LAVA 2149 Color Max Volcano Base

Launch Date: May 6, 2015

Price: \$34.96

Introduction

The LAVA 2149 Color Max Volcano Base is a beautiful table lamp that will add a touch of calm and lively beauty to any room. With its unique base in the shape of a volcano and its multicolored, changing light effects, it looks like liquid lava erupting. This lamp is great for making places like bedrooms, offices, dorms, and playrooms more relaxing. It is made of strong metal and glass, so it will last for a long time. The lamp has an easy-to-use touch switch and a 25-watt light bulb that can be used right away. It is meant to be used indoors and can be used for both decoration and lights. The soft, ambient glow makes the room feel warm and welcoming, and the moving wax captivates and calms the watcher. This famous lamp will be the center of attention in any room and is sure to spark talk. With its 120-volt power source and easy-to-use tabletop design, the LAVA 2149 is both stylish and useful. This lamp is lovely and will make a nice addition to your home, whether you want soft light or something unique to look at.

Specifications

Measurements

- **Item Weight:** 3.09 Pounds
- **Base Diameter:** 0.01 Meters
- **Item Dimensions:** 27 inches (D) x 4 inches (W) x 14.5 inches (H)

Style

- **Color:** Multicolor
- **Item Shape:** Cone
- **Style:** Volcano
- **Finish Type:** Painted

Materials & Care

- **Shade Material:** Aluminum
- **Material Type:** Aluminum, Glass
- **Base Material:** Glass

User Guide

- **Installation Method:** Tabletop (This lamp is designed to sit on any flat surface for easy display.)

Item Details

- **Model Number:** 2149
- **Number of Pieces:** 1
- **UPC:** 047162021498, 756655643986
- **Global Trade Identification Number (GTIN):** 00047162021498
- **Manufacturer:** Schylling
- **Number of Items:** 1
- **Indoor/Outdoor Usage:** Indoor
- **Specific Uses for Product:** Decoration
- **Lamp Type:** Table Lamp
- **Brand Name:** Lava
- **Room Type:** Office, Dorm, Bedroom, Playroom
- **Recommended Uses for Product:** Decoration
- **Bulb** (25 watts, incandescent)
- **Wattage:** 25 Watts
- **Lighting Method:** Incandescent
- **Control Method:** Touch
- **Water Resistance Level:** Not Water Resistant
- **Voltage:** 120 Volts
- **Number of Light Sources:** 1
- **Connectivity Technology:** USB
- **Mount Type:** Tabletop
- **Bulb Base:** Wedge
- **Switch Type:** Touch
- **Light Source Type:** Incandescent

Package Includes

- 1 x LAVA 2149 Color Max Volcano Base Lamp
- 1 x Incandescent bulb (pre-installed or separate)
- User manual
- [Optional: Warranty card]

Features

- **Dynamic Lighting** The LAVA 2149 Color Max Volcano Base projects a vibrant, color-changing effect that simulates the mesmerizing spectacle of a volcanic eruption. The continuously shifting colors create a dynamic visual experience, adding excitement and ambiance to any space. This motion captivates the eye and fosters a calming atmosphere, perfect for unwinding after a long day or creating a unique focal point during gatherings.
- **Unique Design** The base of the lamp is intricately designed to mimic the texture and appearance of a volcano, complete with detailed accents that evoke the look of molten rock and flowing lava. This artistic craftsmanship not only provides a realistic volcanic effect but also enhances the décor of any room, bringing a touch of natural wonder indoors.
- **Easy Operation** Designed with user convenience in mind, the LAVA 2149 Color Max Volcano Base features a simple plug-in setup. Equipped with an easy-to-use on/off switch, it allows for instant operation. Just plug it into a standard household electrical outlet, flip the switch, and watch as the magic unfolds. No complicated installation is required, making it accessible for users of all ages.
- **Ambient Glow** The gentle light emitted by the lamp creates a relaxing and inviting atmosphere. Whether used as a night light, a cozy desk accessory, or a piece of home décor, the lamp's ambient glow is perfect for setting a tranquil mood. It brings warmth to any room, making it ideal for bedrooms, living rooms, home offices, or dorms.
- **Durable Build** Crafted from high-quality materials, the LAVA 2149 Color Max Volcano Base is built for long-lasting use. Its sturdy construction ensures that the lamp will remain a cherished part of your home for years. The base and globe are designed to resist wear and maintain their vibrant appearance, providing consistent performance over time.
- **A Legacy of Innovation** The concept of the lava lamp has a rich history that dates back over 50 years. Originating in England in 1963 as the Astro Lamp, it was the brainchild of an inventor who wanted to create an eye-catching motion lamp. The product quickly gained popularity and defined the novelty lighting category. By 1965, the worldwide rights were acquired by two American entrepreneurs who established the Lava Corporation and renamed the product the Lava Lamp. Since then, it has become a beloved global icon, celebrated for its unique ability to mesmerize and inspire.
- **Hypnotic Movement** The signature flow of the LAVA lamp is a blend of art and science. Watch as the wax inside the glass globe moves fluidly, splitting, combining, and oozing up and down in a continuous dance. This captivating motion not only soothes the mind but also serves as a conversation starter, perfect for social gatherings or moments of quiet reflection.
- **Versatile Use** The LAVA 2149 Color Max Volcano Base is a versatile piece that fits seamlessly into a variety of settings. Whether you need a striking desk light, a decorative night light, or a distinctive home accessory, this lamp is designed to meet your needs. With a range of vibrant colors and an iconic design, it can complement any room's décor, from retro styles to modern spaces.
- **Trusted Brand Legacy** Brought to you by Schylling, the world leader in traditional toys and classic fun, the

