Timely Reminders	Alerts you when the tracked item is out of range.
Practical Presents	A thoughtful gift for friends and family who are always on the go.

## WHAT'S IN THE BOX

- 5 x Smart Portable GPS Tracking

- User Manual

## FEATURES

- **Find Things Fast:** Within a 15-meter radius, the GPS tracker makes it simple to find things like phones, wallets, luggage, keys, pets (dogs and cats), and other necessities.
- **Long Battery Life:** The CR2032 battery that powers the tracker has a standby time of more than six months, guaranteeing minimal power consumption and long-term use.
- **Easy to Use:** To connect the tracker to your phone for immediate use, just download the app from the user manual and push the button.
- **Alarm Reminder:** The device will sound or flash to notify you if an object with the tracker leaves its range, assisting you in quickly finding your misplaced possessions.
- **Phone Finder Function:** Double-pressing the tracker's button will cause your phone to sound an alarm, which will assist you in finding it if you misplace it.
- **Waterproof Design:** Because to its waterproof design, the tracker can be used in a variety of settings without fear of water damage.
- **Lightweight and Compact:** The tracker is lightweight and portable, and it can be readily fastened to luggage, pets, keys, and other objects without adding bulk.

- Bluetooth connectivity makes it simple to track and locate goods by connecting to your smartphone via Bluetooth.
- **Supports a Variety of Applications:** This gadget is adaptable to a range of tracking requirements because it supports GPS and alarm applications.
- **Ideal for Pet Tracking:** This collar attachment makes it simple to locate your pet in the event that they go lost.
- **Low Power Consumption:** Made to use the least amount of power possible, this device can run for a long period on a single battery.
- **Customizable Alarm Settings:** If necessary, you can disable the disconnection alerts and change the alarm

settings to your liking.

- **Perfect for Forgetful persons:** A wonderful way to bring peace of mind to elderly persons, kids, or anyone who frequently loses things.
- **Supports Multiple Devices:** You can track multiple items at once by connecting multiple trackers to your phone.
- **Reasonably priced:** At \$15.59, it provides great value for conveniently tracking and finding crucial goods.

## SETUP GUIDE

- **Open the Tracker:** Make sure the GPS tracker and user instructions are included by first opening the package.
- **Set up the application:** As instructed in the user manual, download the GPS tracking app from the app store on your phone (compatible with both iOS and Android).
- **Place the Battery:** Make sure the CR2032 battery is inserted into the device with the proper polarity.
- **Tracker Power On:** To activate the tracker, press and hold the button for a few seconds.
- **Link to Your Phone:** To pair the tracker with your phone using Bluetooth, adhere to the in-app directions.
- **Connect Your Item to the Tracker:** Put the GPS tracker on the object you wish to monitor, like a bag, pet collar, or keychain.
- Verify that the app recognizes the tracker and displays it as connected by testing the connection.
- **Configure Alarm Alerts:** In the app's settings, turn on notifications for when the tracker leaves a predetermined range of your phone.
- **Modify alert Sensitivity:** Configure the alert to sound after a predetermined amount of time or distance that the tracker is out of range.
- **Test the Range:** Move your phone away from the tracker and see if the alarm sounds when the device is outside of the designated range.
- **Turn on Phone Finder Mode:** Press the tracker's button to set off an alarm on your phone in case you misplace it.
- **Configure Custom Alert Tones:** Select the sound or vibration you want to use in the event that the device disconnects or goes out of range.
- **Sync Multiple Devices:** For simultaneous monitoring, you can use the app to connect all of your trackers to your phone.
- **Check Battery Life:** Keep an eye on the app's battery level to make sure it stays charged for optimum performance.
- **Store for Later Use:** To extend the tracker's battery life and device functioning, keep it in a cool, dry location while not in use.

## CARE & MAINTENANCE

- **Avoid Exposure to Extreme Temperatures:** The tracker's battery life and performance may be impacted if it is left in areas that are extremely hot or cold.
- **Change the Battery:** Get a new CR2032 battery if the tracker's performance begins to deteriorate or the alarm stops working.
- **Keep the Device Clean:** To get rid of dust, debris, or grime, wipe the tracker on a regular basis with a soft, dry cloth.
- **Verify Bluetooth Connectivity:** To keep a steady connection with the tracker, make sure your phone's

Bluetooth is always turned on.

