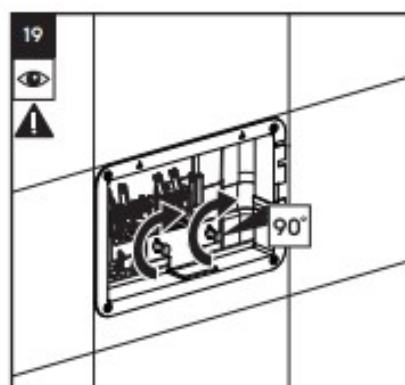

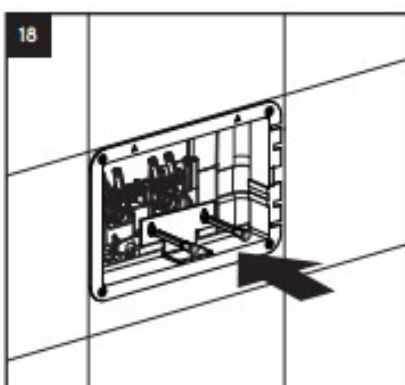

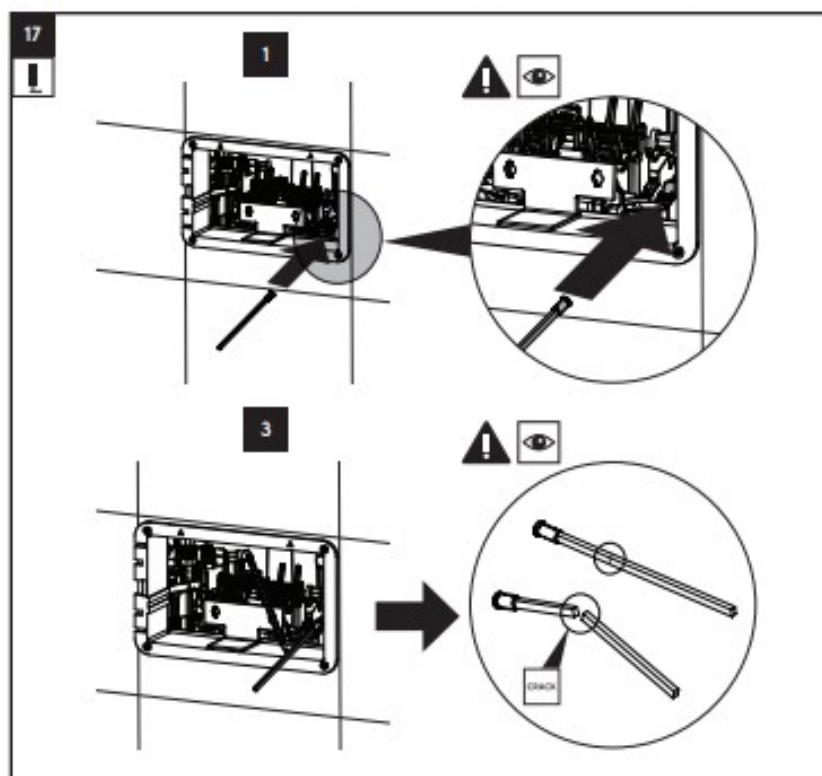

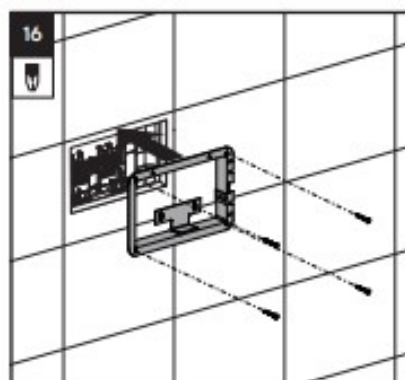

- The assembly instructions should always be followed.
- Only original parts should be used.
- The sanitary systems should be installed according to generally accepted building practice.
- Before assembling process rinse carefully water pipes.
- In the case of any leaks from the system, it should be always possible for a professional to perform an inspection and any necessary repair.
- Ensure all water joints are free from leaks before permanently building in the frame. Several complete tank filling and flushing cycles should be carried out.
