Safety information

The operating temperature range for the product is between 0°C (32°F) and 40°C (104°F).

General battery notice

DANGER Batteries supplied by Lenovo for use with your product have been tested for compatibility and should only be replaced with approved parts. Except the battery specified by Lenovo, a disassembled or modified battery is not covered by the warranty. Battery abuse or mishandling can cause overheating, liquid leakage, or an explosion. To avoid possible injury, do the following:

- Do not open, disassemble, or service any battery.
- Do not crush or puncture the battery.
- Do not short-circuit the battery, or expose it to water or other liquids.
- Keep the battery away from children.

- Keep the battery away from fire.
- Do not leave the battery in an extremely high-temperature environment or an extremely low air pressure environment.
- Stop using the battery if it is damaged, or if you notice any discharge or the build-up of foreign materials on the battery leads. We recommend that the batteries be charged about once every three months to prevent overcharge.
- Do not put the battery in trash that is disposed of in landfills. When disposing of the battery, comply with local laws or regulations.

Built-in rechargeable battery notice

DANGER

- Do not attempt to replace the internal rechargeable lithium batteries.
- Replacement of the battery must be done by a Lenovo-authorized repair facility or technician.
- Only recharge the battery strictly according to instructions included in the product documentation.
- Lenovo-authorized repair facilities or technicians recycle Lenovo batteries according to local laws and regulations.

Compliance information

Industry Canada Compliance Statement CAN ICES-003(B)/NMB-003(B)

United Kingdom (UK) / European Union (EU) Radio Equipment Compliance

Product Name	 Frequency	 Maximum Transmit Power (dBm)
Lenovo Go Wireless Numeric Keypad	Short Range Device - 2.4 GHz	10

UK – Declaration of Conformity
