LD SYSTEMS LDWS100ML Lavalier Microphone

Product Information

The LDWS100ML Lavalier Microphone is a back-electret condenser microphone with a cardioid directivity. It has a frequency response range of 20Hz to 20,000Hz and a nominal impedance of 680Ohm. The microphone requires phantom power of 5V and has a mini-XLR (3-pin, female) microphone input. The package includes an attached clip and a foam windscreen and the microphone itself weighs 0.0276kg.

Product Usage Instructions

1. Attach the microphone to the desired location on the user's clothing using the attaching clip.
2. Connect the mini-XLR (3-pin, female) microphone input to the appropriate audio recording device.
3. Ensure that the device provides phantom power of 5V to the microphone.
4. Adjust the audio recording levels on the recording device as needed.
5. When finished, disconnect the microphone from the recording device and remove it from the clothing.
6. Store the microphone and accessories in a safe and dry location.

SAFETY INFORMATION

1. Please read these instructions carefully.
2. Keep all information and instructions in a safe place.
3. Follow the instructions.
4. Observe all safety warnings. Never remove safety warnings or other information from the equipment.
5. Use the equipment only in the intended manner and for the intended purpose.
6. During installation, observe the applicable safety regulations for your country.
7. Never place sources of ignition, e.g., burning candles, on the equipment.
8. Do not use this equipment in the immediate vicinity of water (does not apply to special outdoor equipment – in this case, observe the special instructions noted below. Do not expose this equipment to flammable materials, fluids or gases.
9. Make certain that dripping or splashed water cannot enter the equipment. Do not place containers filled with

liquids, such as vases or drinking vessels, on the equipment.

10. Make certain that objects cannot fall into the device.
11. Use this equipment only with the accessories recommended and intended by the manufacturer.
12. Do not open or modify this equipment.
13. After connecting the equipment, check all cables in order to prevent damage or accidents, e.g., due to tripping hazards.
14. During transport, make certain that the equipment cannot fall down and possibly cause property damage and personal injuries.
15. If your equipment is no longer functioning properly, if fluids or objects have gotten inside the equipment or if it has been damaged in another way, switch it off immediately and unplug it from the mains outlet (if it is a powered device). This equipment may only be repaired by authorized, qualified personnel.
16. Clean the equipment using a dry cloth.
17. Comply with all applicable disposal laws in your country. During disposal of packaging, please separate plastic and paper/cardboard.
18. Plastic bags must be kept out of reach of children.

CAUTION – HIGH VOLUME LEVELS WITH AUDIO PRODUCTS!

This equipment is intended for professional use. Therefore, commercial use of this equipment is subject to the respective applicable national accident prevention rules and regulations. As a manufacturer, Adam Hall is obligated to notify you formally about the existence of potential health risks. Hearing damage due to high volume and prolonged exposure: When in use, this product is capable of producing high sound-pressure levels (SPL) that can lead to irreversible hearing damage in performers, employees, and audience members. For this reason, avoid prolonged exposure to volumes in excess of 90 dB.

MANUFACTURER'S WARRANTY & LIMITATION OF LIABILITY
