Download App Software

Please search LED LAMP in major Appcenters, or scan below QR code.

1. Download the "LED LAMP" APP with your mobile phones by scanning the QR code on user manual or search the "LED LAMP" APP in iPhone APP store or Google play store.
2. After the APP are downloaded successfully, you need to turn on Bluetooth function on your phone firstly, then plug in the strip light, then open the APP, your APP will pair with the strip light automatically and you can control it.
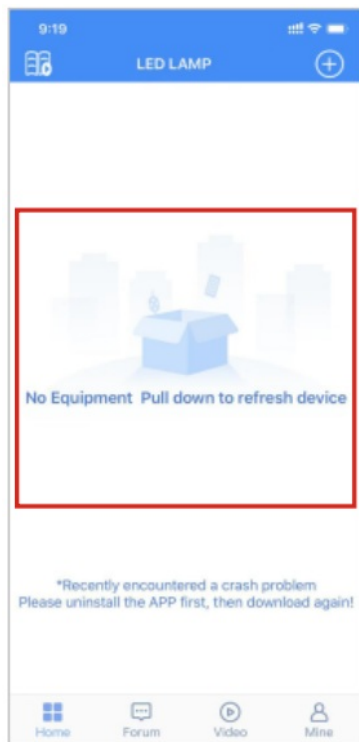

Unable to Connect Troubleshooting

1. Check if the power supply of the light strip is normal.
2. Check if the Bluetooth is turn on.
3. Check if there are other mobile phone are connected, Bluetooth 4.0 only support connections one to many, dose not support many to many.
4. Check APP Bluetooth setting if the phone is connected to the device, if connect, exit the APP and reopen, the APP will go to connect automatically.
5. Normal operations and can not connect, please exit the APP and reopen.
6. Exit APP, restart mobile phone, power on the strip light, reopen the APP, then them will connect automatically.
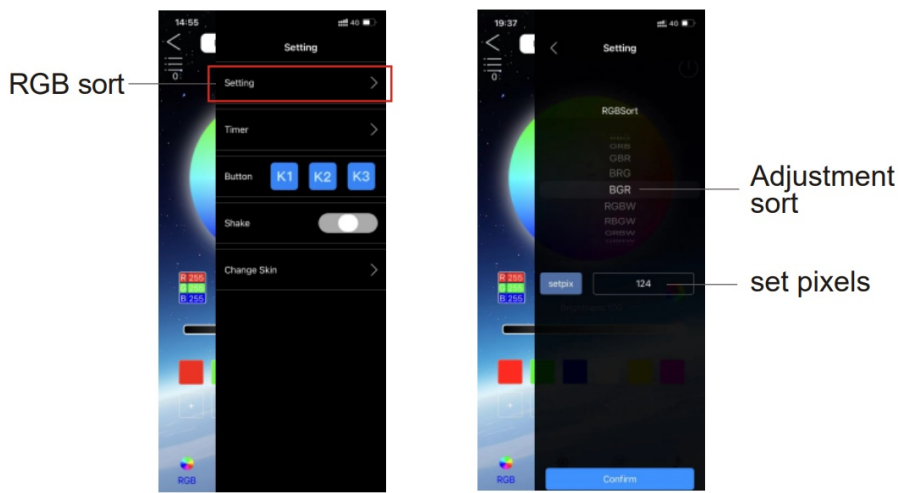

First of all, you need to turn on the Bluetooth function of your mobile phone.
Android phone users, also turn on the location function and allow permissions.

Instructions

On the home page, manually pull down to refresh, the APP will automatically search for nearby devices, and click the **"LED DMX 00-XXXX"** device to enter the lighting control interface.
