Step 4: Wait for us to contact you. Once we have received your defective Laser product for inspection, we will inform you of our assessment of your claim within 7 days. When we contact you, we will firstly let you know whether you have a valid claim

under this Warranty, and if so, we will inform you whether your defective Laser product will be replaced or repaired, together with the number of days you can expect to wait to receive your replaced or repaired Laser product.

Step 5: For further details on warranty cover and returns, please check Terms and Conditions for Warranty Returns section at www.laserco.corn.au/warranty (Consumers Section).
