LCHUANG KLD-GR Light-Up Skulls Eyes

INTRODUCTION

Upgrade your Halloween décor with the **\$12.99** LCHUANG KLD-GR Light-Up Skulls Eyes. Create a spooky scene at home, parties, or yards with this 4-pack of LED glowing eyeballs lights. Each 24-inch luminous eye strip may be wrapped around masks, skulls, pumpkins, spiders, tombstones, and other scary props. The flashing eyes like a ghost watching you from the darkness. These luminous eyeballs for DIYers include 8 illumination settings controlled by a remote and a timed function—6 hours on, 18 hours off—for energy-efficient operation at night. Safe, low-energy, and simple to put up, they need 3 AA batteries (not supplied). They make great party favors and indoor and outdoor Halloween décor, bringing your terrifying Halloween vision to life.

WHAT'S IN THE BOX

- 4 x LED Glowing Eyes Strips (Red)
- 1 x Remote Control for 8 Lighting Modes & Timer Function
- DIY Assembly Manual

FEATURES

- **4-Pack LED Glowing Eyes:** Includes four separate LED light units, providing multiple glowing points for larger and more impressive Halloween displays.
- **Red LED Light:** Emits a vivid red glow, creating a spooky, eerie, and attention-grabbing effect.

- **24 Inches Long:** Flexible design allows the lights to wrap easily around props, decorations, and various surfaces.
- **DIY Halloween Decoration:** Perfect for adding a creepy touch to masks, skulls, pumpkins, tombstones, skeletons, or other Halloween crafts.

- **Flashing Eyes Effect:** LEDs blink in succession for a realistic, haunting “watching eyes” effect that adds thrill to your display.
- **Timer Function:** Automatically operates for 6 hours on and 18 hours off, conserving battery and offering worry-free, timed operation.
- **Eight Lighting Modes:** Offers eight versatile effects: Combination, In Wave, Sequential, Slow Glow, Flash, Slow Fade, Twinkle, and Steady On, for customizable ambiance.

- **Battery Operated:** Powered by 3x AA batteries per unit (not included), making it portable and eliminating the need for a nearby power outlet.

- **Energy Efficient:** Consumes very little power, allowing for long-lasting operation throughout Halloween night.
- **Indoor & Outdoor Use:** Suitable for both indoor parties and outdoor decorations like porches, yards, or garden setups.
- **Easy to Customize:** Can be wrapped, bent, or attached to any prop for creative, unique, and spooky visual effects.
- **Lightweight & Portable:** Easy to move, hang, or attach without heavy lifting or complicated setup.
- **Durable Materials:** Constructed with a sturdy metal frame and high-quality plastic, ensuring long-term use for multiple Halloweens.
- **Spooky Ambiance:** Instantly enhances any space with a creepy, haunted atmosphere perfect for Halloween.
- **Party-Ready:** Ideal for trick-or-treat displays, Halloween parties, haunted houses, and

festive seasonal décor.

SETUP GUIDE

- **Unboxing:** Carefully remove all four LED glowing eyes and check that the metal frames and wires are intact.
- **Battery Installation:** Insert 3x AA batteries in each light unit (batteries not included) and ensure proper placement.
- **Placement Planning:** Decide where to position each light—on skulls, pumpkins, skeletons, masks, or other props for maximum effect.
- **Attachment:** Wrap the lights around props or secure them using tape, clips, or gentle bending of the wire for a snug fit.
- **Power Test:** Turn on the switch to verify all LEDs are functioning correctly.
- **Lighting Modes:** Use the remote control to select your favorite mode from eight

available options.

