LARQ

LARQ PureVis 2 Advanced Bottle Filter

Product Specifications

- Nano Zero technology for improved taste and removal of contaminants
- Meets NSF/ANSI 42 & 53 standards
- Removes lead, PFOA/PFOS, chlorine, and other contaminants
- Long-lasting filters with up to 2 months of use

Product Usage Instructions

- Remove the filter from the filter pod and dispose of the outer packaging.
- Rinse the filter under running water for 10 seconds (make sure it's soaked).

- Push the straw into the cap base until it's secure.
- Install the filter (tip facing down), and screw the pod cap on securely.
- Fill the bottle with cold or room temperature tap water and screw on the cap.
- Sip and enjoy clean, filtered water!

FAQ

- **Q: How long does the filter last?**
 - **A:** The filter lasts up to 2 months with regular use.
- **Q: What contaminants does the filter remove?**
 - **A:** The filter removes lead, PFOA/PFOS, chlorine, and other unwanted contaminants.
- **Q: Can I wash the filter?**
 - **A:** Do not wash the filter at any time. Simply rinse it under running water for maintenance.

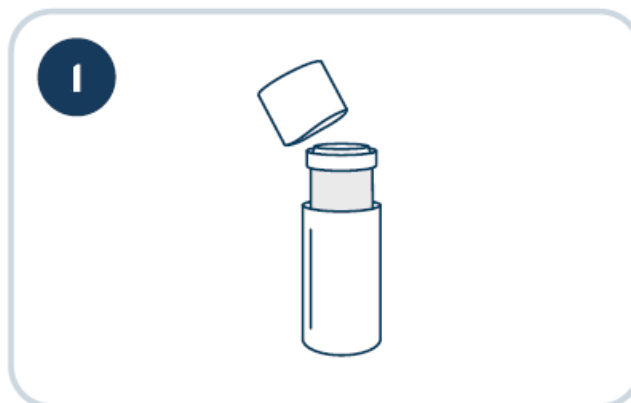

Introduction

LARQ Bottle Filter Advanced

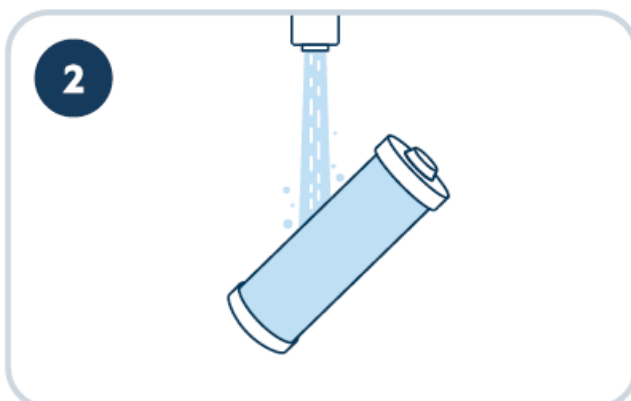

- Nano Zero technology improves taste for a smooth finish and removes contaminants such as PFOA/PFOS and chlorine that meet NSF/ANSI 42 & 53 standards.
- Improves water quality and taste by removing lead, PFOA/PFOS, chlorine, and other unwanted contaminants.
- Long-lasting filters. Up to 2 months of use.

Getting started

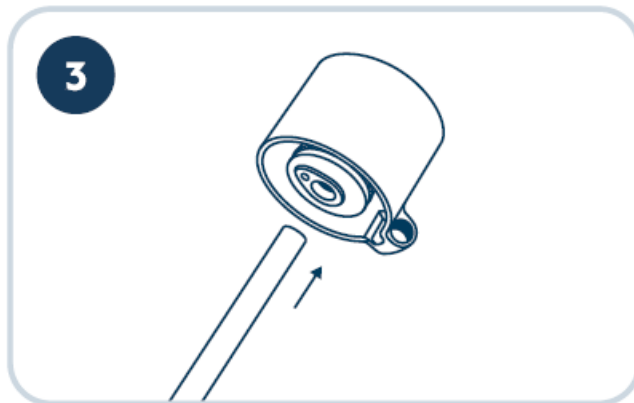

1. Remove the filter from the filter pod and dispose of the outer packaging

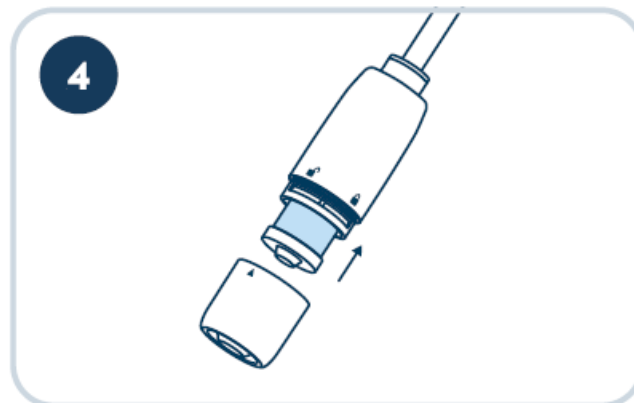

2. Rinse the filter under running water for 10 seconds (make sure it's soaked).

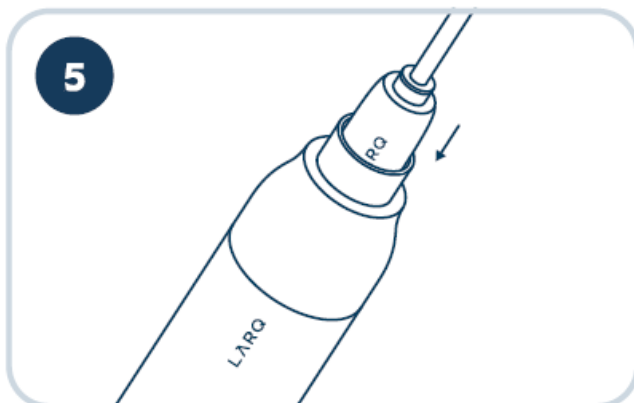

3. Push the straw into the cap base until it's secure.

4. Install the filter (tip facing down), and screw the pod cap on securely.

5. Fill the bottle with cold or room temperature tap water and screw on the cap.

6. Sip and enjoy clean, filtered water!

You may notice some black carbon dust in the water on your first use or after a prolonged period of not using the LARQ Pitcher PureVis. This is harmless carbon from our plant-based filter media. If desired, simply run a batch through the filter and pour out.

Warranty

- We offer a 1-year limited warranty to repair or replace any defective material or component.
- It does not cover any issues due to normal wear and tear, misuse, or gulations_stipulate).

Safety first

You may notice some black carbon dust in the water on your first use or after a prolonged period of not using the I-ARQ Pitcher PureVis. This is harmless carbon from our plant-based filter media. If desired, simply run a batch through the filter and pour out.

- Do not use it with hot water.
- Do not use to filter anything other than water. Do not use carbonated water.
- Do not place the filter in the dishwasher.
- Do not place the bottle in the microwave or freezer.
- Filter is intended to be used with potable (municipal tap) water only.
- Do not use water that is microbiology unsafe or of unknown quality without adequate disinfection before and after filtration.
- Do not cut open or perforate the filter.
- Do not wash the filter at any time.

Warning: Plastic bags can be dangerous. To avoid the danger of suffocation, keep this bag away from babies and children.
