LEDEEZ 2AANZPIXE Pixie Line String Lights

PIXIE LINEM STRING LIGHTS

Thank you for purchasing the LEDEEZ™ Pixie Line™ String Lights. Elevate your lighting in your living room, bedroom, or anywhere you want added bright LED colors. Please, read all instructions carefully before using and retain this manual for future reference.

QUICK START

1. Plug-in to an USB Port
2. How to use the USB Controller
3. Download App
4. Add a Device
5. Control your Device with the App

INSTRUCTIONS

1. PLUG-IN TO AN USB PORT

1. Plug the Pixie Line™ String Lights USB plug/controller into a USB Port.

2. HOW TO USE THE USB CONTROLLER

1. Press the control button (1) on the controller to turn ON.
2. When it's ON: Press the control button (1) to change light modes.
3. Hold the control button (1) for 3 seconds to turn off the Pixie Line™ String Lights.

1- Control Button

3. DOWNLOAD THE APP

1. Scan the QR code below or search “PIXIE LINE by LEDeez” in the Apple App Store or Google Play

4. ADD A DEVICE

1. Turn on your phone's Bluetooth.
2. Turn on Pixie Line™ String Lights. It will automatically connect to the app, adding it as a device.

5. CONTROL YOUR DEVICE WITH THE APP

1. After the device has been connected successfully, find the device on the Home page under “Devices” to enter the smart light control panel.

1. **Colorful Mode:** The color of the lights can be adjusted as a whole or by segment. App provides different columns for color selection. The brightness level can also adjusted on the opp. In the segment interface, users can freely smear or erase the color of each segment, and also set the gradient effect.

2. **Scene Mode:** There are Four Build-in scenes: “Life”, “Scenery”. “Festivals”. “Mood”, and click “DIY” or “Collection” to create your favorite light effect

3. **Rythm Mode:** Music and lighting synchronization – Click “Add Music” > Import a music file or import it from the built-in music library.

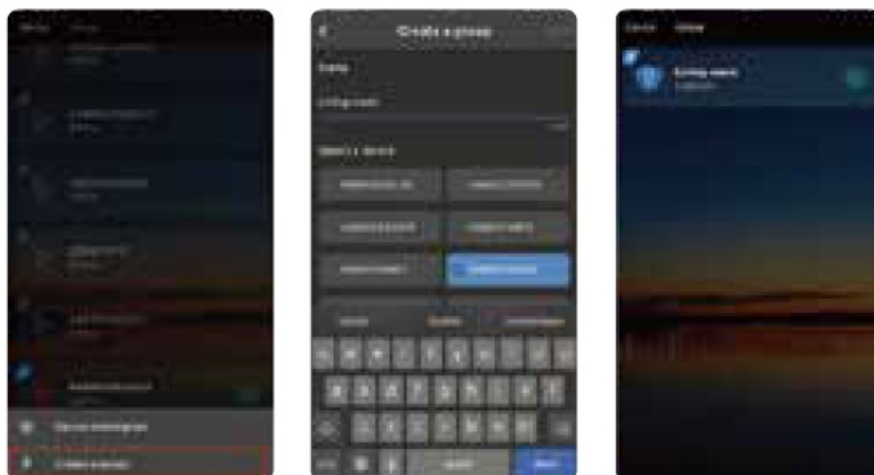

Microphone – The lights’ color will synchronize with the microphone sound. The microphone sensitivity can be adjusted on the APP with the slider tool. There are two ways to input the audio signal on the controller, a built-in APP microphone and an external microphone (for the sound control version).

4. **Schedule Mode:** Create a schedule to automatically turn ON and OFF the Pixie Line™ String Lights, at any given time with the timer function. A schedule can also perform saved colorful and scene mode.

5. **Group Mode:** This mode allows you to create different groups to control more than one device at the same time. On the Home screen, long press on one of the devices to bring up a menu. Select “Create a group”

- **FCC ID:** 2AANZPIXE
- **BT ID:** D063826

FCC Statement

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions
- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- Please note that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- FCC INSTRUCTIONS FOR A CLASS B DIGITAL DEVICE OR PERIPHERAL
- **Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help. DGL Group guarantees the quality of this product.
