KreizyGo Rechargeable Interactive Flapping Eaglet

INTRODUCTION

The KreizyGo Rechargeable Interactive Flapping Eaglet is a one-of-a-kind, fun toy that cats will love because its wings flap realistically, giving cats hours of excitement. KreizyGo, a well-known company that makes pet toys, released this toy on February 27, 2024. It is made of high-quality materials and smart design to move like a real bird, making it attractive to cats. This toy is good for the world because it uses a USB-rechargeable battery instead of batteries that need to be changed all the time. The KreizyGo Flapping Eaglet, which costs only \$20.99, is meant to give cat owners an easy and inexpensive way to satisfy their cats' natural desires. At 4 x 2 x 3 inches and 2.47 ounces, this toy is small but strong. It's easy for pets to play with and will keep them entertained for hours. This toy is a great way to get your cat to play, whether they are already busy or need some motivation.

SPECIFICATIONS

Brand	KreizyGo
Price	\$20.99

Product Dimensions	4 x 2 x 3 inches
Weight	2.47 ounces
Power Source	USB Rechargeable
Date First Available	February 27, 2024
Manufacturer	KreizyGo

WHAT’S IN THE BOX

- Flapping Eaglet
- Battery
- User Manual

FEATURES

- **Touch Activation:** The toy turns on when it is touched, which gets cats to play and encourages participatory fun.
- **Automatic Activation:** It turns on by itself every 30 seconds, so your cat can keep having fun and staying interested.
- **Upgraded Intelligent Motor:** This feature makes the toy more sensitive, so the flapping and chirping sound is more real and fun.
- **Multiple Play Modes:** It has three modes: a flapping mode, a chirping mode, and a mode that combines the two. This gives cats a lot of different ways to play with it.

3 INTELLIGENT GAME MODES

- **Soft, Bite-Resistant Plush:** The outside is made of safe, long-lasting materials that are made to stand up to rough play and eating.
- **Includes Catnip Packs:** The toy comes with two packs of catnip to make it more appealing and encourage play and joy.
- **Realistic Eaglet Design:** The realistic design makes it look like a real eaglet, which will catch your cat's attention and make it want to play naturally.
- **Non-Fading Colors:** The soft fluff keeps its color over time, so your cat will still find the toy appealing to look at.
- **Encourages Exercise:** Playing with the toy keeps your pet from getting bored and encourages them to be active, which is good for their health.
- **USB Rechargeable:** No need for batteries, and it comes with a charging cable for USB devices.

- **Charging LED Lights:** There are red and green LED lights that show the charging state. The red lights are on while charging and the green lights are on when the battery is fully charged.
- **Long Battery Life:** A fully charged battery can handle up to 200 shocks and chirps, so you can play for longer.
- **It's small**—it measures 4 by 2 by 3 inches and weighs 2.47 ounces—so it's easy to move and store in a variety of places.
- **The price of \$20.99** makes it a good choice for cat owners who want to buy interactive toys.
- **Ideal Gift for Pets:** This is a thoughtful gift for pet lovers because it can be given for holidays like Thanksgiving and Christmas or just for fun every day.

KREIZYGO FLAPPING WINGS INTERACTIVE CAT TOYS

SETUP GUIDE

- **Unboxing:** Take the toy out of the box carefully, making sure no parts are broken.
- **Check for Damage:** Before the first use, look for any flaws or missing parts.
- **Find the Charging Port:** Look for the toy's USB charging port, which is usually near the bottom or back.
- **Charge the Toy:** Plug the USB cord that came with the toy into a USB power source.
- **Pay Attention to the Charging Lights:** The red light means it's charging, so make sure it's safely connected.
- **Charging Time:** Give the toy time to fully charge, which should only take a few hours (check the instructions for exact times).
- **Indicator Light Confirmation:** When the green light comes on, it means the toy is fully charged.
- **Turn on Play Modes:** To turn on the toy, gently touch it. Try out different modes to find the one your cat likes best.
- **Introduce Catnip:** To get your cat interested in the toy, open the catnip packs that came with it and sprinkle some around it or in a certain spot.
- **Setting up the play area:** Pick a safe, comfy area that is free of anything that could hurt your pet.
- **Watch Your Pet Play:** Always watch your pet play to make sure it stays safe and stops it from chewing on the inside parts.
- **Get your cat to interact with you** by hitting the toy. This will encourage them to play with it and find out what it

can do.

- **Storage:** Keep the toy in a dry place when not in use to keep it from getting wet and to make it last longer.
- **Check the toy's condition often:** Look at the toy for signs of wear and tear every so often, especially after busy play sessions.
- **Change How Often You Play:** To keep your cat involved, switch up the times you play with the toy. For best results, do this a few times a day.

