LIGHT IT!

LIGHT IT! By Fulcrum 24411-101 Touch Lantern

Launch Date: September 14, 2023

Price: \$26.98

Introduction

The sleek LIGHT IT! by Fulcrum 24411-101 Touch Lantern is a small light that's great for everyday use, outdoor activities, and emergencies. This light is convenient and useful because it can be used in many ways and has LED technology that uses little energy. Its Smart Dimmer™ lets you change the brightness to fit your needs, whether you're camping, reading, or in case of an emergency. This lamp is made of strong ABS plastic and is meant to be used outside. It gives off up to 200 lumens of bright, glare-free light. It's easy to use and can be used in RVs, boats, or tents to bring light wherever it's needed. It's easy to take and store because it's not heavy. The LIGHT IT! by Fulcrum 24411-101 lantern makes sure you always have reliable, flexible lighting, whether you're eating outside or getting ready for an emergency. An easy, stylish, and useful way to meet a range of lighting needs.

- **Part Number:** 24411-101
- **Item Weight:** 7 ounces
- **Product Dimensions:** 8 x 3.75 x 3.75 inches
- **Country of Origin:** China
- **Item Model Number:** 24411-101

- **Batteries:** 3 C batteries required (not included)
- **Is Discontinued By Manufacturer:** No

Assembled Dimensions:

- **Assembled Height:** 3.75 inches
- **Assembled Length:** 8 inches
- **Assembled Width:** 3.75 inches

Additional Information:

- **Item Package Quantity:** 1
- **Style:** Lanterna Touch 1pck Silver
- **Color:** Silver
- **Material:** ABS Plastic
- **Finish Types:** Silver
- **Number of Lights:** 200
- **Included Components:** Lamp
- **Voltage:** 4.5 Volts
- **Special Features:** Smart Dimmer
- **Shade Color:** White
- **Shade Material:** Acrylonitrile Butadiene Styrene (ABS)
- **Power Source:** Battery-powered
- **Switch Style:** Touch control
- **Switch Installation Type:** Tabletop mount
- **Batteries Included?:** No
- **Batteries Required?:** Yes
- **Type of Bulb:** LED
- **Luminous Flux:** 200 Lumen
- **Wattage:** 2 watts
- **Color Temperature:** 6000 Kelvin
- **Color Rendering Index (CRI):** 80

Package Includes

- 1 x LIGHT IT! by Fulcrum 24411-101 Touch Lantern
- User Manual
- Batteries are **not** included (requires 4 AA batteries)

Features

- **Touch-Activated Lighting:** The **LIGHT IT! by Fulcrum 24411-101 Touch Lantern** features a touch-sensitive top that allows you to activate the light with a simple tap. This hands-free operation is perfect for situations when you're in low visibility or when your hands are busy or full, such as during camping, emergencies, or when

you need to light up a room quickly.

- **Energy-Efficient LED:** The lantern is equipped with 12 energy-efficient **LED bulbs** that provide bright and clear illumination while consuming minimal power. This ensures that the light lasts longer without draining your battery, making it a perfect option for extended use.
- **Multiple Brightness Settings:** The lantern comes with a **Smart Dimmer™** function, allowing you to adjust the light intensity according to your needs. Whether you need maximum brightness to illuminate a campsite or a softer glow for indoor relaxation or reading, you can set the ideal level of light. It even remembers your preferred light level for future use.
- **Portable and Lightweight:** Weighing just over 1 lb, this lantern is designed to be ultra-portable. Its lightweight nature makes it easy to carry in your bag or camping gear. Whether you're hiking, heading to the beach, or setting up a campsite, this lantern offers a convenient lighting solution.
- **Durable Construction:** Made with a **durable ABS body**, the lantern is built to withstand tough conditions, whether outdoors or during unexpected situations. Its design ensures that it can endure frequent handling and bumps, providing long-term reliability.
- **Easy to Use:** With its intuitive touch interface, the lantern is extremely user-friendly, making it suitable for people of all ages. There are no complicated buttons—just touch the top to turn it on or off.
- **One-Touch Operation:** This lantern features a **one-touch operation**. With a single tap on the lamp's top, it turns on or off effortlessly. This easy-to-use design ensures convenience, especially in situations where you need instant lighting.
- **On-the-Go Lighting:** This lantern is ideal for portable lighting, especially for outdoor activities like camping, RV trips, boating, or even in tents. It gives you instant, adjustable illumination without needing an electrical outlet, making it perfect for off-grid locations.
- **200 Lumen LED Bulb:** The **200 lumen** LED provides ultra-bright, energy-efficient light. It is ideal for tasks such as reading, cooking, or illuminating a campsite. This energy-efficient LED never needs replacing and offers reliable brightness for various activities.
- **Ultra-Bright LED Light:** The **LED floodlight technology** ensures that the lantern provides a wide, glare-free beam of light. This ultra-bright light allows for ample illumination without straining your eyes, perfect for reading or providing ambient light for your campsite or outdoor gatherings.
- **Battery Operated:** This **battery-powered** lantern requires 3 C batteries (not included). The battery-operated design offers ultimate portability, allowing you to take the lantern anywhere and use it for hours without needing to plug it into an outlet. It's perfect for power outages, outdoor adventures, and emergencies.

