## Explanations

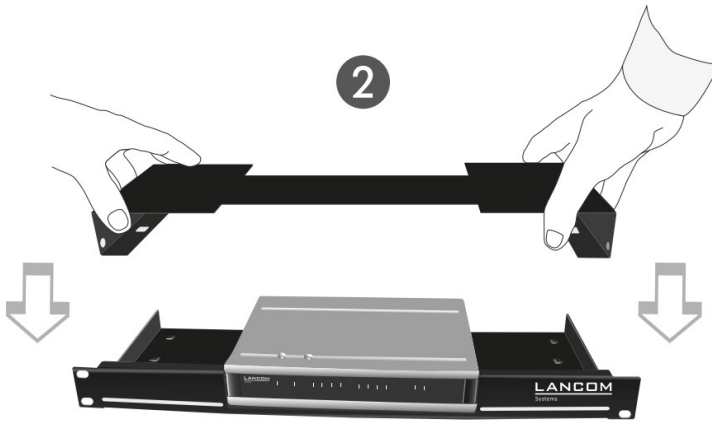

- The mounting adapter is designed in such a way that device mounting is possible with both the front panel and the rear panel facing forward.
- Use the two self-adhesive pads to attach to the inside of the top shell to hold the device in place.
- Use the four enclosed plastic plugs to connect the upper and lower shells.
- Use the enclosed screws for mounting in a 19" rack.

## Notes

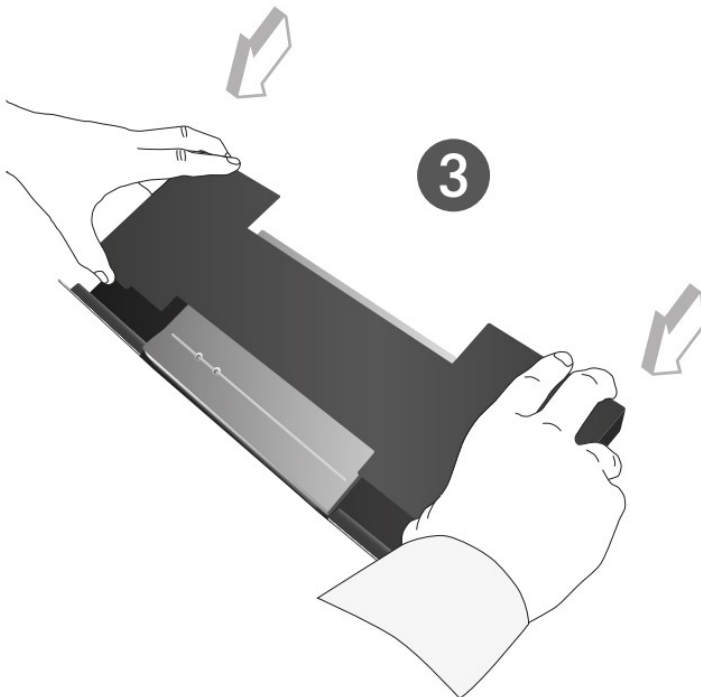

- Always ensure sufficient ventilation and leave a distance to other 19" devices, if possible.
- The permissible operating temperature range for your LANCOM product can be found in the appropriate product specifications sheet.
