Contents

⚠ Safety instructions
This product should be installed in compliance with installation rules, preferably by a qualified electrician. Incorrect installation and/or incorrect use can lead to risk of electric shock or fire. Before carrying out the installation, read

the instructions and take account of the product's specific mounting location. Do not open up, dismantle, alter or modify the device except where specifically required to do so by the instructions. All Legrand products must be opened and repaired exclusively by personnel trained and approved by Legrand. Any unauthorised opening or repair completely cancels all liabilities and the rights to replacement and guarantees. Use only Legrand brand accessories

Characteristics

In default operating mode (on/off), this switch works with the following bulbs :

⚠️ **Do not use a smart bulb** with the connected switch with neutral (with dimmer option).

110-240 VAC 50 /60 Hz + 45° C + 5° C	2 x 2,5 mm		LED		
		☀️	⊟⊘	⊟⊘	⊟⊘
240 VAC	Maxi	150 W	*) 150 VA	150 VA	150 VA
110 VAC	Maxi.	75 W	(*) 75 VA	75 VA	75 VA

or 15 bulbs max. For comfortable lighting, we recommend using bulbs of the same type and make.
Product NOT COMPATIBLE with ferromagnetic transformer Risk of product breaking

In dimmer option operating mode (which can be activated via the App), this switch functions only with dimmable bulbs (identifiable by the logo on packaging)

Tip if replacing a twoway switch :
old flush-mounted switch replaced by the wireless switch.

Use a connector to connect all 3 wires together (travellers 1 and 2 and lamp return wire). Use an other connector for neutral wire.

Before starting : wiring precautions
If you plan to install two-way light switches, read the following precautions : To control a light with two or more switches, only use the following products :
AND
- X1 or many
- X1 or many
- X1 or many

Wireless switches for all control points (not included in this pack)

up to 5 push buttons (not included in this pack)

⚠️ **Do not use:** two connected switches (with dimmer option) to control the same lighting point.
