Instructions

Ellipse By Legxercise is the new revolutionary Legxercise elliptical that keeps your legs in movement while you are sitting, working at your office desk, watching TV etc. It effortlessly keeps your legs moving, anytime, anywhere.

- Up to 165 steps per minute.
- Moves forward and reverse.
- 3 speed levels in each direction.

Speed one: 105 steps per minute
Speed two: 140 steps per minute
Speed three: 165 steps per minute

Assembly Instruction

Step one:

Please take out everything within the Ellipse By Legxercise box, make sure nothing is left inside

Step two:

Secure the main unit and the base together by using the six screws provided within the assembly accessory pack.

IMPORTANT

REQUIRED, THE SCREW MUST BE TIGHTENED WELL AND ALL THE WAY TO THE END.

Step three:

Use the Allen wrench provided within the assembly accessory pack to secure left and right pedals onto the main unit.

ATTENTION: REMOVE THE METAL CLIP BEFORE FINAL TIGHTENING AND MAKE SURE THE WASHERS STAY ALIGNED AS YOU FINISH TIGHTENING.

Operation Instruction

Connect the power adapter provided to your Legxercise elliptical, then plug in the power adapter to a 120V power source.

Place your feet onto the pedals of the Legxercise elliptical, select your desired speed level on the remote control and sit back and relax.

During operation, your Legxercise elliptical will count each rotation of the foot plates, once you reach 9,999 steps, the device will stop automatically. If you wish to continue, just select your desired speed and your Legxercise elliptical will reset to zero and start counting again.

Manual Push Mode:

Unplug the power adapter from the power source, place your feet onto the pedals and push them like a bicycle in the forward direction:

Your Legxercise elliptical will also count your steps during manual push mode operation (forward only), but the step counter display will auto off once you stop riding.

WARNING:

PLEASE KEEP FINGERS AWAY FROM ROTATION MECHANISM AT ALL TIMES. PLEASE UNPLUG IF NOT IN USE.

ELLIPSE BY LEGXERCISE IS DESIGNED FOR SEATED USE. DO NOT STAND ON THE MACHINE, YOU WILL DAMAGE THE ROTATION MECHANISM AND MAY INJURE YOURSELF.
