LcFun SEW-069+STW-072 Electric Dual Lighter

INTRODUCTION

For outdoor lovers, the LcFun 2-Pack Waterproof Windproof Torch Lighter Butane Refillable, Electric Dual Arc Plasma Lighter with COB Flashlight and Whistle is a dependable and adaptable device. This set, which costs \$12.99, comes with two lighters that combine a dual arc plasma lighter with a survival whistle, a COB flashlight, and a butane lamp. The lighters' long lifespan and resilience to adverse environments are guaranteed by their construction from sturdy ABS and zinc alloy components. They are perfect for camping, trekking, fishing, and other outdoor activities because of their IP56 waterproof classification, which allows them to be used in a variety of weather circumstances.

SPECIFICATIONS

Brand	LcFun
-------	-------

Model	SEW-069 + STW-072
Color	Silver + Black
Material	ABS and Zinc Alloy
Style	Modern
Fuel Type	Butane (refillable) / Electric (USB-C rechargeable)
Product Dimensions	2.48"L x 0.7"W x 1.57"Th
Weight	Approximately 0.2 lbs per lighter
Waterproof Rating	IP56
Charging Port	USB-C
Battery Capacity	300 mAh
Flashlight Modes	High light, low light, strobe
Flame Adjustment	Adjustable torch flame
Whistle	Built-in emergency whistle with lanyard
LED Battery Indicator	Yes
Safety Features	Locking clasp, metal-ring sealed cover
Warranty	6-month hassle-free warranty

Compact & Lightweight

FEATURES

- **Dual Arc Plasma Ignition:** Delivers a reliable, flameless, and windproof spark, making it perfect for lighting in any weather conditions.
- **Butane Torch Flame:** Adjustable high-temperature torch flame is ideal for stoves, BBQ grills, or other applications that require precision heat.

- **COB Flashlight:** Integrated COB LED flashlight with three modes—high, low, and strobe—provides versatile illumination for emergencies or outdoor activities.
- **USB-C Rechargeable:** Convenient and eco-friendly charging via USB-C, compatible with modern adapters, laptops, and power banks.
- **IP56 Waterproof Rating:** Protected against dust and water, ensuring durability and reliability in diverse environments.

- **Emergency Whistle:** Built-in whistle on the lanyard adds a practical safety feature for outdoor adventures and emergencies.
- **LED Battery Indicator:** Displays the battery level clearly, allowing users to monitor charge status and avoid unexpected power loss.
- **Safety Locking Mechanism:** Locking clasp prevents accidental ignition, making it safer for households with children or during transport.
- **Durable Construction:** Crafted from high-quality ABS and zinc alloy for strong resistance to wear, impact, and harsh outdoor conditions.
- **Compact and Lightweight:** Slim, portable design allows easy storage in pockets, backpacks, or camping gear.
- **Versatile Applications:** Suitable for lighting candles, stoves, grills, fireplaces, and other ignition needs.
- **Ideal for Outdoor Adventures:** Perfect companion for camping, hiking, fishing, and other outdoor pursuits.
- **Emergency Preparedness:** Combines multiple tools in one device, enhancing safety

and readiness during unexpected situations.

- **Gift-Ready Packaging:** Comes in an attractive box, making it an excellent present for outdoor enthusiasts.
- **User-Friendly Operation:** Designed for simple and intuitive use, even for beginners.

SETUP GUIDE

- **Charging the Lighter:** Connect the USB-C cable to the lighter and a power source to fully charge the battery before first use.
- **Checking Battery Level:** Use the LED battery indicator to verify the lighter is fully charged.
- **Igniting the Plasma Arc:** Slide open the safety cover and press the ignition button to activate the dual arc plasma.
- **Adjusting the Torch Flame:** Use a small screwdriver to turn the flame regulator and customize the flame height for your needs.

Adjustable Flame

Easily adjust, you can use your fingers or screwdriver.

- **Using the Flashlight:** Press the flashlight button to switch between high, low, and strobe modes for versatile lighting.
- **Refilling the Butane:** Turn the lighter upside down, press the refill valve with a butane canister, and fill until the tank is full.

- **Locking the Safety Mechanism:** Engage the safety clasp when the lighter is not in use to prevent accidental ignition.
- **Attaching the Lanyard:** Thread the lanyard through the designated hole and secure it for easy accessibility during outdoor activities.
- **Storing the Lighter:** Keep in a dry, cool place when not in use to extend the lifespan of both the battery and torch mechanism.
- **Cleaning the Lighter:** Wipe the exterior regularly with a soft cloth to remove dirt, dust, or moisture.
- **Maintaining the Torch Flame:** Check and clean the torch nozzle periodically to ensure consistent ignition performance.
- **Replacing the Battery:** If the battery no longer holds a charge, contact customer support for replacement guidance.
- **Using the Whistle:** In emergencies, blow the built-in whistle to signal for help.
- **Monitoring Usage:** Avoid prolonged activation of the plasma arc to prevent overheating.

