**LEVITON BK00-CSW Smart Ceiling Mounted Room Controllers and Sensors**

## Specifications

- **Electrical:** CR2025 x2, 3 V
- **Batteries:** Wireless Companion Switch and Dimmer
- **Wireless Network Range:** 2.4GHz, 50 ft
- **Environmental:**
  - **Operating Temperature:** N/A
  - **Storage Temperature:** N/A
  - **Relative Humidity:** N/A
- **Physical:**
  - **Color:** White
  - **Other:** IP20
- **IP Rating:** IP20
- **Listing:** UL 1472, CSA C22.2 No. 184.1-15, FCC Part 15, Class B
- **Warranty:** Limited 5-Year Warranty

## Product Usage Instructions

## Installation

This Wireless Companion Switch and Dimmer can be installed in two ways:

1. **Wallbox Mount:** Install the switch/dimmer inside a wall box.
2. **Wall Surface Mount:** Mount the switch/dimmer on a wall surface.

**Note:** These devices do not connect directly to the load or lights. Control of the load or lights is through the Leviton Smart Ceiling Mount Room Controller or Sensor, which are line voltage devices (sold separately).

## Wireless Companion Switch and Dimmer

SBK00-CSW

SBK00-CDW

## Description

The Wireless Companion Switch and Dimmer pairs wirelessly with the Smart Ceiling Mount Room Controller (SRC) and Smart Ceiling Mount Sensor (CMS) to provide a simple-to-install solution for wireless manual lighting control. The Wireless Companion Switch and Dimmer can be mounted directly on wall surfaces or at an existing single or multi-gang wallbox, no wiring is required. The Wireless Companion Switch and Dimmer are the perfect solution for locations where a wall box may not be located or locations where there is no wiring present.

## Applications

The Wireless Companion Switch and Dimmer work in conjunction with the SRC and CMS which offer occupancy/vacancy sensing, dimming (SRC only), and daylight harvesting capabilities.

- The SBK00-CSW is a rocker switch that provides ON/OFF control
- The SBK00-CDW is a rocker dimmer that provides ON/OFF control with a dimming bar for dimming control

## Features

- Provides wireless switching or dimming control for Smart Ceiling Mount Room Controllers and Smart Ceiling Mount Sensors
- Place in any location near SRC or CMS
- 50 ft wireless RF range
- Mounts directly to wall surface or installs at existing wall box (single and multi-gang) or where wiring may not be present
- Easy to pair to SRC and CMS using Leviton's Smart Sensor App
- Multiple control options including primary load, secondary load (if applicable), and 3-way (if applicable)
- Use with standard Decora wallplates (single and multi-gang)
- Replaceable CR2025 batteries, with an estimated 5-year battery life
- Easy battery replacement – no need to remove the device from the wall or wall box
- Designer styling complements any interior for sleek aesthetics

**NOTE:** These devices do not connect directly to the load or lights. Control of the load or lights is through the Leviton Smart Ceiling Mount Room Controller or Sensor, which are line voltage devices (sold separately).