LAVA lamp continues a tradition of creating products that inspire and engage. For nearly five decades, Schylling has focused on producing timeless toys and decorative items that bring joy and spark imagination. Their dedication to quality ensures that each lamp not only performs exceptionally but also stands out as a unique piece in any collection.

- **Instant Operation** The LAVA 2149 Color Max Volcano Base is designed for ease of use. Simply plug it in, flip the switch, and the lamp will illuminate instantly, allowing you to enjoy its mesmerizing effects without delay. The lamp is UL tested and certified, ensuring safety and reliability in any household environment. It comes with a 25-watt incandescent bulb included, so it's ready to use right out of the box.
- **Multiple Size Options** Available in a range of sizes from a modest 11-inch design to a dramatic 27-inch statement piece, the LAVA lamp can suit various preferences and room sizes. Whether you're looking for a subtle touch or a bold centerpiece, there's a LAVA lamp to meet your needs.

Usage

1. Place the LAVA 2149 Color Max Volcano Base on a flat, stable surface.
2. Connect the power plug to an appropriate outlet.
3. Turn the lamp on using the on/off switch.
4. Allow the lamp to warm up for approximately 1-2 hours for optimal flow and effect.

Care and Maintenance

- **Placement:** Keep the lamp in a room-temperature environment away from direct sunlight.
- **Cleaning:** Use a soft, dry cloth to clean the exterior. Avoid using liquid cleaners.
- **Handling:** Do not shake or move the lamp while it's operating to prevent damage to the contents.

- **Bulb Replacement:** If the bulb burns out, refer to the user manual for the recommended bulb type and replacement procedure.

Troubleshooting

Set-up and Assembly of your Lava Lamp

1. Make sure the lightbulb is tightly screwed into the base.
2. Make sure you have plugged your Lava Lamp into a power outlet and that it's away from direct sunlight or extreme temperatures, 68° F is best.
3. Make sure you have switched the power on to the Lava Lamp.

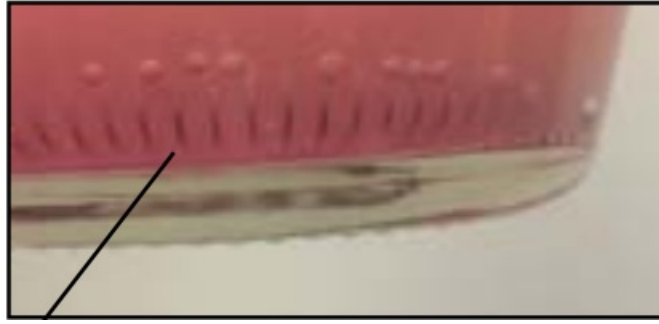

YouTube Video on assembling your Lava Lamp: <https://www.youtube.com/watch?v=ZnCst-08-6s>

Running your Lava Lamp for the first time

1. Be patient! The first time you start a Lava Lamp – it will take 4-6 hours for the lava to flow.
2. Your Lava Lamp will start forming "tower" pillar shapes when it starts to flow.
This is normal. Please allow it to run at least 4-6 hours the first time you use it.
The first time will have the longest start-up time.

If its not flowing properly, check the coil

1. The coil is should be at the bottom of every Lava Lamp's glass globe.
It helps to accelerate the heat to melt the lava at a faster pace. If the coil is not nestled at the bottom of the lamp it will take longer for the lamp to run.
2. If the coil is not at the bottom – you can easily resolve this.

