LEMURBOX Lemur Box Retro Fully Assembled 1.0

Product Specifications

- Product Name: LemurBox STEAM Kit

Product Usage Instructions

Assembly Instructions:

1. The Lemurbox consists of 27 components that can be assembled without the need for glue or nails.
2. Follow the provided instructions to put together the Lemurbox following a friction fit design philosophy.
3. Kids as young as 11 have assembled the device in as little as 6 minutes, showcasing its ease of assembly.
4. Customize and extend the Lemurbox in various ways, adding pediment ornaments for a unique look.

Learning Guide:

1. Learn how to build a diorama box without screws, nails, or glue.
2. Customize the diorama landscape with pediments and ornaments to reflect personal taste.
3. Explore basics of geometric optics and Pepper's Ghost phenomenon.
4. Introduction to the world of 3D computer vision and working with free 3D models online.
5. Convert images and videos into 3D models, and animate them.

Interacting with AI Avatars:

1. Install the required apps on your phone or tablet to talk to and interact with live 3D AI avatars.
2. Learn to edit, customize, and animate pre-existent 3D models using the provided resources.

vinay@hal51.ai

HIGHLY MULTI-DISCIPLINARY!

1. The Lemurbox emerges from a friction fit design philosophy
2. Yes! You do not any need glue or nails to put it together
3. It ships with only 27 intuitively shaped components.
4. We've had kiddos aged 11 who've put the device together in 6 minutes flat and teenagers even less.
5. Can build, dismantle, customize and extend in multiple ways!
6. We've added 'pediment slots' to further add pediment ornaments to give each kid's device a unique look that mirrors their personality, taste and interests
7. Houses an internal diorama chamber that can also be customized based on the theme in the kid's imagination!