- **Timer Setting:** Activate the 6-hour on / 18-hour off timer for automatic operation and battery saving.
- **Wire Management:** Arrange wires neatly to prevent clutter and maintain a clean, professional display.
- **Position Adjustment:** Fine-tune placement to ensure maximum visual impact and spooky effect.
- **Night Test:** Observe lights in darkness to confirm the desired creepy ambiance.
- **Expand Display:** Combine multiple packs for larger setups or more elaborate haunted decorations.
- **Weather Precaution:** Keep away from water, rain, or extreme weather conditions when used outdoors.
- **Wire Bending:** Gently bend wires if needed to fit props, avoiding excessive force to prevent damage.
- **Enjoy:** Step back and admire your eerie glowing eyes display that adds instant Halloween thrills.

CARE & MAINTENANCE

- **Cleaning:** Wipe the lights gently with a dry or slightly damp cloth to remove dust or dirt.
- **Water Safety:** Avoid submerging the lights in water to protect LEDs and wiring.
- **Battery Removal:** Take out batteries when storing for long periods to prevent leakage.
- **Connection Check:** Inspect wires and connections before each use to ensure safety and proper function.
- **Storage:** Keep lights in a cool, dry place to prevent corrosion or damage to the metal frame.
- **Wire Care:** Avoid excessive bending of the metal frame to prevent breakage or loss of shape.
- **LED Test:** Test all LEDs before each display to ensure brightness and functionality.
- **Battery Compartment:** Ensure battery compartments are securely closed to prevent accidental disconnection.
- **Sunlight Protection:** Avoid prolonged exposure to direct sunlight to maintain

longevity.

- **Safety Precautions:** Keep away from children or pets who may pull wires.
- **Battery Replacement:** Replace batteries promptly to maintain consistent brightness.
- **Wire Untangling:** Carefully untangle wires after use to prevent kinks or damage.
- **Damage Inspection:** Check for cracked plastic or malfunctioning LEDs before each use.
- **Careful Handling:** Handle lights gently when moving or wrapping around props to prevent tearing or bending.
- **Remote Maintenance:** Keep the remote control operational by replacing batteries as needed.

TROUBLESHOOTING

Issue	Possible Cause	Solution
LED eyes not lighting up	Dead or missing batteries	Insert 3x AA batteries in each unit
Lights flickering	Loose wire connection	Check and secure wiring
Remote not working	Remote battery low or out of range	Replace battery; stay within range
Eyes not flashing	Lighting mode not selected	Choose one of 8 modes using remote
Timer not working	Incorrect timer setting	Reset timer according to instructions
LEDs dim	Low battery	Replace batteries
Wires bent or broken	Rough handling	Straighten wires carefully or replace damaged unit
Eyes not visible in daylight	Ambient light too bright	Test at night for best effect

Issue	Possible Cause	Solution
Eyes too close together	Improper placement	Reposition to avoid overlap
Lights stay on/off unexpectedly	Battery or remote issue	Check batteries and remote connection
Eyes not secure on prop	Loose attachment	Use tape, clips, or twist ties
LED bulb not working	Burnt-out LED	Replace bulb if possible
Wires tangled	Storage issue	Untangle wires carefully
Battery compartment loose	Improper closure	Close battery cover firmly
Eyes not blinking sequentially	Mode setting error	Re-select appropriate lighting mode

PROS & CONS

Pros:

- Creates a terrifying glowing eyes effect.
- Easy DIY installation on props or costumes.
- Timer and multiple lighting modes for versatility.
- Battery-operated for convenience.
- Works both indoors and outdoors.

Cons:

- Batteries not included.
- Requires proper placement for best effect.
- Small LEDs may not be visible in bright light.
- Wires can tangle if not handled carefully.

- Metal frame may bend if mishandled.

WARRANTY

The LCHUANG KLD-GR Light-Up Skulls Eyes come with a manufacturer warranty covering defects in materials and workmanship. Any issues with LED lights, wiring, or remote control within the warranty period can typically be repaired or replaced, giving you peace of mind and ensuring your spooky Halloween setup works flawlessly every season.

FREQUENTLY ASKED QUESTIONS

What is included in the LCHUANG KLD-GR Light-Up Skulls Eyes set?
