## Overview

## Notes

1. Only one hub is included, power adapters, SD/TF memory cards, cables or other accessories are not included.
2. The up to 100W charging speed can only be achieved when used with a 100W rated USB-C PD cable in combination with a 100W Type-C PD Power Adapter.
3. The USB Super Speed Ports of this product supports Max. 5V 900mAh total charging output.
4. For more stable connection when using high-power devices, connect a PD Power Adaptor to the USB-C PD port.
5. The USB-C PD port of this product is only for charging USB-C laptops whose USB-C Port supports USB Power Delivery (PD). The USB-C PD Port of this product does not support data transfer.
6. The USB-C Super Speed port of this product is only for data transfer. The USB-C SuperSpeed port of this product does not support charging.
7. A 4K capable display and a 4K capable HDMI cable are required to achieve 3840 x 2160 resolution.
8. HDMI 1.4 cables only support 30Hz, HDMI 2.0 cables support 4K up to 60Hz.
9. 4K 60Hz Compatibility requires a DP 1.4 compatible type-C port on your device.

## How to Use

Plug the USB-C connector of the Hub into the USB-C port on your USB-C laptop.

1. USB-C Power Delivery: Charge your laptop by plugging the USB-C Charger to the Multiport Hub USB-C Female Power Delivery (PD) port.
2. HDMI Output: Connect to your UHDTV or projector with an HDMI 2.0 cable via the HDMI output port and watch videos from your USB-C laptop on your TV or other HDMI-enabled devices.
3. USB-C Super Speed: Connect your smartphone, tablet, hard drive or other USB-C peripherals via the USB-C 3.2 Port and transfer data between your computer and connected device.
4. USB-A SuperSpeed: Connect your smartphone, tablet, mouse, keyboard, hard drive or other USB peripherals via the USB-A 3.2 ports and transfer data between your computer and connected device.

## Troubleshooting

if you experience any issues or have any questions regarding the hub, please visit the support and FAQ page on our website for the most up-to-date information.
