LERMITY Secure Mounting Bracket Light Installation Guide
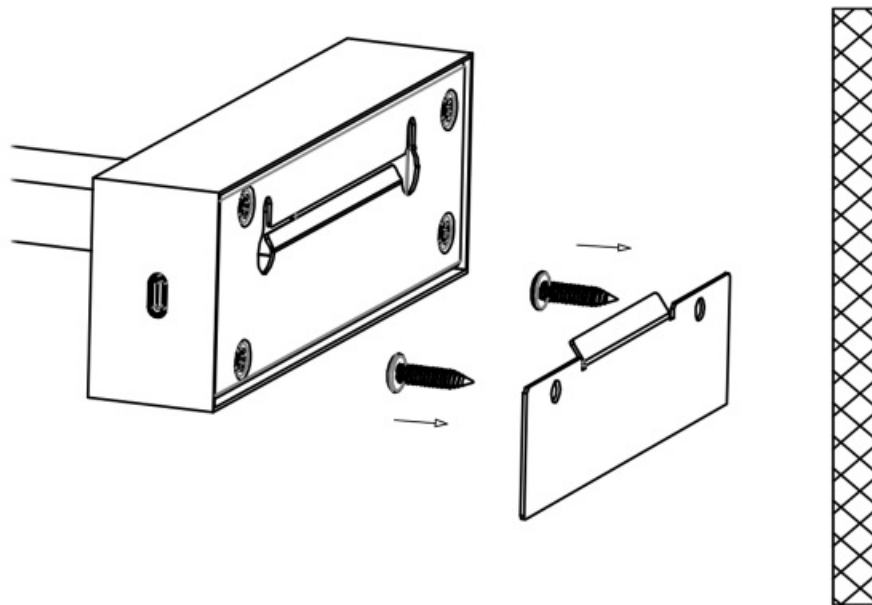

**Contents**

LERMITY Secure Mounting Bracket Light

Installation Instructions

Secure the mounting bracket with a screw kit(package included).

1. Fix the mounting bracket on the wall with the screws.

2. Fix the light on the bracket.

NOTE:

- Remove the fixture from its original package.
- Prepare everything in a clear area.
- Please check whether the product can work normally with the remote before you start assembly.
- Read the instructions carefully before you start assembly.
- Please check if the red indicator light is on when charging.
- It's recommended to use the 5VI2A charger to avoid long charging time.
- Please charge the picture light with a 5V charger for 4 hours before use.
- Keep this installation sheet for future reference.

Package list

- Picture Light x1, Mounting Bracket x1, Screw Kit x2, Type-C USB Cable x1, Remote x1.
