Linkstyle H2A9090 TOCABOT Smart Switch Bot Button Pusher

Specifications:

- Product Name: Tocabot Smart Switch Button Pusher
- Includes: 1 x Tocabot Smart Switch Button Pusher, 1 x Long Straight Arm, 1 x Short Straight Arm, 1 x Ring Arm, 6 x Mounting Adhesive
- Smart Functions: Replaceable Arm, LED Indicator, Charging Port, ON/OFF Switch
- Compatibility: Linkstyle App (available on Apple App Store and Google Play Store)

Product Usage Instructions

Install the Linkstyle App:

1. Scan the QR code or search for Linkstyle on the Apple App Store or Google Play Store to download the app.
2. Register a new account on the app if you do not have one.

Add the Device to App – Bluetooth:

1. Charge the device with a USB-C cable for 2 hours before adding it to the Linkstyle app.
2. Ensure the device is in setup mode (flashing blue LED indicator).
3. Log into the Linkstyle app and navigate to the Devices page.
4. Tap the + button, then tap Add Device.
5. Follow on-screen instructions to complete setup.

FAQ:

Q: How do I know if the device is in setup mode?
A: The device is in setup mode when the LED indicator is flashing blue. If not in setup mode, toggle the ON/OFF switch until the LED flashes purple.

Q: What should I do if the device is not automatically detected by the app?
A: Tap the [–] button in the top right corner of the app and scan the provided QR code to facilitate the detection process.
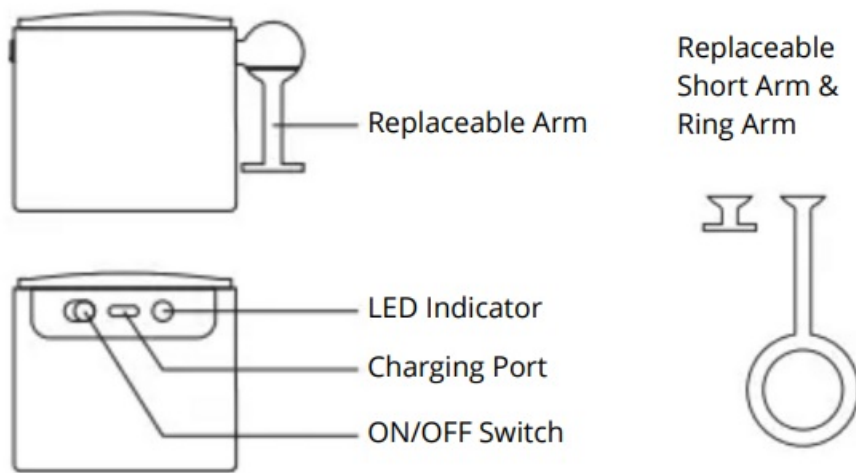

Q: How can I connect the Tocabot button pusher to the app via Bluetooth?
A: Follow the steps under "Add the device to app – Bluetooth" section in the user manual.

Smart Functions

Install the Linkstyle app
Scan the QR code below to download and install the Linkstyle app. Register a new account on the app if you do not have one.

Alternatively, you can also search for "Linkstyle" on the Apple App Store or Google Play Store to find the app.

Add the device to app – Bluetooth

1. Charge the device with a USB-C cable for 2 hours before adding it to the Linkstyle app.
2. Make sure the device is in setup mode, indicated by a flashing blue LED indicator.
   - If the device is not in setup mode, turn the device on-off-on-off-on by toggling the ON/OFF switch until the LED indicator flashes purple
3. Log into the Linkstyle app and go to the Devices page.
4. Tap the "+" button, then tap "Add Device"
5. The app will automatically scan for new devices to add.
6. Once the device is discovered, an icon will appear to represent the Tocabot device.
7. Tap on the Tocabot device icon and follow the onscreen instructions to complete setup.

If the device is not automatically detected, tap the [–] button in the top right corner and scan this QR code to facilitate the process.

Add the device to app – Wi-Fi

1. Set up a Nexohub Multi-Mode Gateway to connect this device to a Wi-Fi network.
2. Charge the device with a USB-C cable for 2 hours before adding it to the Linkstyle app.
3. Log into the Linkstyle app and go to the Devices page.
4. Tap the Nexohub Gateway in the app.
5. Make sure the "Bluetooth devices list" tab is selected.
6. Tap the "Add devices" button.
7. If the Tocabot button pusher is already connected to the app via Bluetooth:
    1. tap "Associate Bluetooth devices"
    2. select the corresponding Tocabot device from the device list
    3. tap "Confirm"
8. If the Tocabot button pusher has not yet been connected to the app:
    1. tap "Add new devices"
    2. Make sure the device is in setup mode, indicated by a flashing blue LED indicator.
        - If the device is not in setup mode, turn the device on-off-on-off-on by toggling the ON/OFF switch until the LED indicator flashes purple
    3. follow the on-screen instructions to complete setup
