Lightzz FS-XX001-9999 3d Gamepad Night Light

INTRODUCTION

With its distinctive 3D visual impact, the Lightzz FS-XX001-9999 3D Gamepad Night Light adds a playful and creative touch to home décor, making it an essential item for gamers. Lightzz, a company renowned for its innovative lighting solutions, created this lamp, which was introduced in February 2021 at a reasonable price of **\$16.90**. With its gamepad-like form, the lamp creates a stunning 3D optical illusion that enlivens any place, particularly a child's bedroom or gaming area. It is multipurpose and simple to set up, and it can be powered by either USB or three AA batteries. With its touch capabilities and remote control, users may modify the lamp's 16 vivid colors and brightness to suit their preferences. With its gentle, consistent, and non-flickering light, this kid-safe lamp is the ideal birthday, Christmas, or festival present for any gamer.

FEATURES

- **3D Illusion:** An amazing 3D illusion is produced by a creative 3D visual effect that uses an optical acrylic light guiding plate engraved with a gamepad pattern.
- **16 Color Selections:** Allows you to personalize the lighting experience with 16 color selections that flash and change modes.

- **Control Options:** Controlled with a remote control for convenience or a smart touch button on the lamp base.
- **Brightness Levels:** Brightness levels that can be changed to accommodate different surroundings and emotions.
- **Power Supply:** There are two options for power supply: a USB port that may be powered by any USB source or three AA batteries (not provided) for portability.

- **Energy-Efficient:** Energy-efficient LED light that uses only 2.5 watts of power.
- **Small Design:** Small tabletop design ideal for gaming sets, children's rooms, or as a beautiful night light.
- **Non-Toxic Materials:** Crafted from non-toxic, environmentally friendly acrylic materials that are safe for kids.
- **Eye Protection:** Soft, consistent, flicker-free light that offers comfortable illumination and eye protection.
- **Complete Package:** Comes with a remote control, acrylic panel, USB cord, LED base, and user handbook.
- **Portable and Lightweight:** It is portable and lightweight (around 0.27 kg), making it easy to place or transport.
- **Ideal Gift:** Ideal birthday, festival, or holiday present for gamers, children, teens, and gaming aficionados.
- **Indoor Use:** Only intended for indoor usage; not weatherproof.
- **Remote Control Features:** With its color, brightness, and timer options, the remote control is simple to use.

- **Timer Function:** A timer feature enables automated shutoff for convenience and energy conservation.

SETUP GUIDE

- **Carefully:** unpack the lamp, USB cable, remote control, and acrylic panel.
- To guarantee clarity, remove the protective films from the acrylic panel's two sides.
- Slide the acrylic panel firmly into the LED base's slot.
- **Select a power:** source by either inserting three AA batteries into the base (batteries not included) or connecting the USB cord to a computer, power bank, or power converter.
- Set the lamp down on a level, sturdy surface, like a desk or bedside table.
- Either use the remote control or press the button on the base to turn on the lamp.
- **To switch between:** 16 colours and turn on flashing or colour-changing modes, use

the remote control.

- **Using the touch control:** or the remote, change the brightness levels to your preferred level.
- Using a remote control, set a timer to turn off the lamp automatically after a predetermined amount of time.
- To guarantee correct execution, test every remote function.
- **Place the lamp:** so that the 3D illusion stands out the most, preferably against a plain background.
- Keep the lamp away from sources of moisture and direct sunshine.
- To prevent loss, keep the remote control in a secure location.
- **Make sure the batteries:** are polarised correctly and replace them when they start to dim.
- Keep young children away from the lamp to avoid unintentional injury.

