LED Lytes LLMR Multi-Colored Flameless Candles

Launch Date: April 29, 2015

Price: \$23.99

Introduction

The LED Lytes LLMR Multi-Colored Flameless Candles are the right mix of safety and atmosphere. They can be used indoors to make any room look better. Because they are made from real wax, these candles have a beautiful round white design and a flickering effect that looks like a real flame, making the room feel warm and welcoming. Each set comes with three candles that are 4", 5", and 6" tall, so they can be used in a variety of ways. The different color flame options let you set the mood, and the handy remote control makes it easy to use, with features like turning the flame on and off and changing the colors. The candles are more useful because they have a timer that lets you set them to go out after 4 or 8 hours. These flameless candles are a thoughtful gift for anyone who wants to add a touch of elegance to their space. They are great for weddings, parties, or just regular decor. They also get rid of fire risks, which makes them safe for kids and pets. With LED Lytes LLMR candles, you can enjoy the beauty of candles without having to worry about the flames.

- **Number of Pieces:** 3
- **UPC:** 700161181272
- **Manufacturer:** LED Lytes

Package Includes

- 3 x Multi-Colored Flameless Candles (various heights)
- 1 x Remote Control
- 1 x User Manual

Features

1. Flameless Design

The LED Lytes flameless candles are designed to provide the ambiance of traditional candles without the associated risks. This makes them safe to use around children and pets, eliminating any fire hazards. You can enjoy the warm glow of candlelight in your home, knowing that there's no risk of an accidental fire.

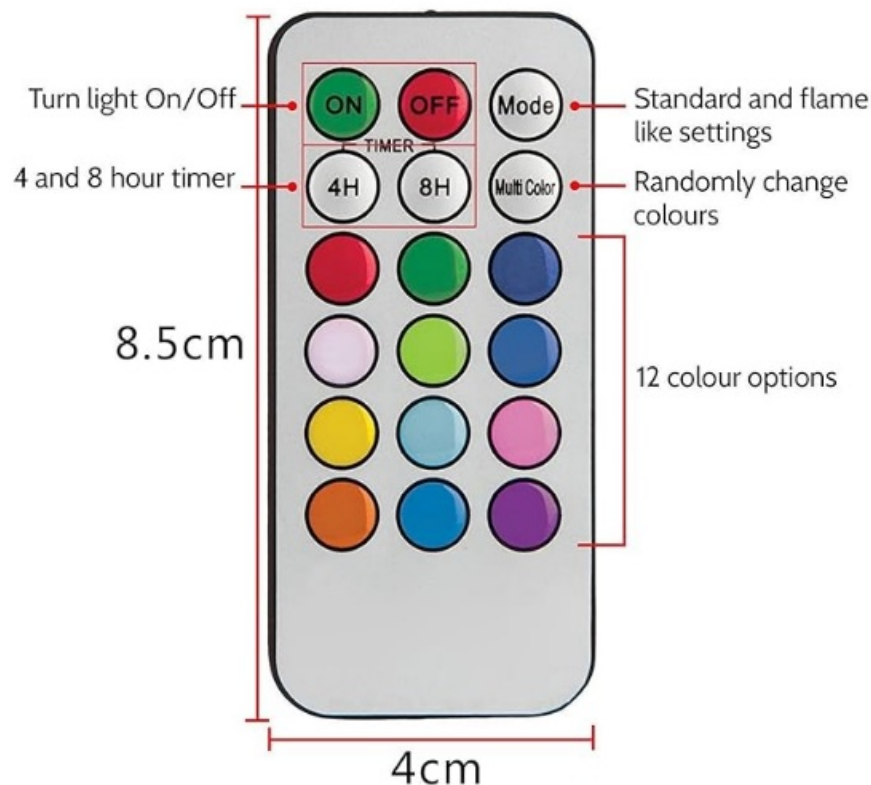

2. Multi-Color Options

These candles offer a vibrant range of colors that can be cycled through or set to a specific hue, enhancing the mood for any occasion. Whether you want a soft, romantic glow or a festive atmosphere, the multi-colored feature adds a unique touch to your decor.

3. Remote Control

The convenience of a remote control allows you to operate the candles from a distance. You can easily turn

them on and off, control the flickering effect, and change colors without having to reach for each individual candle. Additionally, the remote includes a timer function, enabling you to set the candles to turn off automatically after 4 or 8 hours, which is perfect for hassle-free use.

4. Realistic Flicker Effect

Each candle is designed to mimic the natural flicker of a real flame, providing an authentic candle-like experience. This realistic effect contributes to the overall ambiance, making these flameless candles a great alternative for creating a cozy atmosphere.

5. Timer Function

With the built-in timer function, you can set the candles to turn on or off at specific times. This feature is especially useful for those who want to enjoy the flickering glow of candles without having to remember to turn them on or off.

6. Versatile Use

These flameless candles are incredibly versatile and can be used in various settings, including home decor, weddings, parties, and as night lights. Their elegant design makes them suitable for any occasion, whether it's a romantic dinner or a festive gathering.

7. Battery Operated

Being battery-operated, these candles can be placed anywhere without the need for electrical outlets. Each candle requires 3 AAA batteries (not included), ensuring that you can enjoy their beauty without the constraints of cords or plugs.

Additional Highlights

- **Real Wax Construction:** Made from real wax, the candles feature a hand-carved edge that gives them an authentic look and feel.
- **Staggered Heights:** This set includes three candles measuring 3 inches wide and varying heights—4 inches, 5 inches, and 6 inches—adding visual interest to your displays.
- **Gift-Ready:** These flameless candles make a perfect gift for nearly anyone, providing both aesthetic appeal

and practicality for a variety of occasions.

Usage

1. Insert the required batteries into each candle.
2. Use the remote control to turn on the candles.
3. Choose your desired color or flickering mode.
4. Set the timer function if desired, to have the candles turn on or off automatically.
5. Place the candles in your desired location, ensuring they are on a stable surface.

Care and Maintenance

- **Cleaning:** Wipe the surface of the candles with a soft, dry cloth to remove dust. Avoid using water or cleaning products directly on the candles.
- **Battery Replacement:** Replace batteries when the candle's brightness dims or stops working.
- **Storage:** Store candles in a cool, dry place when not in use, and remove batteries if storing for an extended period to prevent leakage.
- **Remote Control:** Keep the remote control in a safe place and replace its batteries as needed.

Troubleshooting

Issue	Possible Cause	Solution
Candles do not turn on	Batteries are dead or not installed	Replace or install 3 AAA batteries in each candle.
Remote control not functioning	Batteries in remote are low	Replace the batteries in the remote control.
Color options not cycling	Remote not synced	Ensure the remote is pointed at the candle and press the color button again.
Timer function not working	Incorrect timer setting	Check the timer settings; set for 4 or 8 hours properly.
Flicker effect is not visible	Candle mode set incorrectly	Ensure the flicker mode is activated using the remote.
Candles overheating or melting	Placed in high-temperature areas	Move the candles to a cooler, dry location.
Light source is dim	Batteries low	Replace the batteries to restore brightness.
Not responding to remote	Out-of-range or obstacles	Ensure there are no obstructions and you are within range.
Base not stable	Uneven surface or misalignment	Adjust the candle placement to ensure a stable position.

Pros and Cons

Pros	Cons
Safe and flameless	Requires batteries
Realistic wax design	May melt in high temperatures
Multi-color options	Remote control sold separately
Timer functionality	Initial setup required
Easy to use	Limited battery life
