INSTALLATION

Installing batteries
Two AAA batteries are required for operation.

- Remove the battery cover.
- Check the polarity of the batteries and the "+/-" marks inside the battery compartment.
- Insert the batteries following the marks.
- Push the battery cover back in place.

Pair with a Konftel camera
You are able to pair up to four Konftel cameras to one remote control. To pair the remote, press the below buttons in the following order:

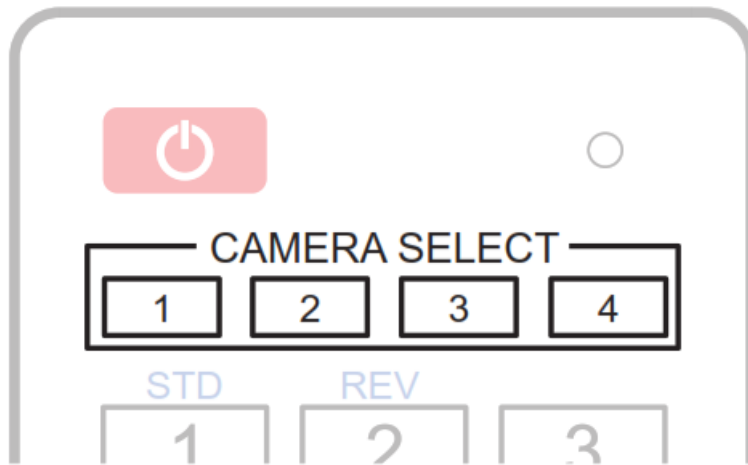

[*] [#] [F1]: Camera 1
[*] [#] [F2]: Camera 2
[*] [#] [F3]: Camera 3
[*] [#] [F4]: Camera 4

Select one of multiple cameras
Press the **"CAMERA SELECT"** button corresponding to the camera you want to operate with the remote controller.
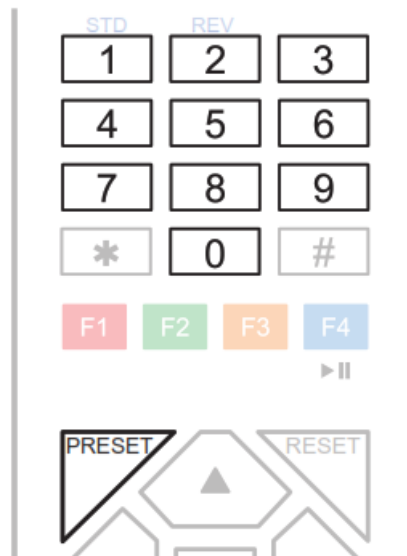

USEFUL TIPS

Set presets
With the Konftel Cam20 and Cam50, you can set different presets via the remote control.
Presets are pre-configured camera positions for swift PTZ.
To set a preset press "PRESET" followed by a number.
For example "PRESET" then press "2". This will save the current camera position to preset memory 2.

Select presets
To select a preset press one of the pre-configured number buttons on the remote.

Advanced settings

To make advanced settings, for example, to change exposure or color settings, press the "MENU" button.
Please note! The menu will be displayed on the screen when the camera image is in preview mode.