For help see this video: <http://www.youtube.com/watch?v=DjWCCukLOr4&feature=plcp>

If your Lava Lamp appears cloudy

1. If you receive a lamp that is cloudy, allow the Lava Lamp to sit at room temperature and let the wax settle.
Approx. 8 hours.
2. Then, turn the lamp on until the wax starts to soften, and shut if off till it cools.
Then turn it on again and run for 8 to 10 hours. This may result in a clear lamp.
3. If you still think your Lava Lamp is cloudy please call Customer Service at [800-336-5282](tel:800-336-5282) Hours: 8-5 Weekdays
or email info@lavalite.com.

Ways to Ruin your Lava Lamp

1. Do not loosen or remove the bottle cap on the globe. Breaking the seal will ruin you lamp and void your warranty.
2. Do not move, shake or drop your Lava Lamp while "WARM". The lamp will become cloudy and the lava will break apart.
If this happens shut the lamp off immediately and let sit undisturbed for 24 hours. Then, turn it back on and run as normal. Hopefully, your lamp will run again unharmed. There is a possibly that it will be damaged permanently.
3. Do not place lamp in direct sunlight. The colors will fade.
4. Do not store or operate in extreme cold or heat. This will affect the functionality of your lamp.

Pros and Cons

Pros	Cons
Mesmerizing visual effects	Requires careful handling
Energy-efficient operation	Can overheat if used continuously
Easy to set up and use	The bulb may need frequent replacement

FAQs

What is the LAVA 2149 Color Max Volcano Base?

The LAVA 2149 Color Max Volcano Base is a decorative lava lamp that features a volcano-inspired design with vibrant, color-changing lighting effects. It creates a relaxing ambiance with its mesmerizing wax flow and unique aesthetic.

How does the LAVA 2149 Color Max Volcano Base work?

The LAVA 2149 Color Max Volcano Base works by using incandescent lighting to heat the wax inside the lamp, causing it to flow and change colors. The wax moves up and down within the glass globe, mimicking the eruption of lava.

What is the size of the LAVA 2149 Color Max Volcano Base?

The LAVA 2149 Color Max Volcano Base measures 27 inches in diameter, 4 inches in width, and 14.5 inches in height, making it a perfect size for tabletop use.

What type of bulb does the LAVA 2149 Color Max Volcano Base use?

The LAVA 2149 Color Max Volcano Base uses a 25-watt incandescent bulb, which is included with the lamp. The bulb powers the wax's movement and provides a color-changing light effect.

Where can I use the LAVA 2149 Color Max Volcano Base?

The LAVA 2149 Color Max Volcano Base is designed for indoor use and is ideal for living rooms, bedrooms, offices, dorm rooms, and playrooms. It adds a unique decorative touch to any space.

What is the LAVA 2149 Color Max Volcano Base made from?

The LAVA 2149 Color Max Volcano Base is made from high-quality aluminum and glass materials. The base is designed to resemble a volcano, adding to the lamp's unique and decorative appearance.

What is the wattage of the LAVA 2149 Color Max Volcano Base?

The LAVA 2149 Color Max Volcano Base operates at 25 watts, providing sufficient power for the incandescent bulb and creating the mesmerizing color-changing effect.

Can I use the LAVA 2149 Color Max Volcano Base outdoors?

The LAVA 2149 Color Max Volcano Base is designed for indoor use only. It should be placed in dry, indoor environments to maintain its functionality and safety.

What voltage does the LAVA 2149 Color Max Volcano Base require?

The LAVA 2149 Color Max Volcano Base requires 120 volts, which is standard for household electrical outlets in the United States.

What is the purpose of the LAVA 2149 Color Max Volcano Base?

The LAVA 2149 Color Max Volcano Base serves as a decorative lamp that adds mood lighting and a relaxing visual experience. It's perfect for enhancing any room with a touch of retro style and soothing light.

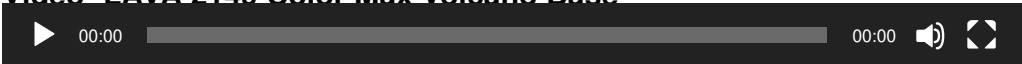

How long will the LAVA 2149 Color Max Volcano Base last?

With proper care, the LAVA 2149 Color Max Volcano Base can last for years. The durable construction and included incandescent bulb provide long-lasting enjoyment, though the bulb may need to be replaced after extended use.

What is the LAVA 2149 Color Max Volcano Base's main appeal?

The main appeal of the LAVA 2149 Color Max Volcano Base lies in its unique volcanic design and captivating color-changing wax flow. It creates a relaxing ambiance, making it a perfect conversation piece and a decorative item for any room.