Usage

- **Outdoor Adventures:** Ideal for camping, hiking, or any outdoor activity where portable lighting is needed.
- **Emergency Lighting:** Keep it in your emergency kit for power outages or other situations requiring reliable lighting.
- **Home Use:** Great for providing light in rooms or spaces with limited access to traditional lighting sources.
- **Reading or Crafting:** The adjustable brightness makes it perfect for close-up tasks.

Care and Maintenance

- **Cleaning:** Use a soft, damp cloth to wipe the exterior of the lantern. Avoid using harsh chemicals or abrasive materials that could damage the surface.
- **Battery Replacement:** Replace the batteries when the light dims or stops working. Be sure to dispose of used batteries properly according to local regulations.
- **Storage:** Store the lantern in a cool, dry place when not in use, especially if you plan to store it for an extended period.
- **Battery Safety:** Always remove the batteries if the lantern will not be used for a long time to prevent leakage or corrosion.

Troubleshooting

Problem	Solution
Lantern does not turn on.	Check if the batteries are installed correctly and are not drained. Replace the batteries if necessary.
Light flickers intermittently.	Ensure the batteries are correctly installed and not weak. Try replacing them.
Lantern does not adjust brightness.	Ensure the Smart Dimmer™ function is activated by pressing and holding the lamp top. If it still doesn't adjust, check the battery level.
Lantern does not respond to touch.	Clean the top of the lantern to remove any dirt or debris that may affect the touch sensitivity.
Light is too dim.	Check the battery power and replace them if necessary. Ensure the Smart Dimmer™ is set to your desired brightness.
The lantern is too bright.	Use the Smart Dimmer™ to adjust the brightness by holding the top of the lamp until it reaches your preferred level.
Lantern emits a buzzing noise.	Ensure there is no interference with the lantern. If the noise persists, check for any damage to the lamp or bulb.
Lantern is not turning off.	Touch the top of the lantern again to turn it off. If it doesn't work, check the battery contacts for any obstruction.
Light does not last long.	Replace the batteries with fresh, high-quality ones to ensure longer light duration.
Lamp top is unresponsive.	Clean the touch sensor area. If it remains unresponsive, try resetting by removing and reinserting the batteries.
Lantern is not stable on surfaces.	Ensure the base of the lantern is on a flat, level surface. The compact design is stable but might shift on uneven ground.
LED bulbs are not lighting up.	Inspect the LED bulbs for any damage. If damaged, the lamp may need replacement.
The light is not consistent.	Make sure the battery contacts are clean and free of corrosion. Replace batteries if necessary.
Lantern doesn't work in extreme temperatures.	Avoid using the lantern in very cold or hot environments, as extreme temperatures can affect performance.
LIGHT IT! by Fulcrum 24411-101 will not turn on after being stored for a long time.	Replace the batteries if the lantern has been stored for an extended period without use.

Pros and Cons

Pros	Cons
Easy touch activation	Requires three “C” batteries (not included)
Lightweight and portable	Limited brightness compared to traditional lamps
Energy-efficient LED lights	Not waterproof; avoid outdoor exposure to rain
