LALISU C01 Eye-Caring Table Lamp

INTRODUCTION

The LALISU C01 Eye-Caring Table Lamp is the ideal combination of style and use for contemporary workstations or nightstands. This lamp, made by LALISU, was initially introduced on September 14, 2023, and is reasonably priced at \$13.99. With its flicker-free function and adjustable brightness, the lamp, which has 38 LED bulbs, reduces strain while providing enough light while keeping an eye-care focus. With the lamp's three color modes (from 3000K to 6500K), users may create the ideal lighting for any task or occasion. Its sturdy clip guarantees a secure hold on any surface, and its 360° flexible gooseneck makes setting simple. This lamp offers a customized lighting experience with its memory feature and ten brightness dimmer settings. It's the perfect partner for studying, reading, or working on your computer because it has a foot switch for convenient operation and is powered by USB.

Price	\$13.99
Power Source	Corded Electric
Controller Type	Foot Switch
Number of Light Sources	38
Connectivity Technology	USB
Bulb Shape Size	T6 1/2
Wattage	4.5 watts
Control Method	App
Connectivity Protocol	Homeplug
Voltage	110 Volts (AC)
Special Features	3 Color Modes (3000k-6500k), 360° Flexible Gooseneck, Memory Function, USB Power, Strong Clip-on, Flicker-free, 38 LED Bulbs, 10 Brightness Dimmer, Eye Protection
Bulb Features	3-way switching
Product Dimensions	5.7 x 3.14 x 5.7 inches
Weight	10.56 ounces
Item Model Number	C01
Date First Available	September 14, 2023
Manufacturer	LALISU
Warranty	12-month warranty

WHAT'S IN THE BOX

- Eye-Caring Table Lamp
- Manual

PRODUCT OVERVIEW

FEATURES

- **Three Lighting Modes:** To accommodate different lighting requirements, the lamp has three color temperatures: warm white (3000K), natural light (4500K), and cool white (6500K).

3 COLOR MODES

Comfortable light brings you a comfortable life.

- **Ten Brightness Levels:** For the best lighting, each lighting mode has ten programmable brightness levels, for a total of thirty illumination possibilities.
- **360° Flexible Gooseneck:** This feature gives you the ability to customize and adapt the illumination to any angle and direction.

360° Flexible Gooseneck

Allows you to adjust your clip light with ease and to direct the light wherever you want.

- **Clip-on Design:** The lamp offers practical and space-saving lighting with a strong clip that can be fastened to a desk, headboard, bedside, or other surfaces.
- **ETL-Certified AC Adaptor:** To ensure secure and dependable power connections, the light comes with an ETL-certified AC adaptor.
- **Memory Function:** This lamp ensures a smooth lighting experience each time it is turned on by remembering your previous settings for brightness, color temperature, and mode.
- **Numerous Uses:** Perfect for reading, working in an office, learning, video conferencing, applying makeup, and general lighting requirements, this device offers adaptable illumination for a range of tasks.
- **Eye-Caring Design:** The LED light protects your eyes from glare and flicker while providing uniform illumination with no black spots.
- **Eco-Friendly:** The light uses energy-efficient LED bulbs, which save energy and lower power bills by up to 80% when compared to conventional incandescent bulbs.
- **Energy-Saving:** Using just 4.5 watts of power, the lamp provides effective illumination while using very little energy.
- **USB Power Source:** It is compatible with laptops, desktop computers, power banks, and car chargers because it can be powered via USB.
- **Lightweight and Portable:** At just 10.56 ounces, the lamp is small enough to carry about for usage when on the road.
- **Foot Switch Control:** The lamp has a foot switch that makes it simple to use and eliminates the need to reach for the light.

- **38 LED Bulbs:** For increased brightness and energy efficiency, the lamp has 38 premium LED bulbs.
- **Compact Design:** Its tiny size (5.7 x 3.14 x 5.7 inches) makes it perfect for nightstands, workstations, and reading nooks.

