Product Instructions

Operation steps

Bilateral use: Open the top cover of the charging box and press the multi-function key of the charging box to turn on.

Take out the headphones. The headphones automatically turn on the headphone indicator lights flashing alternately red and blue in the main ear and blue in the secondary ear once in 5 seconds.

Headphone pairing with mobile phone: The red and blue alternating flashing in the headphone's main ear indicates that it needs to be paired with Bluetooth. Open the mobile phone settings – Open Bluetooth – Search the Bluetooth name “AP01” and click on the mobile phone connection.

Steps for switching on and off of charger earphone

Earphone: Long press multi-function key for 3 seconds to turn on the blue light flash, long press multi function key for 4 seconds to turn off the red light, put the headphone into the charging bin to turn off automatically, and turn off automatically for 3 minutes when the headphone is disconnected.

Charging bin: press the multi-function key to turn on, the green light is always on, press the multi-function key to

turn off and the green light is off.

Charging indication

When the charging bin is charged, the red light is always on and the indicator lights go out when it is full.

When the charging bin charges the headphones, the green light in the charging bin is always on, and the red light in the headphones is always on.

After filling, the charging bin and headphone indicator lights are out.

Product Schematic Diagram