CARE & MAINTENANCE

- To get rid of dust and fingerprints, wipe the acrylic panel frequently with a gentle, dry microfiber cloth.
- **To avoid scratches:** keep the acrylic panel away from water, glass cleaners, and abrasive objects.
- To prevent electrical risks, keep the lamp away from liquids and damp areas.
- If the light won't be used for a long time, take the batteries out to stop leaks.
- To keep the remote and brightness working, check and replace the batteries as necessary.
- **To prevent damage:** only use the USB cable that comes with it or an appropriate substitute.
- To avoid cracks or damage to the acrylic panel, do not knock or drop the lamp.
- When not in use, keep the lamp somewhere dry and cool.
- **Never try:** to disassemble or alter the lamp's parts.
- To avoid the acrylic panel yellowing or warping, keep the lamp out of direct sunlight.
- To preserve clarity, clean the acrylic panel using soft circular strokes.
- Periodically check the USB cable for wear or damage, and replace it if needed.
- To keep the 3D look, make sure the acrylic panel is always inserted appropriately.
- **Verify the USB:** power supply and cable connections if the lamp flickers or dims.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lamp not turning on	USB cable or batteries not connected	Check and ensure both are properly connected or insert fresh batteries
Light flickering	Loose connection or damaged cable	Secure the cable or replace it with a new one if necessary
No color change	Remote control not synced	Replace the remote's battery or try repairing with the lamp

Issue	Possible Cause	Solution
Dim light output	Low brightness setting	Adjust the brightness using the touch button or remote control
Lamp not responding to remote	Remote out of battery or signal obstruction	Replace remote battery or ensure clear line of sight
Power issues	Faulty USB cable or battery power	Test with a different USB cable or fresh batteries
Acrylic sheet scratched	Mishandling during cleaning	Gently clean with a soft microfiber cloth to avoid scratches
Colors not showing correctly	Wrong remote setting	Reset the lamp settings and select the desired color
No power from USB	Incorrect USB port or low voltage	Plug into a different USB port or use a proper voltage source
Lamp shuts off suddenly	Timer function activated	Turn off the timer feature or manually restart the lamp

PROS & CONS

Pros:

- Stunning 3D gamepad visual effect that catches attention
- Offers 16 color options and brightness adjustments
- Remote and touch control for easy customization
- Dual power options USB or batteries for convenience
- Safe, eco-friendly materials with soft, non-flickering light

Cons:

- Requires batteries for portability (not included)
- Not waterproof, only for indoor use

- Acrylic sheet may get scratched if mishandled
- No built-in timer function, requires manual shut-off
- Limited to tabletop mounting, no wall-mount option

WARRANTY

The Lightzz FS-XMX001-9999 3D Gamepad Night Light comes with a **12-month warranty** to ensure customer satisfaction. This warranty covers any manufacturing defects, allowing for free replacements or repairs if the lamp stops functioning as expected. Please note that damages resulting from misuse or external factors are not covered. Customer support is readily available for any warranty inquiries.

FREQUENTLY ASKED QUESTIONS

What is the Lightzz FS-XMX001-9999 3D Gamepad Night Light used for?

The Lightzz FS-XMX001-9999 is a 3D Gamepad Night Light designed to create a fun and interactive atmosphere. It's perfect for kids' rooms, gaming setups, or as a decorative piece with its unique 3D visual effect.

How does the 3D illusion effect of the Lightzz FS-XMX001-9999 work?

The Lightzz FS-XMX001-9999 uses an acrylic light guide plate that has been engraved with 2D graphics. When lit, it creates a stunning optical illusion that looks like a 3D gamepad, giving a creative visual impact to any room.

What are the power options for the Lightzz FS-XMX001-9999?

The Lightzz FS-XMX001-9999 can be powered either via a USB cable (compatible with most USB power ports) or 3 AA batteries (not included), providing flexibility depending on your location or preference.

What size is the Lightzz FS-XMX001-9999?

The Lightzz FS-XX001-9999 has dimensions of 1 inch depth x 8 inches width x 6 inches height, making it compact enough to fit easily on tables, desks, or nightstands.

Why is my Lightzz FS-XX001-9999 not changing colors?

Ensure the remote control is working and the batteries are installed properly. If you are using the USB cable, check the connection to ensure the light is receiving power. You may also need to reset the lamp by turning it off and on again.

What should I do if the Lightzz FS-XX001-9999 light is flickering?

Check the power supply to make sure the lamp is connected to a stable source. If you're using batteries, consider replacing them. If the problem persists, inspect the USB cable for any damage.

What's included with the Lightzz FS-XX001-9999 lamp?

The package includes the LED base, acrylic sheet, USB cable, remote control, and a user manual for easy setup and use.