CARE & MAINTENANCE

- **Regular Charging:** Keep the battery charged to ensure the lighter is always ready for use.
- **Avoid Overcharging:** Unplug once fully charged to prevent battery damage and extend lifespan.
- **Keep Dry:** Ensure the lighter is dry before charging to avoid electrical issues.
- **Clean Regularly:** Wipe with a soft cloth to remove dust, moisture, and residues.
- **Inspect Flame Nozzle:** Check for blockages in the torch nozzle and clean as necessary for optimal performance.
- **Store Properly:** Keep the lighter in a protective case when not in use to avoid accidental damage.
- **Avoid Extreme Temperatures:** Do not expose to high heat or freezing conditions for prolonged periods.
- **Handle with Care:** Avoid dropping the lighter to prevent internal damage or misalignment of components.
- **Use Appropriate Fuel:** Only refill with recommended butane fuel to maintain safety and performance.
- **Check for Leaks:** Regularly inspect the butane tank and replace if any leaks are detected.
- **Replace Battery When Needed:** Promptly replace if it no longer holds a charge efficiently.
- **Avoid Direct Sunlight:** Protect from prolonged sun exposure to prevent internal and exterior damage.
- **Keep Away from Children:** Store safely out of reach to prevent accidents.
- **Use Safely:** Always operate according to the manufacturer’s instructions.
- **Dispose Responsibly:** Recycle or dispose of the lighter following environmental guidelines at the end of its lifespan.

TROUBLESHOOTING

Issue	Solution
-------	----------

Issue	Solution
Plasma arc not igniting	Ensure the safety cover is open and the ignition button is pressed.
Torch flame not igniting	Check if the butane tank is full and the flame regulator is adjusted.
Flashlight not working	Charge the battery fully and check the flashlight mode settings.
Battery not charging	Verify the USB-C cable and charging port are functioning properly.
Whistle not producing sound	Ensure the whistle is clear of obstructions and blow into it firmly.
Plasma arc flickering	Clean the arc electrodes and ensure they are properly aligned.
Torch flame too weak	Adjust the flame regulator to increase the flame size.
Flashlight modes not switching	Press the flashlight button multiple times to cycle through modes.
Butane fuel leaking	Check the butane tank for cracks and replace if necessary.
Lighter not holding charge	Replace the battery if it no longer holds a charge.

PROS & CONS

Pros:

- **Dual Functionality:** Combines a dual arc plasma lighter with a refillable butane torch, offering versatility for various lighting needs.
- **Waterproof & Windproof:** IP56-rated design ensures reliable performance in adverse weather conditions, making it suitable for outdoor adventures.

- **USB Rechargeable:** Features a USB-C charging port with an LED battery indicator, providing convenience and eliminating the need for disposable lighters.
- **Adjustable Flame:** The butane torch lighter includes a visible fuel tank and an adjustable flame regulator, allowing users to customize the flame size.
- **Survival Features:** Comes with a lanyard equipped with an emergency whistle, enhancing its utility as a survival tool.

Cons:

- **Butane Not Included:** The torch lighter is shipped without butane, requiring users to refill it before use.
- **Limited Battery Capacity:** The built-in 300mAh lithium battery may require frequent recharging with extended use.
- **Size:** The compact dimensions (2.6"L x 0.59"W x 1.5"Th) may be small for users preferring larger lighters.
- **Material Durability:** Constructed from ABS and zinc alloy, which may not be as durable as full metal counterparts.
- **Charging Time:** While USB-C charging is convenient, the charging time may be longer compared to some other devices.

WARRANTY

The LcFun SEW-069+STW-072 Electric Dual Lighter comes with a 6-month hassle-free warranty. If you encounter any issues or have concerns, the manufacturer encourages you to contact them directly. They are committed to providing timely assistance and ensuring customer satisfaction. This warranty reflects their confidence in the product's quality and their dedication to customer service.

FREQUENTLY ASKED QUESTIONS

What is included in the LcFun 2 Pack Waterproof Windproof Torch Lighter set?

The set includes 1x dual arc plasma lighter, 1x butane torch lighter, 1x USB-C charging cable, 2x lanyards with emergency whistles, and 2x user manuals.

What makes the LcFun 2 Pack Torch Lighters suitable for outdoor use?

Both lighters are IP56 waterproof and windproof, making them reliable in rain, strong winds, and stormy conditions. Perfect for camping, hiking, fishing, or hunting.

Can the dual arc plasma lighter in the LcFun 2 Pack be recharged?

It is USB-C rechargeable with a built-in 300 mAh lithium battery, providing long-lasting performance.

How do I refill the butane torch lighter in the LcFun 2 Pack?

Fill the butane tank using a standard butane canister. The flame size can be adjusted at the bottom with a screwdriver or finger. Note: the lighter ships empty.

What should I do if the LcFun dual arc lighter doesn't ignite?

Make sure the battery is fully charged, the lid is open, and electrodes are clean. Check the LED indicator for battery status.

What is the purpose of the emergency whistles included with the LcFun 2 Pack lighters?

The whistles on the lanyards are designed for survival and emergency situations, making it a practical addition to outdoor survival gear.

What materials are used in the LcFun 2 Pack Torch Lighters?

Both lighters are made from durable ABS and zinc alloy with a modern design, ensuring long-lasting durability and portability.