SETUP GUIDE

- **Unpack the Lamp:** Make sure all of the lamp's parts are present and in good condition by carefully taking them out of the package.
- **Attach the Clip:** Fasten the clip to the surface of your choice, such as a bedside table, desk, or headboard. Make sure the clip is securely fastened.
- **Connect the Power Source:** Attach the lamp to a USB power source, such as a laptop or power bank, or plug the ETL-certified AC adapter into an electrical outlet.
- **Install the Foot Switch:** For easy control, place the foot switch where you can easily reach it, if applicable.
- **Place the Lamp:** For the best light direction, tilt the 360° flexible gooseneck to the desired angle.
- **Power On:** To turn on the lamp, press the foot switch or, if one is provided, the app control.
- **Select Lighting Mode:** Using the app or control button, select warm white, cool white, or natural light.
- **Adjust Brightness:** To choose your ideal illumination level, go through the ten brightness settings.
- **Test Memory Function:** To make sure the lamp remembers the most recent settings, turn it off and back on after adjusting the brightness, color temperature, and mode to your liking.
- **Set Lamp for Use:** Position the lamp so that it provides enough light for purposes like working or reading.
- In order to maintain the position without sagging or losing angle, make sure the gooseneck is both flexible and secure.
- **Check Light Coverage:** Make sure the area you need to be illuminated is covered by the light, then modify the angle appropriately.
- **Check the Clip Stability:** Make sure the clip is firmly in place to stop the lamp from moving or shifting unintentionally.
- **Use with USB Devices:** For portable use, connect the lamp to a laptop or power bank via USB.
- **Check for Flickering:** See whether there is any glare or flickering in the lamp. Try changing the color temperature or brightness settings if there are any problems.

CARE & MAINTENANCE

- **Dust Frequently:** To remove dust from the lamp, particularly from the gooseneck and LED lights, use a microfiber cloth.
- **Clean the Clip:** To avoid any dust or debris interfering with the clip's grip, clean it periodically.
- **Gently Wipe the Bulbs:** To get rid of any collected dust or grime, gently wipe the LED bulbs with a dry cloth.
- **Don't Put Too Much Pressure on the Gooseneck:** To avoid bending or breaking the gooseneck, adjust it gently.
- **Use a Soft Cloth:** To prevent scratches on the lamp's surface, do not use harsh or abrasive cleaning agents.
- **Verify Power Connections:** Make sure the AC or USB power connections are tight and clear of any dust or debris.
- **Turn Off When Not in Use:** To prolong the lamp's life and lessen wear and tear, turn it off when not in use.
- **Avoid Moisture:** To protect the electrical components, keep the light away from moisture and water.
- **Replace Faulty Bulbs:** Swap out the LED bulbs for appropriate ones if the old ones flicker or cease operating.

even after being adjusted.

- **Examine the Foot Switch:** Check the foot switch on a regular basis for wear or issues. If it quits working, replace it.
- **Avoid Direct Sunlight:** To prevent the materials from deteriorating, place the lamp so that it is not exposed to direct sunlight for extended periods of time.
- **Assure Stability:** To keep the lamp from falling or misaligning, periodically make sure the clip is firmly fastened.
- **Modify Brightness to Conserve Energy:** To conserve energy and extend the lamp’s useful life, reduce the brightness while not in use.
- **Store Properly:** Unplug the lamp and put it somewhere cold and dry, away from heat sources, if you need to keep it for a long time.
- **Test Memory Function Frequently:** To make sure the memory function keeps your desired settings, test it on a regular basis.

TROUBLESHOOTING

Issue	Solution
Lamp won't turn on	Ensure the lamp is connected to a working USB power source.
Dim light	Check the brightness setting and increase if necessary.
USB power not working	Confirm the USB connection is secure and try a different port.
Foot switch not responsive	Ensure the switch is in the “on” position and check for any dirt or obstruction.
Flickering light	Replace the LED bulbs or try adjusting the brightness.
No light output	Check the USB cable and bulb installation for any issues.
Lamp is too hot	Ensure the lamp is not in direct sunlight and allow it to cool.
Clip not gripping properly	Adjust the clip to ensure it is firmly attached to a stable surface.
360° gooseneck not adjusting smoothly	Gently adjust the gooseneck to ensure there's no blockage.
Color mode not changing	Double-check if the correct button is being used to change color settings.

PROS & CONS

Pros

1. 3 color modes (3000K-6500K) for flexible lighting options.
2. Flicker-free and eye-caring LED bulbs for reduced strain.
3. 360° flexible gooseneck for easy adjustability.
4. USB-powered with a foot switch for convenience.
5. Strong clip-on design makes it versatile for various surfaces.

Cons

1. Limited to a corded power source (USB).
2. Foot switch could be inconvenient for some users.
3. 4.5-watt power may not be sufficient for large spaces.
4. May not be as bright as traditional lamps in very large rooms.
5. No additional features like a timer or remote control.

WARRANTY

The LALISU C01 Eye-Caring Table Lamp comes with a **12-month warranty**, covering any defects in material or craftsmanship under normal use. For warranty claims, ensure that you have proof of purchase and contact LALISU customer service. They will assist in providing a replacement or repair within the warranty period.
