LCI CommandIQ App User Guide

CommandIQ

**Contents**

Get started with the App

The app allows you to easily manage your home or small business Wi-Fi network within minutes. Download the app and take control of your Wi-Fi network today!

1. Download the app. You can search either the Apple App Store or Google Play Store for: `CommandIQ®', then install it on your mobile device.

Download on the App Store
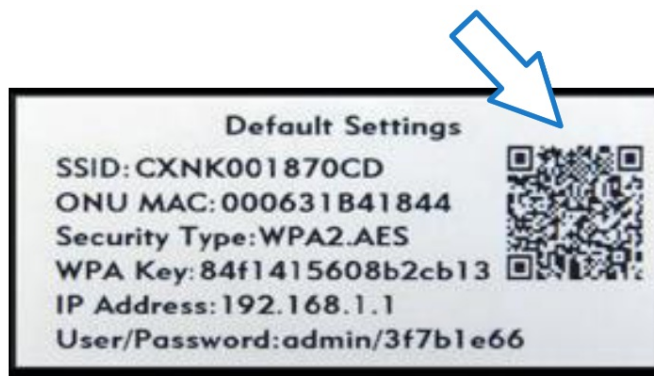

2. Tap "Sign Up" towards the bottom of the screen.

3. Enter your personal information. The password you enter here will be used to access the app.
4. Select "I accept…" and tap "Sign up" to continue.
5. Scan the QR code using the app. (You may be asked to allow access to your camera.)
   Point your camera at the QR Code found on the bottom of your GigaSpire router (example shown below).
   Select OK.

Default Settings
SSID: CXNK001870CD
ONU MAC: 000631B41844
Security Type: WPA2.AES
WPA Key: 84f1415608b2cb13
IP Address: 192.168.1.1
User/Password: admin/3f7b1e66

6. Tap the "Skip this step" button since your default Wi-Fi is already set up done!

Wi-Fi already set up?
Skip this step

Scan Device

Plug in your new device and scan the QR code to continue:

Issue scanning?

Router Wiring Help

Setup Complete

OK

Tap "OK" and you're done!
