FREQUENTLY ASKED QUESTIONS

What is the height of the LIGHTSHARE BHS4FT 4-Feet Lighted Birch Tree?

The LIGHTSHARE BHS4FT birch tree stands 4 feet tall (48 inches), making it an ideal decorative accent for both indoor and outdoor settings.

How many LED lights are on the LIGHTSHARE BHS4FT 4-Feet Birch Tree?

This model includes 48 warm white LED lights distributed across its realistic, bendable branches.

How many times can each branch be bent ?

Please do not bend each branch more than 5 times as high-frequency bend will loose the connection between branches and also affect the appearance. If there is a loose, you are advised to bind it with an electrical tape in similar color of branches.

If one of lights doesn't work, will it affect the run of the others ?

The others will not be affected and could work normally.

Is the power supply safe for running ?

The voltage output of the power adapter is 24V. This product runs steadily and safely under the correct voltage.

Is the LIGHTSHARE BHS4FT 4-Foot Lighted Birch Tree suitable for outdoor use?

Absolutely. The LIGHTSHARE BHS4FT comes with an IP44 rainproof 24V adaptor, making it safe for both indoor and outdoor use.

What type of power supply does the LIGHTSHARE BHS4FT Birch Tree use?

It uses a 24V UL-listed low-voltage adapter for safety and energy efficiency.
