SAFETY INSTRUCTION

- Before connecting the earphones to the device, turn the volume down to avoid damaging ears. Keep the volume at a reasonable level throughout entire time of using the earphones. To prevent damage to your hearing, do not raise the volume too high.
- Do not use the earphones in places where the inability to hear ambient sound presents a serious risk (such as at railroad crossings, train stations, construction sites or on roads where vehicles and bicycles are traveling). Never use the earphones while driving a car, riding a motorcycle or bicycle or operating any other vehicle, as it may cause potential risk to your safety.
- Follow basic safety rules when operating the device.
- If you experience tinnitus, discomfort or other concerning behaviors, stop using the device immediately.
- Protect the earphones from shock and being dropped.
- Keep the device out of the reach of children.
- Protect this device from water, humidity and other liquids. Avoid using/storing it in extreme temperatures. Do

not expose it to direct sunlight and other sources of heat.

- Do not use this device if it has been damaged.
- Use only authorized accessories.
- Before cleaning make sure the earphones are disconnected from the external device.
- Clean this device with soft, slightly damp cloth. Do not use any abrasives or chemical agents to clean this product.

Correct Disposal of This Product

(Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems) This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Made in China for Lechpol Electronics Leszek Sp.k., ul. Garwolińska 1, 08-400 Miętne.