- **Use in Dry Environments:** To extend the device's lifespan, try to keep it out of the water for as long as possible, even though it is waterproof.
- **Store Correctly:** To prevent damage and prolong battery life, keep the tracker in a cool, safe location while not in use.
- **Monitor Battery Life:** To prevent unplanned disconnections, keep a check on the battery life status in the app and replace it as necessary.
- **Prevent Physical Damage:** Take care not to drop the tracker or expose it to physical forces that can harm its internal parts.
- **Update the App Frequently:** To ensure better functionality and bug fixes, make sure your GPS tracking app is up to date with the most recent version.
- **Test the Tracker Frequently:** Test the range and alarm features of the tracker on a regular basis to make sure it is operating correctly.
- **Monitor Several Devices:** Make sure all of your trackers are correctly synchronized and maintained for dependable performance if you have more than one.
- **Turn Off Unused Trackers:** To save battery life and extend the tracker's lifespan, turn off the tracker when not in use.
- **Steer Clear of Strong Magnetic Fields:** Bluetooth communication may be disrupted if the tracker is placed close to magnets or other objects that produce strong electromagnetic fields.
- **Be Aware of the Alarm Settings:** For best results, frequently review the app's alarm settings and modify them to your liking.
- **Battery Disposal:** When a battery runs out, swap it out for a new one and dispose of the old one in accordance with your community's recycling laws.

## PROS & CONS

### PROS

1. Waterproof design ensures durability in any weather condition.
2. Compact and lightweight for easy attachment to various items.
3. Bluetooth technology provides a reliable connection to your smartphone.
4. Long-lasting battery reduces the need for frequent replacements.
5. Affordable price point, making it accessible for everyone.

### CONS

1. Limited tracking range, dependent on Bluetooth connectivity.
2. Requires a smartphone to function properly, limiting its standalone use.
3. May not work in areas with poor Bluetooth signal strength.
4. Some users may find the setup process slightly tricky.
5. Not compatible with all types of devices or operating systems.

## WARRANTY

The **Konoha B09V2VGVD6 Smart Portable GPS Tracking** comes with a **1-year** limited warranty from the manufacturer. This warranty covers any defects in materials or craftsmanship, ensuring the product functions as expected. The warranty does not cover damages caused by misuse, physical impact, or water damage beyond the product's specifications. To take advantage of the warranty, customers must provide proof of purchase and return the defective product in its original packaging. If the product fails to perform under normal usage conditions, it will be replaced or refunded.

## FREQUENTLY ASKED QUESTIONS

What is the price of the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is priced at \$15.59, offering an affordable solution for tracking your important items.

What is the primary function of the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is designed to track everyday items such as keys, bags, umbrellas, pets, cats, wallets, purses, luggage, and other valuable items.

What special feature does the Konoha B09V2VGVD6 Smart Portable GPS Tracking have?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is waterproof, which means it can withstand exposure to moisture and is durable for outdoor use.

How does the Konoha B09V2VGVD6 Smart Portable GPS Tracking connect to devices?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking connects to your smartphone or other devices via Bluetooth, ensuring quick and easy setup.

What types of applications does the Konoha B09V2VGVD6 Smart Portable GPS Tracking support?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking supports alarm and GPS applications, which help you locate items and set notifications if they go out of range.

What are the specific uses of the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is ideal for tracking keys, bags, umbrellas, pets, cats, wallets, purses, luggage, and other important belongings.

What is the battery requirement for the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking requires 1 CR2 battery to function, which is included in the package.

What are the dimensions of the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking has compact dimensions of 3.58 x 3.46 x 0.75 inches, making it easy to carry and attach to your items.

How long does the battery last in the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is designed with long battery life, so you can rely on it for extended periods of time without frequent replacements.

How easy is it to use the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking is very convenient to use, allowing you to easily locate your items with a simple Bluetooth connection to your phone.

What technology does the Konoha B09V2VGVD6 Smart Portable GPS Tracking use for item location?

The Konoha B09V2VGVD6 Smart Portable GPS Tracking uses Bluetooth technology to connect with your smartphone and help you locate your items in real-time.

Can I track multiple items with the Konoha B09V2VGVD6 Smart Portable GPS Tracking?

the Konoha B09V2VGVD6 Smart Portable GPS Tracking can be used to track multiple items by attaching separate trackers to each item and controlling them via the app.

Why is my Konoha B09V2VGVD6 Smart Portable GPS Tracking device not turning on?

Ensure the device is fully charged or replace the battery if it's not holding a charge. Also, check the power button and ensure it's functioning properly. If the issue persists, try a hard reset as per the user manual.

Why is the Konoha B09V2VGVD6 Smart Portable GPS Tracking showing incorrect location data?

The device may have trouble acquiring a GPS signal due to poor satellite visibility. Ensure you're in an open area with minimal obstructions like tall buildings or heavy tree cover. Try restarting the device or checking the GPS settings.

What should I do if my Konoha B09V2VGVD6 Smart Portable GPS Tracking device is not connecting to the app?

Check if Bluetooth or Wi-Fi is enabled on your smartphone and ensure the device is within range. Ensure that both the GPS device and the app have the latest updates. If the issue persists, try reinstalling the app and reconnecting.
