## **Placing an Order**

All orders need to be accompanied by a copy of your purchase order. All orders must include the following information:

- Quantity
- Part Number
- Description
- Purchase order number or method of pre-payment
- Tax status (include tax-exempt numbers)
- The shipping address for this order
- The billing address for the invoice we'll mail when this order is shipped
- Telephone number
- Email address
- Signature and typed name of the person authorized to order these products

## **Exchanges and Refunds**

No item may be returned without prior authorization from Lafayette Instrument Company and the Return Materials Authorization (RMA#) number which must be affixed to the shipping label of the returned goods. The merchandise should be packed well and insured for the full value. Unopened merchandise may be returned prepaid within thirty (30) days after receipt of the item and in the original shipping carton. Collect shipments will not be accepted. The product must be returned in saleable condition, and credit is subject to inspection of the merchandise.

## **Repairs**

Instrumentation may not be returned without first receiving a Return Materials Authorization Number (RMA). When returning instrumentation for service, please contact Lafayette Instrument to receive an RMA number. Your RMA number will be good for 30 days.

Address the shipment to:

Lafayette Instrument Company

RMA# XXXX

3700 Sagamore Parkway North

Lafayette, IN 47904, USA.

Shipments cannot be received at the PO Box. All items should be packed well and insured for full value. An estimate of repair will be given before completion. We must receive a copy of your purchase order via email before non-warranty repair work can commence.

## **Damaged Goods**

Damaged instrumentation should not be returned to Lafayette Instrument before a thorough inspection. If a shipment arrives damaged, note the damage on the delivery bill and have the driver sign it to acknowledge the damage. Contact the delivery service, and they will file an insurance claim. If damage is not detected at the time of delivery, contact the carrier/shipper and request an inspection within 10 days of the original delivery. Please contact the Lafayette Instrument Customer Service Department for repair or replacement of the damaged merchandise.

## **Limited Warranty**

Lafayette Instrument Company warrants the equipment to be free of defects in material and workmanship for one year from the date of shipment, except as provided hereinafter. This assumes normal usage under commonly accepted operating parameters and excludes consumable products.

The warranty period for repairs or used instrumentation purchased from Lafayette Instrument is 90 days. Lafayette Instrument The Company agrees either to repair or replace, at its sole option and free of part charges to the customer, instrumentation which, under proper and normal conditions of use, proves to be defective within the warranty period.

Warranty for any parts of such repaired or replaced instrumentation shall be covered under the same limited warranty and shall have a warranty period of 90 days from the date of shipment or the remainder of the original warranty period whichever is greater. This warranty and remedy are given expressly and instead of all other warranties, expressed or implied, of merchantability or fitness for a particular purpose and constitute the only warranty made by Lafayette Instrument Company.

Lafayette Instrument Company neither assumes nor authorizes any person to assume for it any other liability in connection with the sale, installation, service, or use of its instrumentation. Lafayette Instrument Company shall have no liability whatsoever for special, consequential, or punitive damages of any kind from any cause arising out of the sale, installation, service, or use of its instrumentation.

All products manufactured by Lafayette Instrument Company are tested and inspected before shipment. Upon prompt notification by the Customer, Lafayette Instrument Company will correct any defect in warranted equipment of its manufacture either, at its option, by the return of the item to the factory, or shipment of a repaired or replacement part. Lafayette Instrument Company will not be obliged, however, to replace or repair any piece of equipment, that has been abused, improperly installed, altered, damaged, or repaired by others. Defects in equipment do not include decomposition, wear, or damage by chemical action corrosion, or damage incurred during shipment.

#### **Limited Obligations Covered by this Warranty**

1. Shipping charges under warranty are covered only in one direction. The customer is responsible for shipping charges to the factory if the return of the part is required.
2. This warranty does not cover damage to components due to improper installation by the customer.
3. Consumable and or expendable items, including but not limited to electrodes, lights, batteries, fuses, O-rings, gaskets, and tubing, are excluded from the warranty.
4. Failure by the customer to perform normal and reasonable maintenance on instruments will void warranty claims.
5. If the original invoice for the instrument is issued to a company that is not the company of the end user, and not an authorized Lafayette Instrument Company distributor, then all warranty requests must be processed through the company that sold the product to the end user, and not directly to Lafayette Instrument Company.
