Important Safety Instructions

For passive products, Except for the products supplied by AC Mains and adaptor and software

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water. (this does not apply to the outdoor products)
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Use only attachments/ accessories specified by the manufacturer.
10.  Use only with the cart, stand, tripod bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
11.  Correct disposal of this product: This symbol indicates that this product must not be disposed of with household waste, according to the WEEE Directive (2012/19/ EU) and your national law. This product should be taken to a collection center licensed for the recycling of waste electrical and electronic equipment (EEE). The mishandling of this type of waste could have a possible negative impact on the environment and human health due to potentially hazardous substances that are generally associated with EEE. At the same time, your cooperation in the correct disposal of this product will contribute to the efficient use of natural resources. For more information about where you can take your waste equipment for recycling, please contact your local city office or your household waste collection service.
12. Do not install in a confined space, such as a bookcase or similar unit.
13. Do not place naked flame sources, such as lighted candles, on the apparatus.

Introduction

Welcome!

Thank you for purchasing the CRC-VUL Remote Volume Control panel. In conjunction with the Lab. Gruppen CA, CM, CMA, and CPA Series of commercial amplifiers, the CRC-VUL provides easy control over volume. The CRC-VUL will fit in most standard-depth installation enclosures and will blend with any décor.

Control

CRC-VUL features a single volume knob with an illuminated LED ring.

LED Ring Illumination Configuration

The LED ring illumination can be configured with a switch on the PCB. ON and OFF positions marked on the PCB and the switch can be found between the PCB and the bottom plate.

Assembly and Mounting

The CRC-VUL fastens into the installation enclosure with two screws beneath the front plate. Fasten the main unit into the enclosure with the mounting screws from the enclosure. When the unit is securely fastened, attach the front plate.

Wiring and Installation

Wire the CRC-VUL to any Remote port on a CA, CM, CMA, and CPA product to control the volume of the channel associated with the Remote port. With custom cabling, a single remote can also be paralleled to the other channels' remote port on a two-channel device.

RJ-45 Pin	Color	Potentiometer	Description
1	White / orange	Fixed end	VCC 10 V
2	Orange	Variable / wiper	Volume control
8	Brown	Fixed end	Ground

Operation

The CRC-VUL volume control is Attenuation only, i.e., the volume control can only be used to reduce the volume. The CRC-VUL remote volume control and the amplifier's master volume control are in series and both always active.

A typical configuration includes the following steps:

1. Turn the CRC-VUL volume knob to maximum (fully clockwise).
2. Adjust the amplifier's master volume control to the loudest setting you expect will ever be needed.
3. Turn the CRC-VUL volume knob down to the desired listening level.

By following this configuration method, the listening level set by the CRC-VUL remote volume control can never exceed the maximum level set on the amplifier's master volume.

Dimensions

Specification

Volume	1 x rotary control
Connector	1 x RJ45
Cable	Cat5/6
Cable length	Up to 305 m (1000 ft)
Potentiometer	20 kΩ linear
Dimensions (H x W x D)	114 x 70 x 41 mm (4.5 x 2.8 x 1.6")
Weight	0.05 kg (0.11 lbs)

Hereby, Music Tribe declares that this product is in compliance with Directive 2011/65/EU and Amendment 2015/863/
EU, Directive 2012/19/EU, Regulation 519/2012 REACH SVHC and Directive 1907/2006/EC, and this passive product is not applicable to EMC Directive 2014/30/EU, LV Directive 2014/35/EU.