CARE & MAINTENANCE

- **Regular Cleaning:** Use a wet cloth to wipe down the soft outside to get rid of fur and dirt. Please don't put it in water.
- **Spot Cleaning:** To get rid of stains, use a soft cloth and a light detergent. Stay away from harsh chemicals that could damage the fabric.
- **Drying:** To stop mold growth, let the toy dry completely in the air before putting it away or using it again.
- **Maintenance for the battery:** Charge the toy's battery often to keep it in good shape; don't let it die fully before charging it again.
- **Conditions for Storage:** To keep the toy in good shape and usable, keep it in a cool, dry place when not in use.
- **Check for Damage:** Look for signs of wear and tear, like tears in the soft material or damage to the internal parts, on a regular basis.
- **Replace Catnip:** If your cat likes the catnip, add new catnip to the toy every so often to keep it interesting.
- **Do Not Allow Rough Play:** To make the toy last longer, do not allow rough play or chewing that is too rough.
- **Take Out Any Loose Parts:** If any parts come loose, carefully take them out to keep kids from drowning.
- **Limit Your Exposure to Water:** To keep the electronics from breaking, keep the toy away from water sources.
- **Do Not Wash in a Machine:** Do not wash the toy in a machine because it could damage the computer parts and shorten its life.
- **Help Your Cat Learn:** Show your cat how to play with the toy without breaking it by encouraging them to do so.
- **Check the Charging cord:** Look for damage in the USB charging cord and replace it if it's frayed or broken.
- **Monitor Usage:** To avoid overstimulation and keep play fun, keep track of how long you play and how often you connect with your child.

TROUBLESHOOTING

Issue	Possible Cause	Solution
The toy does not turn on	Low battery	Recharge the toy using a USB charger
Flapping wings do not work	Battery fully drained	Recharge before use
Cat shows no interest	Not enough stimulation	Try different play settings or environments
Remote control unresponsive	Incorrect pairing	Re-pair the remote with the toy
The charging light not turning on	USB cable malfunction	Try a different USB cable or charger
Toy moves erratically	Battery issue	Replace or recharge the battery
Wings make noise during operation	Normal operational sound	Ensure the toy is placed on a soft surface
The material feels warm after charging	Normal heating due to charging	Allow to cool before use
The toy is not responding to movement	Sensor obstruction	Clear any debris around the sensor
The remote control range is limited	Interference from other devices	Move away from potential sources of interference
Cat knocks the toy over	Lightweight design	Place on a stable surface
Flapping speed is too fast or too slow	Settings need adjustment	Adjust the speed settings using the remote
Battery life shorter than expected	Continuous use without recharge	Ensure regular charging between uses
The toy stops working suddenly	Software glitch	Reset the toy by turning it off and on

PROS & CONS

Pros:

- Engaging design stimulates natural hunting instincts.
- USB rechargeable for convenient, eco-friendly use.
- Lightweight and compact, making it portable and easy to store.
- Suitable for a variety of cat sizes and breeds.
- High-quality construction ensures durability.

Cons:

- Limited color options are available.
- Some cats may not respond to the flapping movement.
- Requires charging; playtime can be interrupted if the battery dies.
- The sound level may not suit all pet preferences.
- Not waterproof; should be kept away from water.

WARRANTY

The KreizyGo Rechargeable Interactive Flapping Eaglet comes with a standard manufacturer's warranty covering defects in materials and workmanship for one year from the date of purchase. Be sure to retain your receipt as proof of purchase for warranty claims.

FREQUENTLY ASKED QUESTIONS

What is the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy?

The KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy is an interactive, USB-rechargeable cat toy designed to mimic the movement of an eaglet's wings, engaging your cat in active play.

How does the KreizyGo Eaglet toy work?

The toy features motorized flapping wings that activate when touched, simulating the movement of a small bird. This encourages cats to chase, pounce, and interact, keeping them engaged.

What are the dimensions of the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy?

The KreizyGo Eaglet measures 4 x 2 x 3 inches, making it a compact size that's easy for cats to bat around and carry.

How much does the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy weigh?

This toy weighs 2.47 ounces, which is light enough for most cats to handle and interact with comfortably.

What type of power source does the KreizyGo Eaglet Catnip Toy use?

The KreizyGo Intelligent Eaglet is USB-rechargeable, so no batteries are needed. You can recharge it easily for continuous play.

How long does it take to charge the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy?

The charging time for the KreizyGo Eaglet is generally around 1-2 hours, depending on the charging method and adapter used.

How long does the KreizyGo Eaglet toy last on a full charge?

On a full charge, the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy typically provides several hours of intermittent play, but exact duration may vary based on usage.

How does the KreizyGo Intelligent Eaglet engage cats in play?

The flapping wing motion of the KreizyGo Intelligent Eaglet mimics natural bird movements, which stimulates a cat's hunting instincts and encourages active play.

How do I charge the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy?

To charge, simply connect the KreizyGo Eaglet toy to a USB charger using the included cable until fully powered for your cat's next play session.

What material is the KreizyGo Intelligent Flapping Wings Eaglet made of?

KreizyGo's Eaglet is constructed with durable, cat-safe fabric and electronic components that are specifically designed to withstand rough play.

How do I clean the KreizyGo Intelligent Eaglet Catnip Toy?

For cleaning, gently wipe the KreizyGo Eaglet with a damp cloth, avoiding water contact with the motorized parts to prevent damage.

When was the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy released?

The KreizyGo Eaglet Catnip Toy was first available on February 27, 2024, making it a relatively new addition to the pet toy market.

Who manufactures the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy?

The KreizyGo Eaglet is manufactured by KreizyGo, a brand known for innovative pet toys designed to enrich the lives of pets and their owners.

How much does the KreizyGo Intelligent Flapping Wings Eaglet Catnip Toy cost?

The KreizyGo Intelligent Eaglet is priced at \$20.99, offering an affordable option for an interactive, rechargeable cat toy.

Why isn't my KreizyGo Rechargeable Interactive Flapping Eaglet turning on?

Ensure the KreizyGo Eaglet is fully charged using the provided USB cable. If it still doesn't turn on, check for any visible damage to the battery compartment or charging port.
